Tomando en consideración lo anterior el total de votos de la totalidad de los miembros de la Federación Internacional de Polo al día de la fecha ascienden a 23.630. Se encuentran presentes los miembros antes individualizados que representan un total de 21.045 votos lo que significa un porcentaje de asistencia a esta Asamblea virtual del 89%. Se encuentra presente también en este acto el Esc. Hernán Montaña Benítez quien corrobora los miembros asistentes a la Asamblea y las correspondientes autorizaciones por parte de cada miembro a su representante para asistir a la misma.

2. Bienvenida. Sr. Horacio Areco – Presidente

Estimadas asociaciones nacionales de Polo, Presidentes, secretarios generales, estimados amigos. Bienvenidos en el nombre del comité ejecutivo y el consejo de administración. Me gustaría agradecerles por su apoyo a la Federación, por unirse a nosotros desde todo el mundo y para muchos de ustedes a horas poco convenientes.

3. Reporte del Presidente

Me gustaría agradecer a todo el equipo del Comité Ejecutivo por su invaluable experiencia, apoyo y orientación durante este año difícil. Gracias a su paciencia y voluntad, hemos podido realizar una serie de encuentros virtuales a lo largo del año, que han sido muy productivos y útiles.

Me gustaría felicitarlos a todos por sus incansables esfuerzos para que el polo siga avanzando en este momento. Me ha impresionado mucho la forma responsable y profesional en la que la competición internacional ha vuelto donde es seguro hacerlo.

Realmente me gustaría darles la bienvenida a todos en persona en Buenos Aires para esta importante reunión, pero reconocemos que realizar esta reunión en un formato totalmente virtual es la mejor solución dadas las circunstancias actuales.

Aunque creo que este encuentro será muy productivo e informativo, también creo que no es lo mismo que estar todos juntos en persona, donde podemos intercambiar y compartir experiencias "tête à tête".

Todos sabemos que esas son las ocasiones en las que se construyen valiosas relaciones de amistad y camaradería, lo que generalmente trae grandes beneficios para el deporte en los años siguientes.

Hemos tenido que reprogramar todos nuestros eventos para los próximos dos años: el Campeonato de Europa Femenino y Masculino, la primera Copa Femenina de Tri Nations de alto handi-cap, la Primera Copa Mundial Femenina, la Copa Mundial Masculina, la primera Clínica Juvenil FIP en Barcelona.

Estoy muy agradecido a todos los anfitriones por mantener su compromiso de llevarlos a cabo.

Las Copas Ambassador para 2020, excepto la que se jugó en Palm Beach en febrero, tuvieron que ser canceladas, pero ya tenemos cuatro propuestas para el próximo año para Roma, Paraguay, Brasil y Argentina.

Ha sido impresionante cómo nuestros miembros han podido producir Programas de Polo Juvenil en todo el mundo durante este año pandémico.

Estos programas tienen como objetivo el desarrollo y crecimiento del polo entre niños y jóvenes.

Durante 2020, la FIP ha respaldado y apoyado financieramente programas en Malasia, Australia, Uruguay, Nueva Zelanda, Argentina, Suiza, Alemania, Países Bajos y España.

Hemos recibido una mención positiva del COI debido a esto, por lo que todos deberían estar muy orgullosos de este logro.

Como veremos, aunque no hemos recibido dineros de algunos de nuestros patrocinadores y todos nuestros torneos se han pospuesto, por lo que tampoco hemos recibido ingresos de ese lado, pudimos terminar este año con un pequeño superávit operativo.

Quiero hacer una mención especial y agradecer a nuestro Patrocinador USPA Global por su apoyo y renovación de nuestra asociación hasta diciembre de 2022.

Otra tarea importante ha sido la preparación de las normas antidopaje revisadas que entrarán en vigor el 1 de enero de 2021. La FIP ha trabajado con WADA (la Agencia Mundial Antidopaje) y recibimos su aprobación final la semana pasada.

Continuamos trabajando con nuestras asociaciones, mejorando la comunicación con ellas, así como con otros miembros y simpatizantes. La Revista FIP ha sido un paso importante en esa dirección y estamos muy satisfechos con los resultados obtenidos.

También continuamos trabajando con FISE (la Federación Italiana de Deportes Ecuestres) con respecto a que el polo sea parte de los Juegos Olímpicos de Invierno Cortina 2026.

Estamos en proceso de finalizar la reestructuración administrativa de la FIP que iniciamos hace más de un año y esto nos permitirá utilizar mejor nuestros recursos, de manera más eficiente y económica.

Revisaremos todo esto en detalle durante esta Asamblea General.

Todo los miembros recibieron con la suficiente antelación los documentos de trabajo a ser, así como las instrucciones detalladas para la votación..

Comenzaremos a considerar todos aquellos temas que necesitan ser votados y luego pasaremos a los diferentes informes de actividades que hemos tenido, así como a los que vendrán en el futuro.

4. Informe financiero y actualización

Miembros degradados	-	-49.585	Ver nota *1
Ajuste auditoria	-	-8.000	Ver nota *2

* 1 Miembros que han sido degradados de pleno al estado correspondiente por la CE de acuerdo con nuestros estatutos (Hungría, Jamaica, República D., Turquía, Qatar, Polonia, Luxemburgo, Liechtenstein, Hong Kong, Bélgica y Japón). Estos últimos 3 fueron degradados y una nueva Asociación Nacional diferente se convirtió en miembro de pleno derecho de la FIP.

* 2 Ajuste de auditoría por conciliaciones de cuentas correspondientes a años anteriores (Chile y Uruguay por facturación incorrecta)

El Sr. Taylor explicó que, aunque la Pandemia ha impactado nuestro Balance, la FIP ha podido mantener un superávit operativo. Como muestra el gráfico, la principal diferencia de ingresos ha sido el aplazamiento de todos los Torneos y Copas Ambassador.

Sometido a consideración este punto del orden del día, y habiendo recibido con anterioridad a esta Asamblea los miembros la documentación correspondiente, la Asamblea General aprueba por unanimidad el Balance 2019/20 y libera de cualquier responsabilidad a los miembros del Comité Ejecutivo y del Consejo de Administración por su gestión hasta el día de la fecha.

B. Aprobación del presupuesto para el año fiscal 2020/2021

La siguiente tabla compara las cifras para el año fiscal 2019/20 y el presupuesto para 2020/21 que será sometido para su aprobación por la AG. (El presupuesto se envió a todos los miembros el 3 de diciembre).

8. ELECCION DEL COMITÉ ELECTORAL

Las siguientes personas fueron propuestas para formar el comité electoral:

- Piero Dillier (En representación de miembros zona B)
- Francois Berger (En representación de miembros zona C)
- Alex Taylor

Sometido a consideración de la Asamblea, esta aprueba en forma unánime las designaciones propuestas de Piero Dillier, Françoise Berger y Alejandro Taylor como miembros del comité electoral.

9. Países zona B y C para elecciones del consejo de Administración. 2 miembros B y 1 miembro C designados

Phillippe Perrier and Miguel Calzada, representando miembros zona B, culminaron su mandato. Emmanuel Seidner, representando miembros zona C, termino su mandato.

Todos ellos son elegibles por otro periodo.

Hemos recibido las nominaciones para renovar sus mandatos por un período más para Miguel Calzada y Philippe Perrier en representación de los miembros B y Emmanuel Seidner en representación de los miembros C.

Dado que no se ha propuesto ningún otro candidato para cubrir estos puestos, no es necesario tener las elecciones separadas para que los miembros B y C elijan sus representantes. Por tanto, la Asamblea General aprueba por unanimidad la renovación para el período 2020-2022 de los señores Miguel Calzada y Philippe Perrier en representación de los miembros B y Emmanuel Seidner en representación de los miembros C.

10. Elección y confirmación de autoridades

A. Elección del presidente

La AAP ha presentado la nominación del Sr. Horacio Areco para renovar su mandato por un segundo periodo. La nominación de AAP fue la única recibida a tiempo por lo que ponemos a votación de la Asamblea General, la aprobación de la elección del Sr. Horacio Areco por un segundo periodo.

Sometido a consideración este punto del orden del día, la Asamblea General aprueba por unanimidad la reelección del señor Horacio Areco como presidente para un segundo mandato.

11.Fondo de Desarrollo del Polo y fondos ARISF / COI

Los miembros de la FIP han organizado, con el apoyo de la FIP, varios programas de polo juvenil, campamentos y academias de polo para 2020 que se llevaron a cabo en todo el mundo. El objetivo principal de estos programas es acercar a los niños y niñas y comenzar a introducir aspectos del deporte del polo de una manera divertida y segura, además de lograr que construyan relaciones y camaradería. Este año, y debido a la pandemia en curso, todos tuvimos que introducir herramientas como software de aprendizaje electrónico y conferencias virtuales.

A. ARISF/COI Eventos internacionales de Niños.

Los objetivos de los programas son los siguientes:

- construir espíritu deportivo y camaradería a una edad temprana
- introducirlos en el mundo antidopaje y explicarles los beneficios de un estilo de vida saludable
- ayudarlos a tener sus primeros juegos en un entorno seguro donde ganar no es el objetivo principal
- trabajar junto a los profesionales del polo para ayudarlos a comprender mejor el juego
- traer nuevos niños y niñas al deporte
- facilitar partidos amistosos interescolares

1. Clínicas de niños en Argentina:

Clínica infantil que cubría temas de dopaje y deportividad y tenía como uno de sus principales objetivos formar a futuros jugadores, fomentando el espíritu competitivo, la amistad y el juego limpio. Todo ello en un entorno libre de competición donde se anima a los participantes a

entablar relaciones con otros niños a través del deporte. Se utilizó mucho la plataforma de aprendizaje en línea de la Universidad de Polo de la Asociación Argentina de Polo.

2. Clínica de niños en España:

Clínica infantil que cubría temas de dopaje y deportividad y tenía como uno de sus principales objetivos formar a futuros jugadores, fomentando el espíritu competitivo, la amistad y el juego limpio. Todo ello en un entorno libre de competición donde se anima a los participantes a entablar relaciones con otros niños a través del deporte.

3. Campamento de Polo Infantil Academia de Polo en Malasia:

Introducir a los niños y jóvenes en el deporte del polo, incluida la equitación para el polo, las técnicas para golpear la pelota de polo, las reglas y los principios básicos del polo.

Actividades previstas:

- Campamento de 3 días socialmente distanciado
- Clases de equitación con énfasis en Equitación para Polo.
- Lecciones de técnica de golpe en caballo de madera
- Lecciones de palo y pelota
- Reglas y pruebas de reglas
- Lección sobre los principios básicos del polo y las estrategias de juego.
- Chukkas instructivos

4. Kids Polo Camp en Hamburgo:

Clínica para niños que enfatiza temas como juego limpio, historia del polo, equipamiento, práctica de equitación, equitación para polo, técnica de golpeo de pelota, reglas, estrategia, práctica de chukker y al final, fuera del campamento, un torneo entre todos los participantes. Se incluye medicina veterinaria, curso de primeros auxilios y talleres especiales de entrenamiento físico de polo.

Los principales objetivos son:

- ganar nuevos jugadores de polo jóvenes
- mejorar el nivel de polo alemán
- descubrir jugadores jóvenes talentosos
- mejorar su nivel

Las próximas ediciones del programa tendrán como objetivo llegar a los jóvenes jugadores de polo del extranjero y ponerse en contacto con otras escuelas de polo europeas para mejorar el intercambio con diferentes países y también enviar equipos alemanes a clubes extranjeros para algunos juegos de práctica y viceversa.

5. Intercambio inter escolar en Nueva Zelanda:

Este programa tenía como objetivo reunir a niños de diferentes países y orígenes y jugar partidos de polo, donde el objetivo principal no era ganar, sino inspirar camaradería y espíritu deportivo. De esta manera exponiendo a los escolares al polo, el juego y la buena equitación y animando a los escolares a jugar al polo en la escuela y para su escuela.

B. Clínicas de entrenamiento y árbitros PDF / FIP

Los objetivos de los programas son los siguientes:

- presentar el deporte a una nueva audiencia y mejorar el nivel de juego de los participantes mayores
- explica más detalladamente el proceso antidopaje y su importancia para un deporte limpio
- trabajar junto con los profesionales del polo para ayudarlos a comprender mejor el juego y capacitar a nuevos entrenadores

1- Programa de Desarrollo de Entrenadores y Campamento Juvenil en Uruguay: La Asociación Uruguaya de Polo (AUP) está trabajando con la Asociación Argentina de Polo para utilizar su plataforma Universidad de Polo en un programa que comenzó el 18 de noviembre y continuó hasta el 9 de diciembre con 4 sesiones virtuales donde Participan 25 futuros instructores en representación de 8 clubes de polo uruguayos. Los instructores recién formados, coordinados por Diego Uranga (Director de la Universidad de Polo de la AAP), llevarán a cabo dos campamentos para jóvenes en el Jacksonville Polo Club en diciembre y en un club que determinará la AUP en febrero / marzo.

2- Programa y aplicación de entrenamiento de polo suizo: Proyecto que combina entrenamiento y tecnología de la vida real para ofrecer un mejor entrenamiento tanto a entrenadores como a jugadores con sede en Suiza

Sus principales objetivos son:

- Formalizar la formación de entrenadores y jugadores y estandarizar el aprendizaje de nociones teóricas y prácticas en suelo suizo
- Poner a disposición recursos y referencias relevantes a través de nuevas tecnologías
- Alinear con los métodos utilizados en países avanzados de polo como Inglaterra

Su plan de acción es el siguiente:

- Asociarse con la Academia Internacional de Polo para desarrollar un programa de entrenamiento nacional
- Formar a un entrenador en el programa para que se convierta en el primer tutor, un estado que le permite formar a otros entrenadores.
- Organizar un curso de entrenamiento durante el cual entrenará a un grupo de jugadores
- Uso exhaustivo de la aplicación "Polo Development" para el análisis de video de temas tales como técnica de bateo, jugadas a balón parado, faltas, etc.

3- Programa integral de polo en Holanda: Programa de polo para atraer a más jugadores al deporte, especialmente de Bélgica y Holanda, que han estado sufriendo una disminución de jugadores en los últimos años.

Se invitó a un árbitro profesional experto y entrenador de polo de Inglaterra a actualizar a todos los jugadores sobre las reglas y trabajar en una mejor estrategia. Realizó 4 seminarios de reglas para diferentes niveles en los que participó el 80% de todos los jugadores holandeses. El entrenador y los mejores jugadores jugaron chukkers instructivos para proporcionar entrenamiento y ayudas visuales. Se jugaron 22 participantes y 110 chukkers en total.

Los objetivos eran tener a los jugadores holandeses actualizados sobre las reglas, aprender algunas ideas nuevas y motivarlos a continuar desarrollándose. Para los

jugadores más nuevos, esto no suele proporcionar acceso a entrenadores. Este programa ha sido crucial en el desarrollo del polo en Holanda durante los últimos años.

4- Programa de Polo 101 en Australia: El programa tenía como objetivo aumentar el número y la diversidad de jugadores que pueden participar en el deporte del polo a través de un juego y reglas modificados para permitir una prueba de nivel de entrada más barata y un número reducido de caballos requerido. Con el objetivos a largo plazo de hacer progresar a cada jugador a la versión completa del deporte. Con suerte, aumentar la cantidad de conducción que todos los participantes pueden lograr mientras amplían sus campos en otras actividades agradables. Esto significa comenzar con un concepto que sea seguro; con una pelota de arena, un campo más pequeño y para aprender las habilidades del polo y desarrollar sus habilidades de golpe.

Polo 101 es una versión modificada del juego tradicional y las reglas del polo para permitir un nivel de entrada al deporte con tarifas más económicas y un mínimo de un caballo requerido por jugador. El juego utilizará un estilo de arena o pelota blanda y se jugará en un campo de 130 mx 60 m de tamaño (aproximadamente la mitad de un campo de tamaño completo).

C - EVENTOS FUTUROS

Hemos comenzado a trabajar con nuestros miembros para organizar eventos para niños y clínicas de entrenadores en 2021 con la ayuda de los fondos de patrocinio del COI.

Eventos previstos en:

Los Baguales, Paraguay

Real Polo Club Barcelona, España

Santa Maria Polo Club, España

Países Bajos

SUPA Polo, Nueva Zelanda

Kids Polo Camp Hamburgo, Alemania

12. MARKETING UPDATE

A. Renovación y extensión de USPA GL

El 1 de septiembre de 2020, la FIP y la USPA firmaron un acuerdo de enmienda que extendía el patrocinio hasta diciembre de 2022. Los términos del acuerdo de enmienda mantenían las tarifas de 2020, aunque no teníamos torneos y, por lo tanto, USPA GL no tenía la obligación de pagar la transmisión. tarifa y estableció las tarifas para 2021 y 2022 en U \$ S 62.500 por año.

B. Otras cuestiones

Actualmente estamos en conversaciones con EBI Media Holdings para el apéndice del acuerdo de aprobación de la Xtreme Polo League para las temporadas 2021 y 2022.

45 caballos que se alquilarán de Pierre Ngomou en Francia y se enviarán a Bakú en agosto de 2021 pueden ser controlados por la FIP en coordinación con Pierre Ngomou.

B. Campeonato de Europa Femenino – Italia

El Sr. Alessandro Giachetti proporcionó la siguiente actualización sobre el Campeonato de Europa Femenino que también servirá como playoffs para la Zona C del I Campeonato Mundial de Polo Femenino de la FIP.

La FISE ha declarado que el III Campeonato de Europa Femenino tendrá lugar en Milán, durante la Semana de la Moda de Milán, la última semana de septiembre. El Torneo se jugará en La Mimosa Polo Club y participarán 5 equipos. También serán los playoffs del I Campeonato del Mundo de Polo Femenino FIP, por lo que el hándicap del torneo será de 12 a 16 goles.

C. POLO RIDER CUP

La 1ª edición de la Polo Rider Cup tendrá lugar del 10 al 20 de junio de 2021. GAME Polo el organizador de la Polo Rider Cup nos ha informado de sus esfuerzos de marketing y comunicación:

Gonzalo Quesada, embajador de la POLO Rider Cup 2021.

Gonzalo Quesada, nacido el 2 de mayo de 1974 en Buenos Aires, es un jugador y entrenador de rugby argentino. Jugó principalmente como medio fly, ganando 39 partidos con la selección argentina de rugby entre 1996 y 2007, lo que incluyó jugar en dos Copas Mundiales (1999 y 2003). Fue el mejor goleador y ganó la Bota de Oro en los Mundiales de 1999.

Moët & Chandon, proveedor exclusivo de champán de la POLO Rider Cup.

Moët & Chandon será el proveedor exclusivo de champán de la POLO Rider Cup VIP Hospitality que se celebrará del 10 al 20 de junio de 2021 en el Polo Club de Chantilly, al norte de París. Moët & Chandon estará presente en el VIP Village con un Champagne Bar que ofrecerá una verdadera experiencia de champagne. Moët & Chandon también será el champagne exclusivo que se servirá en todas las funciones oficiales como la Cena de Apertura, Asado Argentino y la Cena de Gala, incluida la ceremonia del podio.

2021 POLO Rider Cup, míralo EN VIVO en HORSE & COUNTRY

La red líder de deportes ecuestres y estilo de vida, Horse & Country, se aseguró los derechos para retransmitir la POLO Rider Cup 2021 que se celebrará del 10 al 20 de junio de 2021 en el Polo Club de Chantilly, al norte de París.

Según el acuerdo, Horse & Country transmitirá EN VIVO los 20 juegos en su servicio de transmisión mundial, H & C + y, posteriormente, el programa destacado de 52 minutos estará disponible a pedido y se transmitirá en el canal de Horse & Country en varios mercados ecuestres clave.

D. OTROS TORNEOS POTENCIALES

- Campeonato Mundial de Polo Femenino FIP I

La AAP ha expresado su intención de albergar el I WWPC y las fechas se anunciarán tan pronto como haya una mejor comprensión de las próximas etapas a causa de las pandemias. Teniendo en cuenta que los playoffs para Europa se disputarán el próximo año en septiembre en Italia debemos presumir que será en otoño de 2022.

- Copa de Naciones Femenina FIP I

La AAP también ha expresado su intención de albergar el FIP I WNC tan pronto como sea posible.

16. LEGAL

A. Casos legales

i. PY frente a NCD. El 30 de noviembre, la FIP presentó la citación final en el caso de Permiso para apelar. Después de eso, debemos esperar a que el Tribunal de Apelación emita su fallo. Se ha aprobado por parte de la aseguradora que debemos empezar a trabajar en el proceso de tasación de costos y para ello han adelantado los dineros para cubrir los honorarios estimados y costos de la consultora que se ha contratado. Esperamos finalizar el proceso de evaluación de costos durante 2021.

ii. **Robert de By v. Alex Taylor et al., New York Action**

El 12 de febrero de 2020, Robert A. de By, Esq., Demandante, presentó una demanda contra el director ejecutivo de FIP, Alex Taylor y el presidente Horacio Areco, y John Does 1-10, personas anónimas que pueden agregarse más adelante, los Demandados, en el Tribunal de Distrito de los Estados Unidos, Distrito Sur de Nueva York, alegando difamación y reclamos relacionados que surgen de las comunicaciones entre FIP y su abogado Connon Woods LLP con respecto a un asunto manejado por esa firma para FIP. Se ha contratado al abogado para que defienda enérgicamente y busque la desestimación de estos reclamos.

La Acción de Nueva York permanece abierta pero en suspenso. Debido a la pandemia de Covid-19, el Ministerio argentino aún no ha entregado la Citación y Demanda a las partes y, por lo tanto, no estamos obligados a presentar una respuesta ni a una acción de desestimación. El Tribunal ha extendido la fecha límite del Sr. de By para cumplir con la notificación de la Citación y Demanda, y su fecha límite actual es el 13 de enero de 2021. Anticipamos que, debido a la pandemia Covid-19 en curso, es probable que la Citación y Demanda no ser atendido durante ese tiempo, y se permitirán más prórrogas. Las partes han entablado discusiones de acuerdo confidencial, pero las discusiones de acuerdo fracasaron y no hay comunicaciones al día.

- B.** La FIP recibió por separado una consulta del abogado anterior Connon Wood sobre la resolución de la disputa de las partes con respecto a los honorarios legales. Si las partes no pueden resolver la disputa de manera amistosa, las partes pueden proceder a un arbitraje privado.

C. SEGURO D&O

Aunque la FIP y sus corredores de seguros han seguido realizando esfuerzos, no se ha contratado ningún seguro D & O.

17. VARIOS

A. Reglas antidopaje de la FIP 2021 - Ver Anexo B

La AMA ha emitido un nuevo conjunto de Reglas Antidopaje (ADR) que entrarán en vigor el 1 de enero de 2021. Hemos estado trabajando junto con el Comité COI-WADA en la actualización de las ADR de la FIP para actualizarlas y cumplir con los cambios.

A primera vista, los principales problemas que hemos visto fueron el requisito de producir reglas antidopaje para caballos y la necesidad de tener un Comité de Audiencias en caso de que una prueba de un atleta o un caballo fuera positiva.

La versión final ha sido revisada y aprobada por la AMA y se presentará para su aprobación por la Asamblea General. Una vez aprobados, los ADR del FIP 2021 se enviarán a todos nuestros miembros y se cargarán en nuestro sitio web para su descarga.

Las referidas reglas fueron presentadas a todos los miembros con suficiente antelación como parte de los documentos de trabajo de la Asamblea.

Sometido a consideración este punto del orden del día, la Asamblea General aprueba las Reglas Antidopaje 2021 de la FIP

B. Hemos recibido el siguiente mensaje de Mark Gillespie, presidente del Comité de Fuerzas Armadas, Asociación de Polo de EE. UU. Y miembro del Comité Militar de la FIP:

Le informamos que el Comité Ejecutivo y el Consejo de Administración de la FIP aprobaron la creación de un Comité de Polo Militar Internacional (IMPC) en agosto de 2020 con la misión de servir como punto focal mundial para la información, coordinación y facilitación de Actividades de polo a nivel internacional. Los representantes de este comité han sido designados de la AAP, HPA y USPA. Debido a las interrupciones de la pandemia de COVID-19 en los eventos en todo el mundo, no hay eventos de polo militar internacional para informar para 2020. Esperamos que con la reciente aparición de vacunas para contrarrestar COVID-19, en 2021 se reanudarán los intercambios internacionales de polo.

Mientras tanto, el IMPC solicita a cada representante de los países miembros de la FIP que ayuden amablemente al IMPC a recopilar información sobre la presencia y el alcance de las actividades militares de polo en sus respectivos países. La asistencia más importante solicitada es proporcionar al IMPC un punto de contacto familiarizado con las actividades militares de polo en su país o al menos si hay jugadores de polo en su país que estén o hayan estado en el ejército. Por favor envíeme información de contacto sobre su punto de contacto a 4markgillespie@gmail.com y envíelo en cc a Alex Taylor en ataylor@fippolo.com. El IMPC también solicita que su punto de contacto sea identificado a principios de 2021, si es posible, para que podamos comenzar el nuevo año con una comprensión sólida del estado actual del polo militar en cada país y el potencial para participar en partidos internacionales. eventos de polo militar. En caso de que esté seguro de que no hay jugadores de polo actuales o anteriores en su país que estén o hayan estado en el ejército, envíe ese informe negativo a las direcciones de correo electrónico mencionadas anteriormente. Muchas gracias por ayudar al IMPC a comenzar a recopilar una imagen completa de las actividades militares de polo en todo el mundo.

D. C. El señor Simone Perillo dio una actualización sobre los avances realizados en la inclusión del Polo como deporte de exhibición durante los Juegos Olímpicos de Cortina 2026. Explicó la necesidad de que todas las asociaciones de polo que tienen contactos con los respectivos Comités Olímpicos Nacionales se acerquen a ellos y les pidan su apoyo para este objetivo.

18. DESIGNACION DE DOS MIEMBROS PARA LA FIRMA DEL ACTA DE LA REUNION

Se propone a Valentín Martínez, en representación de la Asociación Uruguaya de Polo y Alejandro Taylor, en representación de la Confederacao Brasileira de Polo, para firmar el acta de la Asamblea General.

La Asamblea General aprueba por unanimidad la designación de Valentín Martínez y Alejandro Taylor para firmar el acta de esta Asamblea General Ordinaria.

19. Lugar y fecha de la próxima reunión de la Asamblea General Ordinaria 2021

La Asamblea General aprueba por unanimidad que la próxima Asamblea General Ordinaria tendrá lugar en Buenos Aires el viernes anterior a la final del Campeonato Argentino Open de Polo 2021.

FIP ANTI-DOPING RULES

INTRODUCTION

Preface

These Anti-Doping Rules are adopted and implemented in accordance with FIP's responsibilities under the *Code*, and in furtherance of FIP's continuing efforts to eradicate doping in sport.

These Anti-Doping Rules are sport rules governing the conditions under which sport is played. Aimed at enforcing anti-doping rules in a global and harmonized manner, they are distinct in nature from criminal and civil laws. They are not intended to be subject to or limited by any national requirements and legal standards applicable to criminal or civil proceedings, although they are intended to be applied in a manner which respects the principles of proportionality and human rights. When reviewing the facts and the law of a given case, all courts, arbitral tribunals and other adjudicating bodies should be aware of and respect the distinct nature of these Anti-Doping Rules, which implement the *Code*, and the fact that these rules represent the consensus of a broad spectrum of stakeholders around the world as to what is necessary to protect and ensure fair sport.

As provided in the *Code*, FIP shall be responsible for conducting all aspects of *Doping Control*. Any aspect of *Doping Control* or anti-doping *Education* may be delegated by FIP to a *Delegated Third Party*, such as the International Testing Agency (ITA), however, FIP shall require the *Delegated Third Party* to perform such aspects in compliance with the *Code*, *International Standards*, and these Anti-Doping Rules. FIP may delegate its adjudication responsibilities and *Results Management* to the CAS Anti-Doping Division.

When FIP has delegated its responsibilities to implement part or all of *Doping Control* to the *Delegated Third Party*, any reference to FIP in these *Rules* should be intended as a reference to that *Delegated Third Party*, where applicable and within the context of the aforementioned delegation. FIP shall always remain fully responsible for ensuring that any delegated aspects are performed in compliance with the *Code*.

Italicized terms in these Anti-Doping Rules are defined terms in Appendix 1.

Unless otherwise specified, references to Articles are references to Articles of these Anti-Doping Rules.

Fundamental Rationale for the *Code* and FIP's Anti-Doping Rules

Anti-doping programs are founded on the intrinsic value of sport. This intrinsic value is often referred to as "the spirit of sport": the ethical pursuit of human excellence through the dedicated perfection of each *Athlete's* natural talents.

Anti-doping programs seek to protect the health of *Athletes* and to provide the opportunity for *Athletes* to pursue human excellence without the *Use of Prohibited Substances and Prohibited Methods*.

Anti-doping programs seek to maintain the integrity of sport in terms of respect for rules, other competitors, fair competition, a level playing field, and the value of clean sport to the world.

The spirit of sport is the celebration of the human spirit, body and mind. It is the essence of Olympism and is reflected in the values we find in and through sport, including:

- Health
- Ethics, fair play and honesty
- *Athletes'* rights as set forth in the *Code*
- Excellence in performance
- Character and *Education*
- Fun and joy
- Teamwork
- Dedication and commitment
- Respect for rules and laws
- Respect for self and other *Participants*
- Courage
- Community and solidarity

The spirit of sport is expressed in how we play true.

Doping is fundamentally contrary to the spirit of sport.

Scope of these Anti-Doping Rules

These Anti-Doping Rules shall apply to:

- (a) FIP, including its board members, directors, officers and specified employees, and *Delegated Third Parties* and their employees, who are involved in any aspect of *Doping Control*;
- (b) each of its *National Federations*, including their board members, directors, officers and specified employees, and *Delegated Third Parties* and their employees, who are involved in any aspect of *Doping Control*;
- (c) the following *Athletes, Athlete Support Personnel* and other *Persons*:
 - (i) all *Athletes* and *Athlete Support Personnel* who are members of FIP, or of any *National Federation*, or of any member or affiliate organization of any *National Federation* (including any clubs, teams, associations, or leagues);

- (ii) all *Athletes* and *Athlete Support Personnel* who participate in such capacity in *Events, Competitions* and other activities organized, convened, authorized or recognized by FIP, or any *National Federation*, or by any member or affiliate organization of any *National Federation* (including any clubs, teams, associations, or leagues), wherever held;
- (iii) any other *Athlete* or *Athlete Support Personnel* or other *Person* who, by virtue of an accreditation, a license or other contractual arrangement, or otherwise, is subject to the jurisdiction of FIP, or of any *National Federation*, or of any member or affiliate organization of any *National Federation* (including any clubs, teams, associations or leagues), for purposes of anti-doping. To be eligible for participation in FIP International Events, a participant must be a member or registered with his or her national association. All participants must have signed the consent form, in the actual form approved by FIP. All forms from Minors must be counter-signed by their legal guardians and
- (iv) *Athletes* who are not regular members of FIP or of one of its *National Federations* but who want to be eligible to compete in a particular *International Event*.

Each of the abovementioned *Persons* is deemed, as a condition of his or her participation or involvement in the sport, to have agreed to and be bound by these Anti-Doping Rules, and to have submitted to the authority of FIP to enforce these Anti-Doping Rules, including any *Consequences* for the breach thereof, and to the jurisdiction of the hearing panels specified in Article 8 and Article 13 to hear and determine cases and appeals brought under these Anti-Doping Rules.

Within the overall pool of *Athletes* set out above who are bound by and required to comply with these Anti-Doping Rules, the following *Athletes* shall be considered to be *International-Level Athletes* for the purposes of these Anti-Doping Rules, and, therefore, the specific provisions in these Anti-Doping Rules applicable to *International-Level Athletes* (e.g., *Testing, TUEs, whereabouts, and Results Management*) shall apply to such *Athletes*:

- (a) *Athletes* who compete in any of the following *International Events*:
 - FIP World Polo Championships
 - European Polo Championships
 - Women's World Polo Championships
 - Women's European Polo Championships
- (b) *Athletes* included in the FIP *Registered Testing Pool, Testing Pool* and any other pool if established by FIP.

ARTICLE 1 DEFINITION OF DOPING

Doping is defined as the occurrence of one or more of the anti-doping rule violations set forth in Article 2.1 through Article 2.11 of these Anti-Doping Rules.

ARTICLE 2 ANTI-DOPING RULE VIOLATIONS

The purpose of Article 2 is to specify the circumstances and conduct which constitute anti-doping rule violations. Hearings in doping cases will proceed based on the assertion that one or more of these specific rules have been violated.

Athletes or other *Persons* shall be responsible for knowing what constitutes an anti-doping rule violation and the substances and methods which have been included on the *Prohibited List*.

The following constitute anti-doping rule violations:

2.1 Presence of a *Prohibited Substance* or its *Metabolites* or *Markers* in an *Athlete's Sample*

2.1.1 It is the *Athletes'* personal duty to ensure that no *Prohibited Substance* enters their bodies. *Athletes* are responsible for any *Prohibited Substance* or its *Metabolites* or *Markers* found to be present in their *Samples*. Accordingly, it is not necessary that intent, *Fault*, *Negligence* or knowing *Use* on the *Athlete's* part be demonstrated in order to establish an anti-doping rule violation under Article 2.1.¹

2.1.2 Sufficient proof of an anti-doping rule violation under Article 2.1 is established by any of the following: presence of a *Prohibited Substance* or its *Metabolites* or *Markers* in the *Athlete's A Sample* where the *Athlete* waives analysis of the *B Sample* and the *B Sample* is not analyzed; or, where the *Athlete's B Sample* is analyzed and the analysis of the *Athlete's B Sample* confirms the presence of the *Prohibited Substance* or its *Metabolites* or *Markers* found in the *Athlete's A Sample*; or where the *Athlete's A* or *B Sample* is split into two (2) parts and the analysis of the confirmation part of the split *Sample* confirms the presence of the *Prohibited Substance* or its *Metabolites* or *Markers* found in the first part of the split *Sample* or the *Athlete* waives analysis of the confirmation part of the split *Sample*.²

¹ [Comment to Article 2.1.1: An anti-doping rule violation is committed under this Article without regard to an *Athlete's Fault*. This rule has been referred to in various CAS decisions as "Strict Liability". An *Athlete's Fault* is taken into consideration in determining the Consequences of this anti-doping rule violation under Article 10. This principle has consistently been upheld by CAS.]

² [Comment to Article 2.1.2: The Anti-Doping Organization with Results Management responsibility may, at its discretion, choose to have the *B Sample* analyzed even if the *Athlete* does not request the analysis of the *B Sample*.]

- 2.1.3** Excepting those substances for which a *Decision Limit* is specifically identified in the *Prohibited List* or a *Technical Document*, the presence of any reported quantity of a *Prohibited Substance* or its *Metabolites* or *Markers* in an *Athlete's Sample* shall constitute an anti-doping rule violation.
- 2.1.4** As an exception to the general rule of Article 2.1, the *Prohibited List*, *International Standards* or *Technical Documents* may establish special criteria for reporting or the evaluation of certain *Prohibited Substances*.

2.2 Use or Attempted Use by an Athlete of a Prohibited Substance or a Prohibited Method³

2.2.1 It is the *Athletes'* personal duty to ensure that no *Prohibited Substance* enters their bodies and that no *Prohibited Method* is *Used*. Accordingly, it is not necessary that intent, *Fault*, *Negligence* or knowing *Use* on the *Athlete's* part be demonstrated in order to establish an anti-doping rule violation for *Use* of a *Prohibited Substance* or a *Prohibited Method*.

2.2.2 The success or failure of the *Use* or *Attempted Use* of a *Prohibited Substance* or *Prohibited Method* is not material. It is sufficient that the *Prohibited Substance* or *Prohibited Method* was *Used* or *Attempted* to be *Used* for an anti-doping rule violation to be committed.⁴

2.3 Evading, Refusing or Failing to Submit to Sample Collection by an Athlete

Evading *Sample* collection; or refusing or failing to submit to *Sample* collection without compelling justification after notification by a duly authorized *Person*.⁵

³ [Comment to Article 2.2: It has always been the case that *Use* or *Attempted Use* of a *Prohibited Substance* or *Prohibited Method* may be established by any reliable means. As noted in the Comment to Article 3.2, unlike the proof required to establish an anti-doping rule violation under Article 2.1, *Use* or *Attempted Use* may also be established by other reliable means such as admissions by the *Athlete*, witness statements, documentary evidence, conclusions drawn from longitudinal profiling, including data collected as part of the *Athlete Biological Passport*, or other analytical information which does not otherwise satisfy all the requirements to establish "Presence" of a *Prohibited Substance* under Article 2.1.

For example, *Use* may be established based upon reliable analytical data from the analysis of an *A Sample* (without confirmation from an analysis of a *B Sample*) or from the analysis of a *B Sample* alone where the *Anti-Doping Organization* provides a satisfactory explanation for the lack of confirmation in the other *Sample*.]

⁴ [Comment to Article 2.2.2: Demonstrating the "Attempted Use" of a *Prohibited Substance* or a *Prohibited Method* requires proof of intent on the *Athlete's* part. The fact that intent may be required to prove this particular anti-doping rule violation does not undermine the *Strict Liability* principle established for violations of Article 2.1 and violations of Article 2.2 in respect of *Use* of a *Prohibited Substance* or *Prohibited Method*.

An *Athlete's Use* of a *Prohibited Substance* constitutes an anti-doping rule violation unless such substance is not prohibited *Out-of-Competition* and the *Athlete's Use* takes place *Out-of-Competition*. (However, the presence of a *Prohibited Substance* or its *Metabolites* or *Markers* in a *Sample* collected *In-Competition* is a violation of Article 2.1 regardless of when that substance might have been administered.)]

⁵ [Comment to Article 2.3: For example, it would be an anti-doping rule violation of "evading *Sample* collection" if it were established that an *Athlete* was deliberately avoiding a *Doping Control* official to evade notification or *Testing*. A violation of "failing to submit to *Sample* collection" may be based on either intentional or negligent conduct of the *Athlete*, while "evading" or "refusing" *Sample* collection contemplates intentional conduct by the *Athlete*.]

2.4 Whereabouts Failures by an Athlete

Any combination of three (3) missed tests and/or filing failures, as defined in the *International Standard for Results Management*, within a twelve-month period by an *Athlete* in a *Registered Testing Pool*.

2.5 Tampering or Attempted Tampering with any Part of Doping Control by an Athlete or Other Person

2.6 Possession of a Prohibited Substance or a Prohibited Method by an Athlete or Athlete Support Person

2.6.1 *Possession by an Athlete In-Competition of any Prohibited Substance or any Prohibited Method, or Possession by an Athlete Out-of-Competition of any Prohibited Substance or any Prohibited Method which is prohibited Out-of-Competition unless the Athlete establishes that the Possession is consistent with a Therapeutic Use Exemption ("TUE") granted in accordance with Article 4.4 or other acceptable justification.*

2.6.2 *Possession by an Athlete Support Person In-Competition of any Prohibited Substance or any Prohibited Method, or Possession by an Athlete Support Person Out-of-Competition of any Prohibited Substance or any Prohibited Method which is prohibited Out-of-Competition in connection with an Athlete, Competition or training, unless the Athlete Support Person establishes that the Possession is consistent with a TUE granted to an Athlete in accordance with Article 4.4 or other acceptable justification.*⁶

2.7 Trafficking or Attempted Trafficking in any Prohibited Substance or Prohibited Method by an Athlete or Other Person

2.8 Administration or Attempted Administration by an Athlete or Other Person to any Athlete In-Competition of any Prohibited Substance or Prohibited Method, or Administration or Attempted Administration to any Athlete Out-of-

⁶ [Comment to Articles 2.6.1 and 2.6.2: Acceptable justification would not include, for example, buying or Possessing a Prohibited Substance for purposes of giving it to a friend or relative, except under justifiable medical circumstances where that Person had a physician's prescription, e.g., buying Insulin for a diabetic child.]

[Comment to Article 2.6.1 and 2.6.2: Acceptable justification may include, for example, (a) an Athlete or a team doctor carrying Prohibited Substances or Prohibited Methods for dealing with acute and emergency situations (e.g., an epinephrine auto-injector), or (b) an Athlete Possessing a Prohibited Substance or Prohibited Method for therapeutic reasons shortly prior to applying for and receiving a determination on a TUE.]

Competition of any Prohibited Substance or any Prohibited Method that is Prohibited Out-of-Competition

2.9 Complicity or Attempted Complicity by an Athlete or Other Person

Assisting, encouraging, aiding, abetting, conspiring, covering up or any other type of intentional complicity or *Attempted* complicity involving an anti-doping rule violation, *Attempted* anti-doping rule violation or violation of Article 10.14.1 by another *Person*.⁷

2.10 Prohibited Association by an Athlete or Other Person

2.10.1 Association by an *Athlete* or other *Person* subject to the authority of an *Anti-Doping Organization* in a professional or sport-related capacity with any *Athlete Support Person* who:

2.10.1.1 If subject to the authority of an *Anti-Doping Organization*, is serving a period of *Ineligibility*; or

2.10.1.2 If not subject to the authority of an *Anti-Doping Organization* and where *Ineligibility* has not been addressed in a *Results Management* process pursuant to the *Code*, has been convicted or found in a criminal, disciplinary or professional proceeding to have engaged in conduct which would have constituted a violation of anti-doping rules if *Code*-compliant rules had been applicable to such *Person*. The disqualifying status of such *Person* shall be in force for the longer of six (6) years from the criminal, professional or disciplinary decision or the duration of the criminal, disciplinary or professional sanction imposed; or

2.10.1.3 Is serving as a front or intermediary for an individual described in Article 2.10.1.1 or 2.10.1.2.

2.10.2 To establish a violation of Article 2.10, an *Anti-Doping Organization* must establish that the *Athlete* or other *Person* knew of the *Athlete Support Person's* disqualifying status.

The burden shall be on the *Athlete* or other *Person* to establish that any association with an *Athlete Support Person* described in Article 2.10.1.1 or 2.10.1.2 is not in a professional or sport-related capacity and/or that such association could not have been reasonably avoided.

Anti-Doping Organizations that are aware of *Athlete Support Personnel* who meet the criteria described in Article 2.10.1.1, 2.10.1.2, or 2.10.1.3 shall submit that information to WADA.⁸

⁷ [Comment to Article 2.9: Complicity or Attempted Complicity may include either physical or psychological assistance.]

⁸ [Comment to Article 2.10: Athletes and other Persons must not work with coaches, trainers, physicians or other Athlete Support Personnel who are Ineligible on account of an anti-doping rule violation or who have been criminally convicted or professionally disciplined in relation to doping. This also prohibits association with any other Athlete who is acting as a coach or Athlete Support

2.11 Acts by an Athlete or Other Person to Discourage or Retaliate Against Reporting to Authorities

Where such conduct does not otherwise constitute a violation of Article 2.5:

- 2.11.1** Any act which threatens or seeks to intimidate another *Person* with the intent of discouraging the *Person* from the good-faith reporting of information that relates to an alleged anti-doping rule violation or alleged non-compliance with the *Code* to WADA, an *Anti-Doping Organization*, law enforcement, regulatory or professional disciplinary body, hearing body or *Person* conducting an investigation for WADA or an *Anti-Doping Organization*.

- 2.11.2** Retaliation against a *Person* who, in good faith, has provided evidence or information that relates to an alleged anti-doping rule violation or alleged non-compliance with the *Code* to WADA, an *Anti-Doping Organization*, law enforcement, regulatory or professional disciplinary body, hearing body or *Person* conducting an investigation for WADA or an *Anti-Doping Organization*.

For purposes of Article 2.11, retaliation, threatening and intimidation include an act taken against such *Person* either because the act lacks a good faith basis or is a disproportionate response.⁹

ARTICLE 3 PROOF OF DOPING

Person while serving a period of Ineligibility. Some examples of the types of association which are prohibited include: obtaining training, strategy, technique, nutrition or medical advice; obtaining therapy, treatment or prescriptions; providing any bodily products for analysis; or allowing the Athlete Support Person to serve as an agent or representative. Prohibited association need not involve any form of compensation.

While Article 2.10 does not require the Anti-Doping Organization to notify the Athlete or other Person about the Athlete Support Person's disqualifying status, such notice, if provided, would be important evidence to establish that the Athlete or other Person knew about the disqualifying status of the Athlete Support Person.]

⁹ *[Comment to Article 2.11.2: This Article is intended to protect Persons who make good faith reports, and does not protect Persons who knowingly make false reports.]*

[Comment to Article 2.11.2: Retaliation would include, for example, actions that threaten the physical or mental well-being or economic interests of the reporting Persons, their families or associates. Retaliation would not include an Anti-Doping Organization asserting in good faith an anti-doping rule violation against the reporting Person. For purposes of Article 2.11, a report is not made in good faith where the Person making the report knows the report to be false.]

3.1 Burdens and Standards of Proof

FIP shall have the burden of establishing that an anti-doping rule violation has occurred. The standard of proof shall be whether FIP has established an anti-doping rule violation to the comfortable satisfaction of the hearing panel bearing in mind the seriousness of the allegation which is made. This standard of proof in all cases is greater than a mere balance of probability but less than proof beyond a reasonable doubt. Where these Anti-Doping Rules place the burden of proof upon the *Athlete* or other *Person* alleged to have committed an anti-doping rule violation to rebut a presumption or establish specified facts or circumstances, except as provided in Articles 3.2.2 and 3.2.3, the standard of proof shall be by a balance of probability.¹⁰

3.2 Methods of Establishing Facts and Presumptions

Facts related to anti-doping rule violations may be established by any reliable means, including admissions.¹¹ The following rules of proof shall be applicable in doping cases:

3.2.1 Analytical methods or *Decision Limits* approved by WADA after consultation within the relevant scientific community or which have been the subject of peer review are presumed to be scientifically valid. Any *Athlete* or other *Person* seeking to challenge whether the conditions for such presumption have been met or to rebut this presumption of scientific validity shall, as a condition precedent to any such challenge, first notify WADA of the challenge and the basis of the challenge. The initial hearing body, appellate body or CAS, on its own initiative, may also inform WADA of any such challenge. Within ten (10) days of WADA's receipt of such notice and the case file related to such challenge, WADA shall also have the right to intervene as a party, appear as amicus curiae or otherwise provide evidence in such proceeding. In cases before CAS, at WADA's request, the CAS panel shall appoint an appropriate scientific expert to assist the panel in its evaluation of the challenge.¹²

¹⁰ [Comment to Article 3.1: This standard of proof required to be met by FIP is comparable to the standard which is applied in most countries to cases involving professional misconduct.]

¹¹ [Comment to Article 3.2: For example, FIP may establish an anti-doping rule violation under Article 2.2 based on the Athlete's admissions, the credible testimony of third Persons, reliable documentary evidence, reliable analytical data from either an A or B Sample as provided in the Comments to Article 2.2, or conclusions drawn from the profile of a series of the Athlete's blood or urine Samples, such as data from the Athlete Biological Passport.]

¹² [Comment to Article 3.2.1: For certain Prohibited Substances, WADA may instruct WADA-accredited laboratories not to report Samples as an Adverse Analytical Finding if the estimated concentration of the Prohibited Substance or its Metabolites or Markers is below a Minimum Reporting Level. WADA's decision in determining that Minimum Reporting Level or in determining which Prohibited Substances should be subject to Minimum Reporting Levels shall not be subject to challenge. Further, the laboratory's estimated concentration of such Prohibited Substance in a Sample may only be an estimate. In no event shall the possibility that the exact concentration of the Prohibited Substance in the Sample may be below the Minimum Reporting Level constitute a defense to an anti-doping rule violation based on the presence of that Prohibited Substance in the Sample.]

3.2.2 WADA-accredited laboratories, and other laboratories approved by WADA, are presumed to have conducted *Sample* analysis and custodial procedures in accordance with the *International Standard* for Laboratories. The *Athlete* or other *Person* may rebut this presumption by establishing that a departure from the *International Standard* for Laboratories occurred which could reasonably have caused the *Adverse Analytical Finding*.

If the *Athlete* or other *Person* rebuts the preceding presumption by showing that a departure from the *International Standard* for Laboratories occurred which could reasonably have caused the *Adverse Analytical Finding*, then FIP shall have the burden to establish that such departure did not cause the *Adverse Analytical Finding*.¹³

3.2.3 Departures from any other *International Standard* or other anti-doping rule or policy set forth in the *Code* or these Anti-Doping Rules shall not invalidate analytical results or other evidence of an anti-doping rule violation, and shall not constitute a defense to an anti-doping rule violation;¹⁴ provided, however, if the *Athlete* or other *Person* establishes that a departure from one of the specific *International Standard* provisions listed below could reasonably have caused an anti-doping rule violation based on an *Adverse Analytical Finding* or whereabouts failure, then FIP shall have the burden to establish that such departure did not cause the *Adverse Analytical Finding* or the whereabouts failure:

- (i) a departure from the *International Standard* for *Testing* and *Investigations* related to *Sample* collection or *Sample* handling which could reasonably have caused an anti-doping rule violation based on an *Adverse Analytical Finding*, in which case FIP shall have the burden to establish that such departure did not cause the *Adverse Analytical Finding*;
- (ii) a departure from the *International Standard* for *Results Management* or *International Standard* for *Testing* and *Investigations* related to an *Adverse Passport Finding* which could reasonably have caused an anti-doping rule violation, in which case FIP shall have the burden to establish that such departure did not cause the anti-doping rule violation;

¹³ [Comment to Article 3.2.2: The burden is on the *Athlete* or other *Person* to establish, by a balance of probability, a departure from the *International Standard* for Laboratories that could reasonably have caused the *Adverse Analytical Finding*. Thus, once the *Athlete* or other *Person* establishes the departure by a balance of probability, the *Athlete* or other *Person*'s burden on causation is the somewhat lower standard of proof – "could reasonably have caused." If the *Athlete* or other *Person* satisfies these standards, the burden shifts to FIP to prove to the comfortable satisfaction of the hearing panel that the departure did not cause the *Adverse Analytical Finding*.]

¹⁴ [Comment to Article 3.2.3: Departures from an *International Standard* or other rule unrelated to *Sample* collection or handling, *Adverse Passport Finding*, or *Athlete* notification relating to whereabouts failure or B *Sample* opening – e.g., the *International Standard* for Education, *International Standard* for the Protection of Privacy and Personal Information or *International Standard* for Therapeutic Use Exemptions – may result in compliance proceedings by WADA but are not a defense in an anti-doping rule violation proceeding and are not relevant on the issue of whether the *Athlete* committed an anti-doping rule violation. Similarly, FIP's violation of the document referenced in Article 20.7.7 of the *Code* shall not constitute a defense to an anti-doping rule violation.]

- (iii) a departure from the *International Standard for Results Management* related to the requirement to provide notice to the *Athlete* of the B *Sample* opening which could reasonably have caused an anti-doping rule violation based on an *Adverse Analytical Finding*, in which case FIP shall have the burden to establish that such departure did not cause the *Adverse Analytical Finding*;¹⁵
- (iv) a departure from the *International Standard for Results Management* related to *Athlete* notification which could reasonably have caused an anti-doping rule violation based on a whereabouts failure, in which case FIP shall have the burden to establish that such departure did not cause the whereabouts failure.

3.2.4 The facts established by a decision of a court or professional disciplinary tribunal of competent jurisdiction which is not the subject of a pending appeal shall be irrebuttable evidence against the *Athlete* or other *Person* to whom the decision pertained of those facts unless the *Athlete* or other *Person* establishes that the decision violated principles of natural justice.

3.2.5 The hearing panel in a hearing on an anti-doping rule violation may draw an inference adverse to the *Athlete* or other *Person* who is asserted to have committed an anti-doping rule violation based on the *Athlete's* or other *Person's* refusal, after a request made in a reasonable time in advance of the hearing, to appear at the hearing (either in person or telephonically as directed by the hearing panel) and to answer questions from the hearing panel or FIP.

ARTICLE 4 THE PROHIBITED LIST

4.1 Incorporation of the Prohibited List

These Anti-Doping Rules incorporate the *Prohibited List*, which is published and revised by WADA as described in Article 4.1 of the *Code*.

Unless provided otherwise in the *Prohibited List* or a revision, the *Prohibited List* and revisions shall go into effect under these Anti-Doping Rules three (3) months after publication by WADA, without requiring any further action by FIP or its *National Federations*. All *Athletes* and other *Persons* shall be bound by the *Prohibited List*, and any revisions thereto, from the date they go into effect, without further formality. It is the responsibility of all *Athletes* and other *Persons* to familiarize themselves with the most up-to-date version of the *Prohibited List* and all revisions thereto.

¹⁵ [Comment to Article 3.2.3 (iii): FIP would meet its burden to establish that such departure did not cause the *Adverse Analytical Finding* by showing that, for example, the B *Sample* opening and analysis were observed by an independent witness and no irregularities were observed.]

FIP shall provide its *National Federations* with the most recent version of the *Prohibited List*. Each *National Federation* shall in turn ensure that its members, and the constituents of its members, are also provided with the most recent version of the *Prohibited List*.¹⁶

4.2 Prohibited Substances and Prohibited Methods Identified on the Prohibited List

4.2.1 Prohibited Substances and Prohibited Methods

The *Prohibited List* shall identify those *Prohibited Substances* and *Prohibited Methods* which are prohibited as doping at all times (both *In-Competition* and *Out-of-Competition*) because of their potential to enhance performance in future *Competitions* or their masking potential, and those substances and methods which are prohibited *In-Competition* only. The *Prohibited List* may be expanded by WADA for a particular sport. *Prohibited Substances* and *Prohibited Methods* may be included in the *Prohibited List* by general category (e.g., anabolic agents) or by specific reference to a particular substance or method.¹⁷

4.2.2 Specified Substances or Specified Methods

For purposes of the application of Article 10, all *Prohibited Substances* shall be *Specified Substances* except as identified on the *Prohibited List*. No *Prohibited Method* shall be a *Specified Method* unless it is specifically identified as a *Specified Method* on the *Prohibited List*.¹⁸

4.2.3 Substances of Abuse

For purposes of applying Article 10, *Substances of Abuse* shall include those *Prohibited Substances* which are specifically identified as *Substances of Abuse* on the *Prohibited List* because they are frequently abused in society outside of the context of sport.

¹⁶ [Comment to Article 4.1: The current *Prohibited List* is available on WADA's website at <https://www.wada-ama.org>. The *Prohibited List* will be revised and published on an expedited basis whenever the need arises. However, for the sake of predictability, a new *Prohibited List* will be published every year whether or not changes have been made.]

¹⁷ [Comment to Article 4.2.1: *Out-of-Competition Use of a substance which is only prohibited In-Competition is not an anti-doping rule violation unless an Adverse Analytical Finding for the substance or its Metabolites or Markers is reported for a Sample collected In-Competition.*]

¹⁸ [Comment to Article 4.2.2: The *Specified Substances* and *Specified Methods* identified in Article 4.2.2 should not in any way be considered less important or less dangerous than other doping substances or methods. Rather, they are simply substances and methods which are more likely to have been consumed or used by an Athlete for a purpose other than the enhancement of sport performance.]

4.3 WADA's Determination of the *Prohibited List*

WADA's determination of the *Prohibited Substances* and *Prohibited Methods* that will be included on the *Prohibited List*, the classification of substances into categories on the *Prohibited List*, the classification of a substance as prohibited at all times or *In-Competition* only, the classification of a substance or method as a *Specified Substance*, *Specified Method* or *Substance of Abuse* is final and shall not be subject to any challenge by an *Athlete* or other *Person* including, but not limited to, any challenge based on an argument that the substance or method was not a masking agent or did not have the potential to enhance performance, represent a health risk or violate the spirit of sport.

4.4 Therapeutic Use Exemptions ("TUEs")

4.4.1 The presence of a *Prohibited Substance* or its *Metabolites* or *Markers*, and/or the *Use* or *Attempted Use*, *Possession* or *Administration* or *Attempted Administration* of a *Prohibited Substance* or *Prohibited Method*, shall not be considered an anti-doping rule violation if it is consistent with the provisions of a *TUE* granted in accordance with the *International Standard for Therapeutic Use Exemptions*.

4.4.2 TUE Applications

4.4.2.1 *Athletes* who are not *International-Level Athletes* shall apply to their *National Anti-Doping Organization* for a *TUE*. If the *National Anti-Doping Organization* denies the application, the *Athlete* may appeal exclusively to the appellate body described in Article 13.2.2.

4.4.2.2 *Athletes* who are *International-Level Athletes* shall apply to FIP.

4.4.3 TUE Recognition¹⁹

¹⁹ [Comment to Article 4.4.3: If FIP refuses to recognize a *TUE* granted by a *National Anti-Doping Organization* only because medical records or other information are missing that are needed to demonstrate satisfaction with the criteria in the *International Standard for Therapeutic Use Exemptions*, the matter should not be referred to WADA. Instead, the file should be completed and re-submitted to FIP.]

[Comment to Article 4.4.3: FIP may agree with a *National Anti-Doping Organization* that the *National Anti-Doping Organization* will consider *TUE* applications on behalf of FIP.]

4.4.3.1 Where the *Athlete* already has a *TUE* granted by their *National Anti-Doping Organization* pursuant to Article 4.4 of the *Code* for the substance or method in question, and provided that such *TUE* has been reported in accordance with Article 5.5 of the *International Standard for Therapeutic Use Exemptions*, FIP will automatically recognize it for purposes of international-level *Competition* without the need to review the relevant clinical information.

4.4.3.2 If FIP chooses to test an *Athlete* who is not an *International-Level Athlete*, FIP must recognize a *TUE* granted to that *Athlete* by their *National Anti-Doping Organization* unless the *Athlete* is required to apply for recognition of the *TUE* pursuant to Articles 5.8 and 7.0 of the *International Standard for Therapeutic Use Exemptions*.

4.4.4 TUE Application Process ²⁰

4.4.4.1 If the *Athlete* does not already have a *TUE* granted by their *National Anti-Doping Organization* for the substance or method in question, the *Athlete* must apply directly to FIP.

4.4.4.2 An application to FIP for grant or recognition of a *TUE* must be made as soon as possible, save where Articles 4.1 or 4.3 of the *International Standard for Therapeutic Use Exemptions* apply. The application shall be made in accordance with Article 6 of the *International Standard for Therapeutic Use Exemptions* as posted on FIP's website.

4.4.4.3 FIP shall establish a panel (*Therapeutic Use Exemption Committee* ("TUEC")) to consider applications for the grant or recognition of *TUEs*

(a) The TUEC shall consist of a Chair and two (2) other members with experience in the care and treatment of *Athletes* and sound knowledge of clinical, sports and exercise medicine. Each appointed member shall serve a term of four (4) years.

(b) Before considering a *TUE* application, each member shall disclose to the Chair any circumstances likely to affect their impartiality with respect to the *Athlete* making the application. If a member appointed by the Chair to consider an application is unwilling or unable to assess the *Athlete's TUE* application, for any reason, the Chair may appoint a replacement or appoint a new TUEC (e.g., from the pre-established pool of candidates). The Chair cannot serve as a member of the TUEC if there are any circumstances which are likely to affect the impartiality of the *TUE* decision.

²⁰ [Comment to Article 4.4.4: The submission of falsified documents to a TUEC or FIP, offering or accepting a bribe to a Person to perform or fail to perform an act, procuring false testimony from any witness, or committing any other fraudulent act or any other similar intentional interference or Attempted interference with any aspect of the *TUE* process shall result in a charge of Tampering or Attempted Tampering under Article 2.5.]

An Athlete should not assume that their application for the grant or recognition of a TUE (or for renewal of a TUE) will be granted. Any Use or Possession or Administration of a Prohibited Substance or Prohibited Method before an application has been granted is entirely at the Athlete's own risk.

- 4.4.4.4** The TUEC shall promptly evaluate and decide upon the application in accordance with the relevant provisions of the *International Standard for Therapeutic Use Exemptions* and usually (i.e., unless exceptional circumstances apply) within no more than twenty-one (21) days of receipt of a complete application. Where the application is made in a reasonable time prior to an *Event*, the TUEC must use its best endeavors to issue its decision before the start of the *Event*.
- 4.4.4.5** The TUEC decision shall be the final decision of FIP and may be appealed in accordance with Article 4.4.7. FIP's TUEC decision shall be notified in writing to the *Athlete*, and to *WADA* and other *Anti-Doping Organizations* in accordance with the *International Standard for Therapeutic Use Exemptions*. It shall also promptly be reported into *ADAMS*.
- 4.4.4.6** If FIP (or the *National Anti-Doping Organization*, where it has agreed to consider the application on behalf of FIP) denies the *Athlete's* application, it must notify the *Athlete* promptly, with reasons. If FIP grants the *Athlete's* application, it must notify not only the *Athlete* but also their *National Anti-Doping Organization*. If the *National Anti-Doping Organization* considers that the *TUE* granted by FIP does not meet the criteria set out in the *International Standard for Therapeutic Use Exemptions*, it has twenty-one (21) days from such notification to refer the matter to *WADA* for review in accordance with Article 4.4.7.

If the *National Anti-Doping Organization* refers the matter to *WADA* for review, the *TUE* granted by FIP remains valid for international-level *Competition* and *Out-of-Competition Testing* (but is not valid for national-level *Competition*) pending *WADA's* decision. If the *National Anti-Doping Organization* does not refer the matter to *WADA* for review, the *TUE* granted by FIP becomes valid for national-level *Competition* as well when the twenty-one (21) day review deadline expires.

4.4.5 Retroactive TUE Applications

If FIP chooses to collect a *Sample* from an *Athlete* who is not an *International-Level Athlete* or a *National-Level Athlete*, and that *Athlete* is *Using a Prohibited Substance or Prohibited Method* for therapeutic reasons, FIP must permit that *Athlete* to apply for a retroactive *TUE*.

4.4.5.1 Expiration, Cancellation, Withdrawal or Reversal of a TUE

4.4.5.2 A *TUE* granted pursuant to these Anti-Doping Rules: (a) shall expire automatically at the end of any term for which it was granted, without the need for any further notice or other formality; (b) may be cancelled if the *Athlete* does not promptly comply with any requirements or conditions imposed by the TUEC upon grant of the *TUE*; (c) may be withdrawn by the TUEC if it is subsequently determined that the criteria for grant of a *TUE* are not in fact met; or (d) may be reversed on review by *WADA* or on appeal.

4.4.5.3 In such event, the *Athlete* shall not be subject to any *Consequences* based on their *Use or Possession or Administration* of the *Prohibited Substance or Prohibited Method* in question in accordance with the *TUE* prior to the effective date of expiry, withdrawal, or reversal of the *TUE*. The review pursuant to Article 5.1.1.1 of the *International Standard for Results Management* of an *Adverse Analytical Finding*, reported shortly after the *TUE* expiry, withdrawal or reversal, shall include consideration of whether such finding is consistent with *Use of the Prohibited Substance or Prohibited Method* prior to that date, in which event no anti-doping rule violation shall be asserted.

4.4.6 Reviews and Appeals of TUE Decisions

- 4.4.6.1** WADA must review FIP's decision not to recognize a TUE granted by the *National Anti-Doping Organization* that is referred to WADA by the *Athlete* or the *Athlete's National Anti-Doping Organization*. In addition, WADA must review FIP's decision to grant a TUE that is referred to WADA by the *Athlete's National Anti-Doping Organization*. WADA may review any other TUE decisions at any time, whether upon request by those affected or on its own initiative. If the TUE decision being reviewed meets the criteria set out in the *International Standard for Therapeutic Use Exemptions*, WADA will not interfere with it. If the TUE decision does not meet those criteria, WADA will reverse it.²¹
- 4.4.6.2** Any TUE decision by FIP (or by a *National Anti-Doping Organization* where it has agreed to consider the application on behalf of FIP) that is not reviewed by WADA, or that is reviewed by WADA but is not reversed upon review, may be appealed by the *Athlete* and/or the *Athlete's National Anti-Doping Organization*, exclusively to CAS.²²
- 4.4.6.3** A decision by WADA to reverse a TUE decision may be appealed by the *Athlete*, the *National Anti-Doping Organization* and/or FIP, exclusively to CAS.
- 4.4.6.4** A failure to render a decision within a reasonable time on a properly submitted application for grant/recognition of a TUE or for review of a TUE decision shall be considered a denial of the application thus triggering the applicable rights of review/appeal.

ARTICLE 5 TESTING AND INVESTIGATIONS

5.1 Purpose of Testing and Investigations²³

- 5.1.1** Testing and investigations shall only be undertaken for anti-doping purposes. They shall be conducted in conformity with the provisions of the *International Standard for Testing and Investigations* and the eventual specific protocols of FIP supplementing that *International Standard*.
- 5.1.2** Testing shall be undertaken to obtain analytical evidence as to whether the *Athlete* has violated Article 2.1 (Presence of a *Prohibited Substance* or its *Metabolites* or *Markers* in an *Athlete's Sample*) or Article 2.2 (*Use or Attempted Use* by an *Athlete* of a *Prohibited Substance* or a *Prohibited Method*).

²¹ [Comment to Article 4.4.7.1: WADA shall be entitled to charge a fee to cover the costs of: (a) any review it is required to conduct in accordance with Article 4.4.7; and (b) any review it chooses to conduct, where the decision being reviewed is reversed.]

²² [Comment to Article 4.4.7.2: In such cases, the decision being appealed is the FIP's TUE decision, not WADA's decision not to review the TUE decision or (having reviewed it) not to reverse the TUE decision. However, the time to appeal the TUE decision does not begin to run until the date that WADA communicates its decision. In any event, whether the decision has been reviewed by WADA or not, WADA shall be given notice of the appeal so that it may participate if it sees fit.]

²³ [Comment to Article 5.1: Where Testing is conducted for anti-doping purposes, the analytical results and data may be used for other legitimate purposes under the Anti-Doping Organization's rules. See, e.g., Comment to Article 23.2.2 of the Code.]

5.1.1 Authority to Test

- 5.2.1** Subject to the limitations for *Event Testing* set out in Article 5.3, FIP shall have *In-Competition* and *Out-of-Competition Testing* authority over all *Athletes* specified in the Introduction to these Anti-Doping Rules (Section "Scope of these Anti-Doping Rules").
- 5.2.2** FIP may require any *Athlete* over whom it has *Testing* authority (including any *Athlete* serving a period of *Ineligibility*) to provide a *Sample* at any time and at any place.²⁴
- 5.2.3** WADA shall have *In-Competition* and *Out-of-Competition Testing* authority as set out in Article 20.7.10 of the *Code*.
- 5.2.4** If FIP delegates or contracts any part of *Testing* to a *National Anti-Doping Organization* directly or through a *National Federation*, that *National Anti-Doping Organization* may collect additional *Samples* or direct the laboratory to perform additional types of analysis at the *National Anti-Doping Organization's* expense. If additional *Samples* are collected or additional types of analysis are performed, FIP shall be notified.

5.2 Event Testing

- 5.3.1** Except as otherwise provided below, only a single organization shall have authority to conduct *Testing* at *Event Venues* during an *Event Period*. At *International Events*, FIP (or other international organization which is the ruling body for an Event) shall have authority to conduct *Testing*. At *National Events*, the *National Anti-Doping Organization* of that country shall have authority to conduct *Testing*. At the request of FIP (or other international organization which is the ruling body for an Event), any Testing during the Event Period outside of the Event Venues shall be coordinated with FIP (or the relevant ruling body of the Event).
- 5.3.2** If an *Anti-Doping Organization*, which would otherwise have *Testing* authority but is not responsible for initiating and directing *Testing* at an *Event*, desires to conduct *Testing* of *Athletes* at the *Event Venues* during the *Event Period*, the *Anti-Doping Organization* shall first confer with FIP (or other international organization which is the ruling body of the Event) to obtain permission to conduct and coordinate such *Testing*. If the *Anti-Doping Organization* is not satisfied with the response from FIP (or other international organization which is the ruling body of the Event), the *Anti-Doping Organization* may, in accordance with the procedures described in the *International Standard for Testing and Investigations*, ask WADA for

²⁴ [Comment to Article 5.2.2: FIP may obtain additional authority to conduct *Testing* by means of bilateral or multilateral agreements with other Signatories. Unless the *Athlete* has identified a sixty-minute *Testing* window between the hours of 11:00 p.m. and 6:00 a.m., or has otherwise consented to *Testing* during that period, FIP will not test an *Athlete* during that period unless it has a serious and specific suspicion that the *Athlete* may be engaged in doping. A challenge to whether FIP had sufficient suspicion for *Testing* during this time period shall not be a defense to an anti-doping rule violation based on such test or attempted test.]

permission to conduct *Testing* and to determine how to coordinate such *Testing*. WADA shall not grant approval for such *Testing* before consulting with and informing FIP (or other international organization which is the ruling body for the *Event*). WADA's decision shall be final and not subject to appeal. Unless otherwise provided in the authorization to conduct *Testing*, such tests shall be considered *Out-of-Competition* tests. *Results Management* for any such test shall be the responsibility of the *Anti-Doping Organization* initiating the test unless provided otherwise in the rules of the ruling body of the *Event*.²⁵

6 Testing Requirements

5.4.1 FIP shall conduct test distribution planning and *Testing* as required by the *International Standard* for *Testing* and Investigations.

5.4.2 Where reasonably feasible, *Testing* shall be coordinated through *ADAMS* in order to maximize the effectiveness of the combined *Testing* effort and to avoid unnecessary repetitive *Testing*.

7 Athlete Whereabouts Information

5.5.1 FIP may identify a *Registered Testing Pool* of those *Athletes* who are required to comply with the whereabouts requirements specified in the *International Standard* for *Testing* and Investigations, and who shall be subject to *Consequences* for Article 2.4 violations as provided in Article 10.3.2. FIP shall make available through *ADAMS*, a list which identifies those *Athletes* included in its *Registered Testing Pool* by name. FIP shall coordinate with *National Anti-Doping Organizations* the identification of such *Athletes* and the collection of their whereabouts information. FIP shall review and update as necessary its criteria for including *Athletes* in its *Registered Testing Pool*, and shall revise the membership of its *Registered Testing Pool* from time to time as appropriate in accordance with the set criteria. *Athletes* shall be notified before they are included in a *Registered Testing Pool* and when they are removed from that pool. Each *Athlete* in the *Registered Testing Pool* shall do the following, in each case in accordance with the *International Standard* for *Testing* and Investigations: (a) advise FIP of his/her whereabouts on a quarterly basis; (b) update that information as necessary so that it remains accurate and complete at all times; and (c) make him/herself available for *Testing* at such whereabouts.

5.5.2 For purposes of Article 2.4, an *Athlete's* failure to comply with the requirements of the *International Standard* for *Testing* and Investigations shall be deemed a filing failure or a missed test (as defined in Annex B of the *International Standard* for *Results Management*) where the conditions set forth in Annex B of that *International Standard* are met.

5.5.3 An *Athlete* in FIP's *Registered Testing Pool* shall continue to be subject to the obligation to comply with the whereabouts requirements set in the *International Standard* for *Testing* and Investigations unless and until (a) the *Athlete* gives written notice to FIP that he/she has retired

²⁵ [Comment to Article 5.3.2: Before giving approval to a *National Anti-Doping Organization* to initiate and conduct *Testing* at an *International Event*, WADA shall consult with the international organization which is the ruling body for the *Event*. Before giving approval to an *International Federation* to initiate and conduct *Testing* at a *National Event*, WADA shall consult with the *National Anti-Doping Organization* of the country where the *Event* takes place. The *Anti-Doping Organization* "initiating and directing *Testing*" may, if it chooses, enter into agreements with a *Delegated Third Party* to which it delegates responsibility for *Sample collection* or other aspects of the *Doping Control* process.]

or (b) FIP has informed him or her that he/she no longer satisfies the criteria for inclusion in FIP's *Registered Testing Pool*.

5.5.4 Whereabouts information relating to an *Athlete* while in the *Registered Testing Pool* shall be accessible (through *ADAMS*) to *WADA* and other *Anti-Doping Organizations* having authority to test that *Athlete*, shall be maintained in strict confidence at all times, shall be used exclusively for the purposes of planning, coordinating or conducting *Doping Control*, providing information relevant to the *Athlete Biological Passport* or other analytical results, to support an investigation into a potential anti-doping rule violation, or to support proceedings alleging an anti-doping rule violation, and shall be destroyed in accordance with the *International Standard* for the Protection of Privacy and Personal Information once it is no longer relevant for these purposes.

5.5.5 Each *National Federation* shall use its best efforts to ensure that *Athletes* in the FIP's *Registered Testing Pool* submit whereabouts information as required. However, the ultimate responsibility for providing whereabouts information rests with each *Athlete*.

5.5.6 In accordance with the *International Standard for Testing and Investigations*, FIP may establish a *Testing Pool*, which includes *Athletes* who are subject to less stringent whereabouts requirements than *Athletes* included in FIP's *Registered Testing Pool*.

FIP shall notify *Athletes* before they are included in the *Testing Pool* and when they are removed. Such notification shall include the whereabouts requirements and the consequences that apply in case of non-compliance, as indicated below.

Athletes included in the *Testing Pool* shall provide FIP with the following whereabouts information so that they may be located and subjected to *Testing*:

- (a) An overnight address;
- (b) *Competition / Event* schedule; and
- (c) Regular training activities.

Such whereabouts information should be filed in *ADAMS* to enable better *Testing* coordination with other *Anti-Doping Organizations*.

An *Athlete's* failure to provide whereabouts information on or before the date required by FIP or the *Athlete's* failure to provide accurate whereabouts information shall result in FIP elevating the *Athlete* to FIP's *Registered Testing Pool*.

More information about FIP Testing Pools and the current whereabouts requirements can be found on the FIP website.

5.5.7 FIP may, in accordance with the *International Standard for Testing and Investigations*, collect whereabouts information from *Athletes* who are not included within a *Registered Testing Pool* or *Testing Pool*. If it chooses to do so, an *Athlete's* failure to provide requested whereabouts information on or before the date required by FIP or the *Athlete's* failure to provide accurate whereabouts information shall result in FIP elevating the *Athlete* to FIP's *Registered Testing Pool*.

7.1 Selection of Athletes to be tested

5.6.1 At its International *Competitions* or *Events*, FIP shall determine the number of finishing tests, random tests and target tests to be performed.

5.6.2 In order to ensure that *Testing* is conducted on a No Advance Notice *Testing* basis, the *Athlete* selection decisions shall only be disclosed in advance of *Testing* to those who need to know in order for such *Testing* to be conducted.

8 In Competition Testing

5.7.1 Upon selection of an Athlete for *Doping Control* during a Competition, the following procedures shall be followed.

5.7.2 The official responsible for notifying the *Athlete* for *Doping Control* (whether the Doping Control Officer (DCO) or *Chaperone*) shall write the name of the *Athlete* on the official notification form and present it to the *Athlete*, as discreetly as possible, immediately after the *Athlete* has completed his competition. The *Athlete* shall sign to confirm receipt of the notification and retain a copy. The time of signing shall be recorded on the form. The *Athlete* must stay in view of the Chaperone until reporting to the *Doping Control* Station.

If an *Athlete* refuses to sign the notification form, the Chaperone shall immediately report this to the Doping Control Officer who shall make every effort to inform the *Athlete* of his obligation to undergo *Doping Control* and the consequences of them not submitting themselves to the control. If the *Athlete* fails or refuses to sign this notice or fails to report to the *Doping Control* Station as required, the *Athlete* shall be deemed to have refused to submit to *Doping Control* for the purpose of Articles 2.3 and 10.3.1 of these rules. Even if the *Athlete* indicates reluctance to report to the *Doping Control* Station, the Chaperone shall keep the *Athlete* in view until there is no question that the *Athlete* has refused to submit to *Doping Control*.

5.7.3 The *Athlete* is required to report immediately to the *Doping Control* Station, unless there is a valid reason for a delay, as determined in accordance with article 5.7.8

5.7.4 The *Athlete* shall be entitled to be accompanied to the *Doping Control* Station by (i) a competition-accredited representative from his *National Federation*, and (ii) an interpreter if required.

5.7.5 In case the *Athlete* is a *Minor*, the *Athlete* shall be entitled to be accompanied by a representative observing the witnessing DCO/Chaperone when the *Minor Athlete* is passing a urine *Sample*, but without the representative directly observing the passing of the *Sample* unless requested to

do so by the *Minor*.

5.7.6 The *Athlete* must show a valid identification document at the *Doping Control Station*. The *Athlete's* time of arrival at the *Doping Control Station* shall be recorded on the doping control form.

5.7.7 The *Athlete* has the right to ask the DCO or Chaperone for permission to delay reporting to the *Doping Control Station* and/or to leave the *Doping Control Station* temporarily after arrival, but the request may be granted only if the *Athlete* can be continuously chaperoned and kept under direct observation during the delay, and if the request relates to the following activities:

- a) Participation in a presentation ceremony;
- b) Fulfilment of media commitments;
- c) Competing in further Competitions;
- d) Performing a warm down;
- e) Obtaining necessary medical treatment;
- f) Locating a representative and/or interpreter;
- g) Obtaining photo identification; or
- h) Any other reasonable circumstances as determined by the DCO, taking into account any instructions of FIP or other Testing Authority with jurisdiction at an Event.

5.7.8 Only the following persons may be present in the *Doping Control Station*:

- a) The Doping Control Officer/s and the Chaperone/s.
- b) Staff assigned to the station
- c) Authorized interpreters
- d) The Athletes selected for Doping Control and their representative
- e) The WADA's Independent Observer

The news media shall not be admitted to the *Doping Control Station*. The doors of the station must not be left open.

No photography or filming shall be permitted in the *Doping Control Station* during the hours of operation.

9 Out of competition testing

Out-Of-Competition Testing may be conducted by FIP, WADA or a *National Anti-Doping Organization* (or agencies appointed by them) at any time or location in any member country. This *Testing* shall be carried out without any advance notice to the *Athlete* or their *National Federation*. Every *Athlete* affiliated with a *National Federation* is obliged to undergo *Out-of-Competition Testing* as decided by the FIP, WADA or the *National Anti-Doping Organization*.

10 Retired Athletes Returning to Competition

5.9.1 If an *International-Level Athlete* or *National-Level Athlete* in FIP's *Registered Testing Pool* retires and then wishes to return to active participation in sport, the *Athlete* shall not compete in *International Events* or *National Events* until the *Athlete* has made himself or herself available for *Testing*, by giving six-months prior written notice to FIP and their *National Anti-Doping Organization*.

WADA, in consultation with FIP and the *Athlete's National Anti-Doping Organization*, may grant an exemption to the six-month written notice rule where the strict application of that rule would be unfair to the *Athlete*. This decision may be appealed under Article 13.

Any competitive results obtained in violation of this Article 5.6.1 shall be *Disqualified* unless the *Athlete* can establish that he or she could not have reasonably known that this was an *International Event* or a *National Event*.

5.9.2 If an *Athlete* retires from sport while subject to a period of *Ineligibility*, the *Athlete* must notify the *Anti-Doping Organization* that imposed the period of *Ineligibility* in writing of such retirement. If the *Athlete* then wishes to return to active competition in sport, the *Athlete* shall not compete in *International Events* or *National Events* until the *Athlete* has made himself or herself available for *Testing* by giving six-months prior written notice (or notice equivalent to the period of *Ineligibility* remaining as of the date the *Athlete* retired, if that period was longer than six (6) months) to FIP and to their *National Anti-Doping Organization*.

11 Independent Observer Program

FIP and the organizing committees for FIP's *Events*, as well as the *National Federations* and the organizing committees for *National Events*, shall authorize and facilitate the *Independent Observer Program* at such *Events*.

ARTICLE 6 ANALYSIS OF SAMPLES

Samples shall be analyzed in accordance with the following principles:

6.1 Use of Accredited, Approved Laboratories and Other Laboratories

6.1.1 For purposes of directly establishing an *Adverse Analytical Finding* under Article 2.1, *Samples* shall be analyzed only in WADA-accredited laboratories or laboratories otherwise approved by WADA. The choice of the WADA-accredited or WADA-approved laboratory used for the *Sample* analysis shall be determined exclusively by FIP²⁶.

²⁶ [Comment to Article 6.1.1: Violations of Article 2.1 may be established only by Sample analysis performed by a WADA-accredited laboratory or another laboratory approved by WADA. Violations of other Articles may be established using analytical results from other laboratories so long as the results are reliable.]

- 6.1.2** As provided in Article 3.2, facts related to anti-doping rule violations may be established by any reliable means. This would include, for example, reliable laboratory or other forensic testing conducted outside of WADA-accredited or approved laboratories.

6 Purpose of Analysis of *Samples* and Data

Samples and related analytical data or *Doping Control* information shall be analyzed to detect *Prohibited Substances* and *Prohibited Methods* identified on the *Prohibited List* and other substances as may be directed by WADA pursuant to the monitoring program described in Article 4.5 of the *Code*, or to assist FIP in profiling relevant parameters in an *Athlete's* urine, blood or other matrix, including for DNA or genomic profiling, or for any other legitimate anti-doping purpose²⁷.

7 Research on *Samples* and Data

Samples, related analytical data and *Doping Control* information may be used for anti-doping research purposes, although no *Sample* may be used for research without the *Athlete's* written consent. *Samples* and related analytical data or *Doping Control* information used for research purposes shall first be processed in such a manner as to prevent *Samples* and related analytical data or *Doping Control* information being traced back to a particular *Athlete*. Any research involving *Samples* and related analytical data or *Doping Control* information shall adhere to the principles set out in Article 19 of the *Code*.²⁸

8 Standards for *Sample* Analysis and Reporting

In accordance with Article 6.4 of the *Code*, FIP shall ask laboratories to analyze *Samples* in conformity with the *International Standard* for Laboratories and Article 4.7 of the *International Standard* for Testing and Investigations.

Laboratories at their own initiative and expense may analyze *Samples* for *Prohibited Substances* or *Prohibited Methods* not included on the standard *Sample* analysis menu, or as requested by

²⁷ [Comment to Article 6.2: For example, relevant *Doping Control*-related information could be used to direct Target Testing or to support an anti-doping rule violation proceeding under Article 2.2, or both.]

²⁸ [Comment to Article 6.3: As is the case in most medical or scientific contexts, use of *Samples* and related information for quality assurance, quality improvement, method improvement and development or to establish reference populations is not considered research. *Samples* and related information used for such permitted non-research purposes must also first be processed in such a manner as to prevent them from being traced back to the particular *Athlete*, having due regard to the principles set out in Article 19 of the *Code*, as well as the requirements of the *International Standard* for Laboratories and *International Standard* for the Protection of Privacy and Personal Information.]

FIP. Results from any such analysis shall be reported to FIP and have the same validity and *Consequences* as any other analytical result²⁹.

9 Further Analysis of a *Sample* Prior to or During *Results Management*

There shall be no limitation on the authority of a laboratory to conduct repeat or additional analysis on a *Sample* prior to the time FIP notifies an *Athlete* that the *Sample* is the basis for an Article 2.1 anti-doping rule violation charge. If after such notification FIP wishes to conduct additional analysis on that *Sample*, it may do so with the consent of the *Athlete* or approval from a hearing body.

10 Further Analysis of a *Sample* After it has been Reported as Negative or has Otherwise not Resulted in an Anti-Doping Rule Violation Charge

After a laboratory has reported a *Sample* as negative, or the *Sample* has not otherwise resulted in an anti-doping rule violation charge, it may be stored and subjected to further analyses for the purpose of Article 6.2 at any time exclusively at the direction of either the *Anti-Doping Organization* that initiated and directed *Sample* collection or WADA. Any other *Anti-Doping Organization* with authority to test the *Athlete* that wishes to conduct further analysis on a stored *Sample* may do so with the permission of the *Anti-Doping Organization* that initiated and directed *Sample* collection or WADA, and shall be responsible for any follow-up *Results Management*. Any *Sample* storage or further analysis initiated by WADA or another *Anti-Doping Organization* shall be at WADA's or that organization's expense. Further analysis of *Samples* shall conform with the requirements of the *International Standard* for Laboratories.

11 Split of A or B *Sample*

Where WADA, an *Anti-Doping Organization* with *Results Management* authority, and/or a WADA-accredited laboratory (with approval from WADA or the *Anti-Doping Organization* with *Results Management* authority) wishes to split an A or B *Sample* for the purpose of using the first part of the split *Sample* for an A *Sample* analysis and the second part of the split *Sample* for confirmation, then the procedures set forth in the *International Standard* for Laboratories shall be followed.

12 WADA's Right to Take Possession of *Samples* and Data

WADA may, in its sole discretion at any time, with or without prior notice, take physical possession of any *Sample* and related analytical data or information in the possession of a laboratory or *Anti-Doping Organization*. Upon request by WADA, the laboratory or *Anti-Doping Organization* in possession of the *Sample* or data shall immediately grant access to and enable WADA to take physical possession of the *Sample* or data. If WADA has not provided prior notice to the laboratory or *Anti-Doping Organization* before taking possession of a *Sample* or data, it shall provide such notice to the laboratory and each *Anti-Doping Organization* whose *Samples* or data have been taken by WADA within a reasonable time after taking possession. After analysis and any investigation of a seized *Sample* or data, WADA may direct another *Anti-Doping Organization* with authority to test the *Athlete* to assume *Results Management* responsibility for the *Sample* or data if a potential anti-doping rule violation is discovered³⁰.

²⁹ [Comment to Article 6.4: The objective of this Article is to extend the principle of "Intelligent Testing" to the *Sample* analysis menu so as to most effectively and efficiently detect doping. It is recognized that the resources available to fight doping are limited and that increasing the *Sample* analysis menu may, in some sports and countries, reduce the number of *Samples* which can be analyzed.]

³⁰ [Comment to Article 6.8: Resistance or refusal to WADA taking physical possession of *Samples* or data could constitute Tampering, Complicity or an act of non-compliance as provided in the *International Standard* for Code Compliance by Signatories, and could

ARTICLE 7 RESULTS MANAGEMENT: RESPONSIBILITY, INITIAL REVIEW, NOTICE AND PROVISIONAL SUSPENSIONS

Results Management under these Anti-Doping Rules establishes a process designed to resolve anti-doping rule violation matters in a fair, expeditious and efficient manner.

14 Responsibility for Conducting Results Management

- 7.1.1** Except as otherwise provided in Articles 6.6, 6.8 and *Code Article 7.1*, *Results Management* shall be the responsibility of, and shall be governed by, the procedural rules of the *Anti-Doping Organization* that initiated and directed *Sample* collection (or, if no *Sample* collection is involved, the *Anti-Doping Organization* which first provides notice to an *Athlete* or other *Person* of a potential anti-doping rule violation and then diligently pursues that anti-doping rule violation).
- 7.1.2** In circumstances where the rules of a *National Anti-Doping Organization* do not give the *National Anti-Doping Organization* authority over an *Athlete* or other *Person* who is not a national, resident, license holder, or member of a sport organization of that country, or the *National Anti-Doping Organization* declines to exercise such authority, *Results Management* shall be conducted by the applicable International Federation or by a third party with authority over the *Athlete* or other *Person* as directed by the rules of the applicable International Federation.
- 7.1.3** In the event the *Major Event Organization* assumes only limited *Results Management* responsibility relating to a *Sample* initiated and taken during an *Event* conducted by a *Major Event Organization*, or an anti-doping rule violation occurring during such *Event*, the case shall be referred by the *Major Event Organization* to the applicable International Federation for completion of *Results Management*.
- 7.1.4** *Results Management* in relation to a potential whereabouts failure (a filing failure or a missed test) shall be administered by FIP or the *National Anti-Doping Organization* with whom the *Athlete* in question files whereabouts information, as provided in the *International Standard for Results Management*. If FIP determines a filing failure or a missed test, it shall submit that information to WADA through ADAMS, where it will be made available to other relevant *Anti-Doping Organizations*.
- 7.1.5** Other circumstances in which FIP shall take responsibility for conducting *Results Management*

also constitute a violation of the International Standard for Laboratories. Where necessary, the laboratory and/or the Anti-Doping Organization shall assist WADA in ensuring that the seized Sample or data are not delayed in exiting the applicable country.]

[Comment to Article 6.8: WADA would not, of course, unilaterally take possession of Samples or analytical data without good cause related to a potential anti-doping rule violation, non-compliance by a Signatory or doping activities by another Person. However, the decision as to whether good cause exists is for WADA to make in its discretion and shall not be subject to challenge. In particular, whether there is good cause or not shall not be a defense against an anti-doping rule violation or its Consequences.]

in respect of anti-doping rule violations involving *Athletes* and other *Persons* under its authority shall be determined by reference to and in accordance with Article 7 of the *Code*.

- 7.1.6** WADA may direct FIP to conduct *Results Management* in particular circumstances. If FIP refuses to conduct *Results Management* within a reasonable deadline set by WADA, such refusal shall be considered an act of non-compliance, and WADA may direct another *Anti-Doping Organization* with authority over the *Athlete* or other *Person*, that is willing to do so, to take *Results Management* responsibility in place of FIP or, if there is no such *Anti-Doping Organization*, any other *Anti-Doping Organization* that is willing to do so. In such case, FIP shall reimburse the costs and attorney's fees of conducting *Results Management* to the other *Anti-Doping Organization* designated by WADA, and a failure to reimburse costs and attorney's fees shall be considered an act of non-compliance.

15 Review and Notification Regarding Potential Anti-Doping Rule Violations

FIP shall carry out the review and notification with respect to any potential anti-doping rule violation in accordance with the *International Standard for Results Management*.

16 Identification of Prior Anti-Doping Rule Violations

Before giving an *Athlete* or other *Person* notice of a potential anti-doping rule violation as provided above, FIP shall refer to ADAMS and contact WADA and other relevant *Anti-Doping Organizations* to determine whether any prior anti-doping rule violation exists.

17 Provisional Suspensions³¹

- 7.4.1** Mandatory *Provisional Suspension* after an *Adverse Analytical Finding* or *Adverse Passport Finding*

If FIP receives an *Adverse Analytical Finding* or an *Adverse Passport Finding* (upon completion of the *Adverse Passport Finding* review process) for a *Prohibited Substance* or a *Prohibited Method* that is not a *Specified Substance* or a *Specified Method*, it shall impose a *Provisional Suspension* on the *Athlete* promptly upon or after the review and notification required by Article 7.2.

A mandatory *Provisional Suspension* may be eliminated if: (i) the *Athlete* demonstrates to CAS Anti-Doping Division (CAS ADD) that the violation is likely to have involved a *Contaminated Product*, or (ii) the violation involves a *Substance of Abuse* and the *Athlete* establishes entitlement to a reduced period of *Ineligibility* under Article 10.2.4.1.

³¹ [Comment to Article 7.4: Before a *Provisional Suspension* can be unilaterally imposed by FIP, the internal review specified in these *Anti-Doping Rules* and the *International Standard for Results Management* must first be completed.]

CAS ADD's decision not to eliminate a mandatory *Provisional Suspension* on account of the *Athlete's* assertion regarding a *Contaminated Product* shall not be appealable.

7.4.2 Optional *Provisional Suspension* Based on an *Adverse Analytical Finding* for *Specified Substances, Specified Methods, Contaminated Products, or Other Anti-Doping Rule Violations*

FIP may impose a *Provisional Suspension* for anti-doping rule violations not covered by Article 7.4.1 prior to the analysis of the *Athlete's B Sample* or final hearing as described in Article 8.

An optional *Provisional Suspension* may be lifted at the discretion of FIP at any time prior to CAS ADD's decision under Article 8, unless provided otherwise in the *International Standard for Results Management*.

7.4.3 Opportunity for Hearing or Appeal

Notwithstanding Articles 7.4.1 and 7.4.2, a *Provisional Suspension* may not be imposed unless the *Athlete* or other *Person* is given: (a) an opportunity for a *Provisional Hearing*, either before or on a timely basis after the imposition of the *Provisional Suspension*; or (b) an opportunity for an expedited hearing in accordance with Article 8 on a timely basis after the imposition of the *Provisional Suspension*.

The imposition of a *Provisional Suspension*, or the decision not to impose a *Provisional Suspension*, may be appealed in an expedited process in accordance with Article 13.2.

7.4.4 Voluntary Acceptance of *Provisional Suspension*

Athletes on their own initiative may voluntarily accept a *Provisional Suspension* if done so prior to the later of: (i) the expiration of ten (10) days from the report of the *B Sample* (or waiver of the *B Sample*) or ten (10) days from the notice of any other anti-doping rule violation, or (ii) the date on which the *Athlete* first competes after such report or notice.

Other *Persons* on their own initiative may voluntarily accept a *Provisional Suspension* if done so within ten (10) days from the notice of the anti-doping rule violation.

Upon such voluntary acceptance, the *Provisional Suspension* shall have the full effect and be treated in the same manner as if the *Provisional Suspension* had been imposed under Article 7.4.1 or 7.4.2; provided, however, at any time after voluntarily accepting a *Provisional Suspension*, the *Athlete* or other *Person* may withdraw such acceptance, in which event the *Athlete* or other *Person* shall not receive any credit for time previously served during the *Provisional Suspension*.

7.4.5 If a *Provisional Suspension* is imposed based on an *A Sample Adverse Analytical Finding* and a subsequent *B Sample* analysis (if requested by the *Athlete* or FIP does not confirm the *A Sample* analysis, then the *Athlete* shall not be subject to any further *Provisional Suspension* on account of a violation of Article 2.1. In circumstances where the *Athlete* or the *Athlete's* team has been removed from an *Event* based on a violation of Article 2.1 and the subsequent *B Sample* analysis does not confirm the *A Sample* finding, then, if it is still possible for the *Athlete* or team to be reinserted, without otherwise affecting the *Event*, the *Athlete* or team may continue to take part in the *Event*.

18 Results Management Decisions

Results Management decisions or adjudications by FIP must not purport to be limited to a particular geographic area or the FIP's sport and shall address and determine without limitation the following issues: (i) whether an anti-doping rule violation was committed or a *Provisional Suspension* should be imposed, the factual basis for such determination, and the specific Articles that have been violated, and (ii) all *Consequences* flowing from the anti-doping rule violation(s), including applicable *Disqualifications* under Articles 9 and 10.10, any forfeiture of medals or prizes, any period of *Ineligibility* (and the date it begins to run) and any *Financial Consequences*.³²

19 Notification of Results Management Decisions

FIP shall notify *Athletes*, other *Persons*, *Signatories* and WADA of *Results Management* decisions as provided in Article 14 and in the *International Standard for Results Management*.

20 Retirement from Sport³³

If an *Athlete* or other *Person* retires while the FIP's *Results Management* process is underway, FIP retains authority to complete its *Results Management* process. If an *Athlete* or other *Person* retires before any *Results Management* process has begun, and FIP would have had *Results Management* authority over the *Athlete* or other *Person* at the time the *Athlete* or other *Person* committed an anti-doping rule violation, FIP has authority to conduct *Results Management*.

³² [Comment to Article 7.5: *Results Management* decisions include *Provisional Suspensions*.

Each decision by FIP should address whether an anti-doping rule violation was committed and all *Consequences* flowing from the violation, including any *Disqualifications* other than *Disqualification* under Article 10.1 (which is left to the ruling body for an *Event*). Pursuant to Article 15, such decision and its imposition of *Consequences* shall have automatic effect in every sport in every country. For example, for a determination that an *Athlete* committed an anti-doping rule violation based on an *Adverse Analytical Finding* for a *Sample* taken *In-Competition*, the *Athlete's* results obtained in the *Competition* would be *Disqualified* under Article 9 and all other competitive results obtained by the *Athlete* from the date the *Sample* was collected through the duration of the period of *Ineligibility* are also *Disqualified* under Article 10.10; if the *Adverse Analytical Finding* resulted from *Testing* at an *Event*, it would be the *Major Event Organization's* responsibility to decide whether the *Athlete's* other individual results in the *Event* prior to *Sample* collection are also *Disqualified* under Article 10.1.]

³³ [Comment to Article 7.7: Conduct by an *Athlete* or other *Person* before the *Athlete* or other *Person* was subject to the authority of any *Anti-Doping Organization* would not constitute an anti-doping rule violation but could be a legitimate basis for denying the *Athlete* or other *Person* membership in a sports organization.]

ARTICLE 8 RESULTS MANAGEMENT: RIGHT TO A FAIR HEARING AND NOTICE OF HEARING DECISION

For any *Person* who is asserted to have committed an anti-doping rule violation, FIP shall provide a fair hearing within a reasonable time by a fair, impartial and *Operationally Independent* hearing panel in compliance with the *Code* and the *International Standard for Results Management*.

22 Fair Hearings

8.1.1 Fair, Impartial and *Operationally Independent* Hearing Panel

FIP has delegated its Article 8 responsibilities (first instance hearings, waiver of hearings and decisions) to the CAS Anti-Doping Division (CAS ADD). The procedural rules of CAS ADD pertaining to the hearing of first instance shall apply. CAS ADD will always ensure that the *Athlete* or other *Person* is provided with a fair hearing within a reasonable time by a fair, impartial and *Operationally Independent* hearing panel in compliance with the *Code* and the *International Standard for Results Management*.

8.1.2 Hearing Process

8.1.2.1 When FIP sends a notice to an *Athlete* or other *Person* notifying them of a potential anti-doping rule violation, and the *Athlete* or other *Person* does not waive a hearing in accordance with Article 8.3.1 or Article 8.3.2, then the case shall be referred to the CAS ADD for hearing and adjudication, which shall be conducted in accordance with the principles described in Articles 8 and 9 of the *International Standard for Results Management*.

8.1.2.2 Hearings held in connection with *Events* in respect to *Athletes* and other *Persons* who are subject to these Anti-Doping Rules may be conducted by an expedited process where permitted by the CAS ADD.³⁴

8.1.2.3 WADA, the *National Federation* and the *National Anti-Doping Organization* of the *Athlete* or other *Person* may attend the hearing as observers. In any event, FIP shall keep them fully apprised as to the status of pending cases and the result of all hearings.

23 Notice of Decisions

³⁴ [Comment to Article 8.1.2.4: For example, a hearing could be expedited on the eve of a major Event where the resolution of the anti-doping rule violation is necessary to determine the Athlete's eligibility to participate in the Event, or during an Event where the resolution of the case will affect the validity of the Athlete's results or continued participation in the Event.]

- 8.2.1** At the end of the hearing, or promptly thereafter, the CAS ADD shall issue a written decision that conforms with Article 9 of the *International Standard for Results Management* and which includes the full reasons for the decision, the period of *Ineligibility* imposed, the *Disqualification* of results under Article 10.10 and, if applicable, a justification for why the greatest potential *Consequences* were not imposed.
- 8.2.2** FIP shall notify that decision to the *Athlete* or other *Person* and to other *Anti-Doping Organizations* with a right to appeal under Article 13.2.3, and shall promptly report it into ADAMS. The decision may be appealed as provided in Article 13.

24 Waiver of Hearing

- 8.3.1** An *Athlete* or other *Person* against whom an anti-doping rule violation is asserted may waive a hearing expressly and agree with the *Consequences* proposed by FIP.
- 8.3.2** However, if the *Athlete* or other *Person* against whom an anti-doping rule violation is asserted fails to dispute that assertion within twenty (20) days or the deadline otherwise specified in the notice sent by FIP asserting the violation, then they shall be deemed to have waived a hearing, to have admitted the violation, and to have accepted the proposed *Consequences*.
- 8.3.3** In cases where Article 8.3.1 or 8.3.2 applies, a hearing before CAS ADD shall not be required. Instead FIP shall promptly issue a written decision that conforms with Article 9 of the *International Standard for Results Management* and which includes the full reasons for the decision, the period of *Ineligibility* imposed, the *Disqualification* of results under Article 10.10 and, if applicable, a justification for why the greatest potential *Consequences* were not imposed.
- 8.3.4** FIP shall notify that decision to the *Athlete* or other *Person* and to other *Anti-Doping Organizations* with a right to appeal under Article 13.2.3, and shall promptly report it into ADAMS. FIP shall *Publicly Disclose* that decision in accordance with Article 14.3.2.

25 Single Hearing Before CAS

Anti-doping rule violations asserted against *International-Level Athletes*, *National-Level Athletes* or other *Persons* may, with the consent of the *Athlete* or other *Person*, FIP (where it has *Results Management* responsibility in accordance with Article 7) and WADA, be heard in a single hearing directly at CAS.³⁵

³⁵ [Comment to Article 8.4: In some cases, the combined cost of holding a hearing in the first instance at the international or national level, then rehearing the case de novo before CAS can be very substantial. Where all of the parties identified in this Article are satisfied that their interests will be adequately protected in a single hearing, there is no need for the Athlete or Anti-Doping Organizations to incur the extra expense of two (2) hearings. An Anti-Doping Organization may participate in the CAS hearing as an observer. Nothing set out in Article 8.4 precludes the Athlete or other Person and FIP (where it has Results Management

ARTICLE 9 AUTOMATIC DISQUALIFICATION OF INDIVIDUAL RESULTS

An anti-doping rule violation in *Individual Sports* in connection with an *In-Competition* test automatically leads to *Disqualification* of the result obtained in that *Competition* with all resulting *Consequences*, including forfeiture of any medals, points and prizes.³⁶

ARTICLE 10 SANCTIONS ON INDIVIDUALS

28 *Disqualification of Results in the Event during which an Anti-Doping Rule Violation Occurs*

10.1.1 An anti-doping rule violation occurring during or in connection with an *Event* may, upon the decision of the ruling body of the *Event*, lead to *Disqualification* of all of the *Athlete's* individual results obtained in that *Event* with all *Consequences*, including forfeiture of all medals, points and prizes, except as provided in Article 10.1.2.

Factors to be included in considering whether to *Disqualify* other results in an *Event* might include, for example, the seriousness of the *Athlete's* anti-doping rule violation and whether the *Athlete* tested negative in the other *Competitions*.³⁷

10.1.2 If the *Athlete* establishes that he or she bears *No Fault or Negligence* for the violation, the *Athlete's* individual results in the other *Competitions* shall not be *Disqualified*, unless the *Athlete's* results in *Competitions* other than the *Competition* in which the anti-doping rule violation occurred were likely to have been affected by the *Athlete's* anti-doping rule violation.

29 *Ineligibility for Presence, Use or Attempted Use, or Possession of a Prohibited Substance or Prohibited Method*

responsibility) to waive their right to appeal by agreement. Such waiver, however, only binds the parties to such agreement and not any other entity with a right of appeal under the Code.]

³⁶ [Comment to Article 9: For Team Sports, any awards received by individual players will be Disqualified. However, Disqualification of the team will be as provided in Article 11. In sports which are not Team Sports but where awards are given to teams, Disqualification or other disciplinary action against the team when one or more team members have committed an anti-doping rule violation shall be as provided in the applicable rules of the International Federation.]

³⁷ [Comment to Article 10.1.1: Whereas Article 9 Disqualifies the result in a single Competition in which the Athlete tested positive (e.g., the 100 meter backstroke), this Article may lead to Disqualification of all results in all races during the Event (e.g., the swimming World Championships).]

The period of *Ineligibility* for a violation of Article 2.1, 2.2 or 2.6 shall be as follows, subject to potential elimination, reduction or suspension pursuant to Article 10.5, 10.6 or 10.7:

10.2.1 The period of *Ineligibility*, subject to Article 10.2.4, shall be four (4) years where:

10.2.1.1 The anti-doping rule violation does not involve a *Specified Substance* or a *Specified Method*, unless the *Athlete* or other *Person* can establish that the anti-doping rule violation was not intentional.³⁸

10.2.1.2 The anti-doping rule violation involves a *Specified Substance* or a *Specified Method* and FIP can establish that the anti-doping rule violation was intentional.

10.2.2 If Article 10.2.1 does not apply, subject to Article 10.2.4.1, the period of *Ineligibility* shall be two (2) years.

10.2.3 As used in Article 10.2, the term "intentional" is meant to identify those *Athletes* or other *Persons* who engage in conduct which they knew constituted an anti-doping rule violation or knew that there was a significant risk that the conduct might constitute or result in an anti-doping rule violation and manifestly disregarded that risk. An anti-doping rule violation resulting from an *Adverse Analytical Finding* for a substance which is only prohibited *In-Competition* shall be rebuttably presumed to be not "intentional" if the substance is a *Specified Substance* and the *Athlete* can establish that the *Prohibited Substance* was *Used Out-of-Competition*. An anti-doping rule violation resulting from an *Adverse Analytical Finding* for a substance which is only prohibited *In-Competition* shall not be considered "intentional" if the substance is not a *Specified Substance* and the *Athlete* can establish that the *Prohibited Substance* was *Used Out-of-Competition* in a context unrelated to sport performance.³⁹

10.2.4 Notwithstanding any other provision in Article 10.2, where the anti-doping rule violation involves a *Substance of Abuse*:

10.2.4.1 If the *Athlete* can establish that any ingestion or *Use* occurred *Out-of-Competition* and was unrelated to sport performance, then the period of *Ineligibility* shall be three (3) months *Ineligibility*.

In addition, the period of *Ineligibility* calculated under this Article 10.2.4.1 may be reduced to one (1) month if the *Athlete* or other *Person* satisfactorily completes a *Substance of Abuse* treatment program approved by FIP. The period of *Ineligibility* established in this Article 10.2.4.1 is not subject to any reduction based on any provision in Article 10.6.⁴⁰

³⁸ [Comment to Article 10.2.1.1: While it is theoretically possible for an *Athlete* or other *Person* to establish that the anti-doping rule violation was not intentional without showing how the *Prohibited Substance* entered one's system, it is highly unlikely that in a doping case under Article 2.1 an *Athlete* will be successful in proving that the *Athlete* acted unintentionally without establishing the source of the *Prohibited Substance*.]

³⁹ [Comment to Article 10.2.3: Article 10.2.3 provides a special definition of "intentional" which is to be applied solely for purposes of Article 10.2.]

⁴⁰ [Comment to Article 10.2.4.1: The determinations as to whether the treatment program is approved and whether the *Athlete* or other *Person* has satisfactorily completed the program shall be made in the sole discretion of FIP. This Article is intended to give

10.2.4.2 If the ingestion, *Use* or *Possession* occurred *In-Competition*, and the *Athlete* can establish that the context of the ingestion, *Use* or *Possession* was unrelated to sport performance, then the ingestion, *Use* or *Possession* shall not be considered intentional for purposes of Article 10.2.1 and shall not provide a basis for a finding of *Aggravating Circumstances* under Article 10.4.

30 Ineligibility for Other Anti-Doping Rule Violations

The period of *Ineligibility* for anti-doping rule violations other than as provided in Article 10.2 shall be as follows, unless Article 10.6 or 10.7 are applicable:

10.3.1 For violations of Article 2.3 or 2.5, the period of *Ineligibility* shall be four (4) years except: (i) in the case of failing to submit to *Sample* collection, if the *Athlete* can establish that the commission of the anti-doping rule violation was not intentional, the period of *Ineligibility* shall be two (2) years; (ii) in all other cases, if the *Athlete* or other *Person* can establish exceptional circumstances that justify a reduction of the period of *Ineligibility*, the period of *Ineligibility* shall be in a range from two (2) years to four (4) years depending on the *Athlete* or other *Person's* degree of *Fault*; or (iii) in a case involving a *Protected Person* or *Recreational Athlete*, the period of *Ineligibility* shall be in a range between a maximum of two (2) years and, at a minimum, a reprimand and no period of *Ineligibility*, depending on the *Protected Person* or *Recreational Athlete's* degree of *Fault*.

10.3.2 For violations of Article 2.4, the period of *Ineligibility* shall be two (2) years, subject to reduction down to a minimum of one (1) year, depending on the *Athlete's* degree of *Fault*. The flexibility between two (2) years and one (1) year of *Ineligibility* in this Article is not available to *Athletes* where a pattern of last-minute whereabouts changes or other conduct raises a serious suspicion that the *Athlete* was trying to avoid being available for *Testing*.

10.3.3 For violations of Article 2.7 or 2.8, the period of *Ineligibility* shall be a minimum of four (4) years up to lifetime *Ineligibility*, depending on the seriousness of the violation. An Article 2.7 or Article 2.8 violation involving a *Protected Person* shall be considered a particularly serious violation and, if committed by *Athlete Support Personnel* for violations other than for *Specified Substances*, shall result in lifetime *Ineligibility* for *Athlete Support Personnel*. In addition, significant violations of Article 2.7 or 2.8 which may also violate non-sporting laws and regulations, shall be reported to the competent administrative, professional or judicial authorities.⁴¹

FIP the leeway to apply their own judgment to identify and approve legitimate and reputable, as opposed to "sham", treatment programs. It is anticipated, however, that the characteristics of legitimate treatment programs may vary widely and change over time such that it would not be practical for WADA to develop mandatory criteria for acceptable treatment programs.]

⁴¹ [Comment to Article 10.3.3: Those who are involved in doping *Athletes* or covering up doping should be subject to sanctions which are more severe than the *Athletes* who test positive. Since the authority of sport organizations is generally limited to *Ineligibility* for accreditation, membership and other sport benefits, reporting *Athlete Support Personnel* to competent authorities is an important step in the deterrence of doping.]

10.3.4 For violations of Article 2.9, the period of *Ineligibility* imposed shall be a minimum of two (2) years, up to lifetime *Ineligibility*, depending on the seriousness of the violation.

10.3.5 For violations of Article 2.10, the period of *Ineligibility* shall be two (2) years, subject to reduction down to a minimum of one (1) year, depending on the *Athlete* or other *Person's* degree of *Fault* and other circumstances of the case.⁴²

10.3.6 For violations of Article 2.11, the period of *Ineligibility* shall be a minimum of two (2) years, up to lifetime *Ineligibility*, depending on the seriousness of the violation by the *Athlete* or other *Person*.⁴³

31 Aggravating Circumstances which may Increase the Period of *Ineligibility*

If FIP establishes in an individual case involving an anti-doping rule violation other than violations under Article 2.7 (*Trafficking* or *Attempted Trafficking*), 2.8 (*Administration* or *Attempted Administration*), 2.9 (*Complicity* or *Attempted Complicity*) or 2.11 (*Acts by an Athlete* or *Other Person* to Discourage or Retaliate Against Reporting) that *Aggravating Circumstances* are present which justify the imposition of a period of *Ineligibility* greater than the standard sanction, then the period of *Ineligibility* otherwise applicable shall be increased by an additional period of *Ineligibility* of up to two (2) years depending on the seriousness of the violation and the nature of the *Aggravating Circumstances*, unless the *Athlete* or other *Person* can establish that he or she did not knowingly commit the anti-doping rule violation.⁴⁴

32 Elimination of the Period of *Ineligibility* where there is *No Fault* or *Negligence*

If an *Athlete* or other *Person* establishes in an individual case that he or she bears *No Fault* or *Negligence*, then the otherwise applicable period of *Ineligibility* shall be eliminated.⁴⁵

⁴² [Comment to Article 10.3.5: Where the "other Person" referenced in Article 2.10 is an entity and not an individual, that entity may be disciplined as provided in Article 12.]

⁴³ [Comment to Article 10.3.6: Conduct that is found to violate both Article 2.5 (*Tampering*) and Article 2.11 (*Acts by an Athlete* or *Other Person* to Discourage or Retaliate Against Reporting to Authorities) shall be sanctioned based on the violation that carries the more severe sanction.]

⁴⁴ [Comment to Article 10.4: Violations under Articles 2.7 (*Trafficking* or *Attempted Trafficking*), 2.8 (*Administration* or *Attempted Administration*), 2.9 (*Complicity* or *Attempted Complicity*) and 2.11 (*Acts by an Athlete* or *Other Person* to Discourage or Retaliate Against Reporting to Authorities) are not included in the application of Article 10.4 because the sanctions for these violations already build in sufficient discretion up to a lifetime ban to allow consideration of any *Aggravating Circumstance*.]

⁴⁵ [Comment to Article 10.5: This Article and Article 10.6.2 apply only to the imposition of sanctions; they are not applicable to the determination of whether an anti-doping rule violation has occurred. They will only apply in exceptional circumstances, for example, where an *Athlete* could prove that, despite all due care, he or she was sabotaged by a competitor. Conversely, *No Fault* or *Negligence* would not apply in the following circumstances: (a) a positive test resulting from a mislabeled or contaminated vitamin or nutritional supplement (*Athletes* are responsible for what they ingest (Article 2.1) and have been warned against the possibility of supplement contamination); (b) the *Administration* of a *Prohibited Substance* by the *Athlete's* personal physician or trainer without disclosure to the *Athlete* (*Athletes* are responsible for their choice of medical personnel and for advising medical personnel that they cannot be given any *Prohibited Substance*); and (c) sabotage of the *Athlete's* food or drink by a spouse, coach or other *Person* within the *Athlete's* circle of associates (*Athletes* are responsible for what they ingest and for the conduct of those

33 Reduction of the Period of Ineligibility based on No Significant Fault or Negligence

10.6.1 Reduction of Sanctions in Particular Circumstances for Violations of Article 2.1, 2.2 or 2.6.

All reductions under Article 10.6.1 are mutually exclusive and not cumulative.

10.6.1.1 Specified Substances or Specified Methods

Where the anti-doping rule violation involves a *Specified Substance* (other than a *Substance of Abuse*) or *Specified Method*, and the *Athlete* or other *Person* can establish *No Significant Fault or Negligence*, then the period of *Ineligibility* shall be, at a minimum, a reprimand and no period of *Ineligibility*, and at a maximum, two (2) years of *Ineligibility*, depending on the *Athlete's* or other *Person's* degree of *Fault*.

10.6.1.2 Contaminated Products

In cases where the *Athlete* or other *Person* can establish both *No Significant Fault or Negligence* and that the detected *Prohibited Substance* (other than a *Substance of Abuse*) came from a *Contaminated Product*, then the period of *Ineligibility* shall be, at a minimum, a reprimand and no period of *Ineligibility*, and at a maximum, two (2) years *Ineligibility*, depending on the *Athlete* or other *Person's* degree of *Fault*.⁴⁶

10.6.1.3 Protected Persons or Recreational Athletes

Where the anti-doping rule violation not involving a *Substance of Abuse* is committed by a *Protected Person* or *Recreational Athlete*, and the *Protected Person* or *Recreational Athlete* can establish *No Significant Fault or Negligence*, then the period of *Ineligibility* shall be, at a minimum, a reprimand and no period of *Ineligibility*, and at a maximum, two (2) years *Ineligibility*, depending on the *Protected Person* or *Recreational Athlete's* degree of *Fault*.

Persons to whom they entrust access to their food and drink). However, depending on the unique facts of a particular case, any of the referenced illustrations could result in a reduced sanction under Article 10.6 based on No Significant Fault or Negligence.]

⁴⁶ [Comment to Article 10.6.1.2: In order to receive the benefit of this Article, the *Athlete* or other *Person* must establish not only that the detected *Prohibited Substance* came from a *Contaminated Product*, but must also separately establish *No Significant Fault or Negligence*. It should be further noted that *Athletes* are on notice that they take nutritional supplements at their own risk. The sanction reduction based on *No Significant Fault or Negligence* has rarely been applied in *Contaminated Product* cases unless the *Athlete* has exercised a high level of caution before taking the *Contaminated Product*. In assessing whether the *Athlete* can establish the source of the *Prohibited Substance*, it would, for example, be significant for purposes of establishing whether the *Athlete* actually Used the *Contaminated Product*, whether the *Athlete* had declared the product which was subsequently determined to be contaminated on the *Doping Control* form.

This Article should not be extended beyond products that have gone through some process of manufacturing. Where an Adverse Analytical Finding results from environment contamination of a "non-product" such as tap water or lake water in circumstances where no reasonable person would expect any risk of an anti-doping rule violation, typically there would be No Fault or Negligence under Article 10.5.]

10.6.2 Application of *No Significant Fault or Negligence* beyond the Application of Article 10.6.1

If an *Athlete* or other *Person* establishes in an individual case where Article 10.6.1 is not applicable that he or she bears *No Significant Fault or Negligence*, then, subject to further reduction or elimination as provided in Article 10.7, the otherwise applicable period of *Ineligibility* may be reduced based on the *Athlete* or other *Person's* degree of *Fault*, but the reduced period of *Ineligibility* may not be less than one-half of the period of *Ineligibility* otherwise applicable. If the otherwise applicable period of *Ineligibility* is a lifetime, the reduced period under this Article may be no less than eight (8) years.⁴⁷

34 Elimination, Reduction, or Suspension of Period of *Ineligibility* or Other *Consequences* for Reasons Other than *Fault*

10.7.1 *Substantial Assistance* in Discovering or Establishing Code Violations⁴⁸

10.7.1.1 FIP may, prior to an appellate decision under Article 13 or the expiration of the time to appeal, suspend a part of the *Consequences* (other than *Disqualification* and mandatory *Public Disclosure*) imposed in an individual case where the *Athlete* or other *Person* has provided *Substantial Assistance* to an *Anti-Doping Organization*, criminal authority or professional disciplinary body which results in: (i) the *Anti-Doping Organization* discovering or bringing forward an anti-doping rule violation by another *Person*; or (ii) which results in a criminal or disciplinary body discovering or bringing forward a criminal offense or the breach of professional rules committed by another *Person* and the information provided by the *Person* providing *Substantial Assistance* is made available to FIP or other *Anti-Doping Organization* with *Results Management* responsibility; or (iii) which results in WADA initiating a proceeding against a *Signatory*, WADA-accredited laboratory, or *Athlete* passport management unit (as defined in the *International Standard for Laboratories*) for non-compliance with the *Code*, *International Standard* or *Technical Document*; or (iv) with the approval by WADA, which results in a criminal or disciplinary body bringing forward a criminal offense or the breach of professional or sport rules arising out of a sport integrity violation other than doping. After an appellate decision under Article 13 or the expiration of time to appeal, FIP may only suspend a part of the otherwise applicable *Consequences* with the approval of WADA.

The extent to which the otherwise applicable period of *Ineligibility* may be suspended shall be based on the seriousness of the anti-doping rule violation committed by the *Athlete* or other *Person* and the significance of the *Substantial Assistance* provided by the *Athlete* or other *Person* to the effort to eliminate doping in sport, non-compliance with the *Code* and/or sport integrity violations. No more than three-quarters of the otherwise applicable period of *Ineligibility* may be suspended. If the otherwise applicable period of *Ineligibility* is a lifetime, the non-suspended period under this Article must be no less than eight (8) years. For purposes

⁴⁷ [Comment to Article 10.6.2: Article 10.6.2 may be applied to any anti-doping rule violation except those Articles where intent is an element of the anti-doping rule violation (e.g., Article 2.5, 2.7, 2.8, 2.9 or 2.11) or an element of a particular sanction (e.g., Article 10.2.1) or a range of *Ineligibility* is already provided in an Article based on the *Athlete* or other *Person's* degree of *Fault*.]

⁴⁸ [Comment to Article 10.7.1: The cooperation of *Athletes*, *Athlete Support Personnel* and other *Persons* who acknowledge their mistakes and are willing to bring other anti-doping rule violations to light is important to clean sport.]

of this paragraph, the otherwise applicable period of *Ineligibility* shall not include any period of *Ineligibility* that could be added under Article 10.9.3.2 of these Anti-Doping Rules.

If so requested by an *Athlete* or other *Person* who seeks to provide *Substantial Assistance*, FIP shall allow the *Athlete* or other *Person* to provide the information to it subject to a *Without Prejudice Agreement*.

If the *Athlete* or other *Person* fails to continue to cooperate and to provide the complete and credible *Substantial Assistance* upon which a suspension of *Consequences* was based, FIP shall reinstate the original *Consequences*. If FIP decides to reinstate suspended *Consequences* or decides not to reinstate suspended *Consequences*, that decision may be appealed by any *Person* entitled to appeal under Article 13.

10.7.1.2 To further encourage *Athletes* and other *Persons* to provide *Substantial Assistance* to *Anti-Doping Organizations*, at the request of FIP or at the request of the *Athlete* or other *Person* who has, or has been asserted to have, committed an anti-doping rule violation, or other violation of the *Code*, WADA may agree at any stage of the *Results Management* process, including after an appellate decision under Article 13, to what it considers to be an appropriate suspension of the otherwise-applicable period of *Ineligibility* and other *Consequences*. In exceptional circumstances, WADA may agree to suspensions of the period of *Ineligibility* and other *Consequences* for *Substantial Assistance* greater than those otherwise provided in this Article, or even no period of *Ineligibility*, no mandatory *Public Disclosure* and/or no return of prize money or payment of fines or costs. WADA's approval shall be subject to reinstatement of *Consequences*, as otherwise provided in this Article. Notwithstanding Article 13, WADA's decisions in the context of this Article 10.7.1.2 may not be appealed.

10.7.1.3 If FIP suspends any part of an otherwise applicable sanction because of *Substantial Assistance*, then notice providing justification for the decision shall be provided to the other *Anti-Doping Organizations* with a right to appeal under Article 13.2.3 as provided in Article 14. In unique circumstances where WADA determines that it would be in the best interest of anti-doping, WADA may authorize FIP to enter into appropriate confidentiality agreements limiting or delaying the disclosure of the *Substantial Assistance* agreement or the nature of *Substantial Assistance* being provided.

10.7.2 Admission of an Anti-Doping Rule Violation in the Absence of Other Evidence

Where an *Athlete* or other *Person* voluntarily admits the commission of an anti-doping rule violation before having received notice of a *Sample* collection which could establish an anti-doping rule violation (or, in the case of an anti-doping rule violation other than Article 2.1, before receiving first notice of the admitted violation pursuant to Article 7) and that admission is the only reliable evidence of the violation at the time of admission, then the period of *Ineligibility* may be reduced, but not below one-half of the period of *Ineligibility* otherwise applicable.⁴⁹

⁴⁹ [Comment to Article 10.7.2: This Article is intended to apply when an *Athlete* or other *Person* comes forward and admits to an anti-doping rule violation in circumstances where no *Anti-Doping Organization* is aware that an anti-doping rule violation might have been committed. It is not intended to apply to circumstances where the admission occurs after the *Athlete* or other *Person*

10.7.3 Application of Multiple Grounds for Reduction of a Sanction

Where an *Athlete* or other *Person* establishes entitlement to reduction in sanction under more than one provision of Article 10.5, 10.6 or 10.7, before applying any reduction or suspension under Article 10.7, the otherwise applicable period of *Ineligibility* shall be determined in accordance with Articles 10.2, 10.3, 10.5, and 10.6. If the *Athlete* or other *Person* establishes entitlement to a reduction or suspension of the period of *Ineligibility* under Article 10.7, then the period of *Ineligibility* may be reduced or suspended, but not below one-fourth of the otherwise applicable period of *Ineligibility*.

35 Results Management Agreements

10.8.1 One-Year Reduction for Certain Anti-Doping Rule Violations Based on Early Admission and Acceptance of Sanction

Where an *Athlete* or other *Person*, after being notified by FIP of a potential anti-doping rule violation that carries an asserted period of *Ineligibility* of four (4) or more years (including any period of *Ineligibility* asserted under Article 10.4), admits the violation and accepts the asserted period of *Ineligibility* no later than twenty (20) days after receiving notice of an anti-doping rule violation charge, the *Athlete* or other *Person* may receive a one-year reduction in the period of *Ineligibility* asserted by FIP. Where the *Athlete* or other *Person* receives the one-year reduction in the asserted period of *Ineligibility* under this Article 10.8.1, no further reduction in the asserted period of *Ineligibility* shall be allowed under any other Article.⁵⁰

10.8.2 Case Resolution Agreement

Where the *Athlete* or other *Person* admits an anti-doping rule violation after being confronted with the anti-doping rule violation by FIP and agrees to *Consequences* acceptable to FIP and WADA, at their sole discretion, then: (a) the *Athlete* or other *Person* may receive a reduction in the period of *Ineligibility* based on an assessment by FIP and WADA of the application of Articles 10.1 through 10.7 to the asserted anti-doping rule violation, the seriousness of the violation, the *Athlete* or other *Person's* degree of *Fault* and how promptly the *Athlete* or other *Person* admitted the violation; and (b) the period of *Ineligibility* may start as early as the date of *Sample* collection or the date on which another anti-doping rule violation last occurred. In each case, however, where this Article is applied, the *Athlete* or other *Person* shall serve at least one-half of the agreed-upon period of *Ineligibility* going forward from the earlier of the date the *Athlete* or other *Person* accepted the imposition of a sanction or a *Provisional Suspension* which was subsequently respected by the *Athlete* or other *Person*. The decision by WADA and FIP to enter or not enter into a case resolution agreement, and the amount of the reduction to, and the starting date of, the period of *Ineligibility* are not matters for determination or review by a hearing body and are not subject to appeal under Article 13.

believes he or she is about to be caught. The amount by which Ineligibility is reduced should be based on the likelihood that the Athlete or other Person would have been caught had he or she not come forward voluntarily.]

⁵⁰ [Comment to Article 10.8.1: For example, if FIP alleges that an Athlete has violated Article 2.1 for Use of an anabolic steroid and asserts the applicable period of *Ineligibility* is four (4) years, then the Athlete may unilaterally reduce the period of *Ineligibility* to three (3) years by admitting the violation and accepting the three-year period of *Ineligibility* within the time specified in this Article, with no further reduction allowed. This resolves the case without any need for a hearing.]

If so requested by an *Athlete* or other *Person* who seeks to enter into a case resolution agreement under this Article, FIP shall allow the *Athlete* or other *Person* to discuss an admission of the anti-doping rule violation with it subject to a *Without Prejudice Agreement*.⁵¹

36 Multiple Violations

10.9.1 Second or Third Anti-Doping Rule Violation

10.9.1.1 For an *Athlete* or other *Person's* second anti-doping rule violation, the period of *Ineligibility* shall be the greater of:

(a) A six-month period of *Ineligibility*; or

(b) A period of *Ineligibility* in the range between:

(i) the sum of the period of *Ineligibility* imposed for the first anti-doping rule violation plus the period of *Ineligibility* otherwise applicable to the second anti-doping rule violation treated as if it were a first violation, and

(ii) twice the period of *Ineligibility* otherwise applicable to the second anti-doping rule violation treated as if it were a first violation.

The period of *Ineligibility* within this range shall be determined based on the entirety of the circumstances and the *Athlete* or other *Person's* degree of *Fault* with respect to the second violation.

10.9.1.2 A third anti-doping rule violation will always result in a lifetime period of *Ineligibility*, except if the third violation fulfills the condition for elimination or reduction of the period of *Ineligibility* under Article 10.5 or 10.6, or involves a violation of Article 2.4. In these particular cases, the period of *Ineligibility* shall be from eight (8) years to lifetime *Ineligibility*.

10.9.1.3 The period of *Ineligibility* established in Articles 10.9.1.1 and 10.9.1.2 may then be further reduced by the application of Article 10.7.

10.9.2 An anti-doping rule violation for which an *Athlete* or other *Person* has established *No Fault* or *Negligence* shall not be considered a violation for purposes of this Article 10.9. In addition, an anti-doping rule violation sanctioned under Article 10.2.4.1 shall not be considered a violation for purposes of Article 10.9.

⁵¹ [Comment to Article 10.8: Any mitigating or aggravating factors set forth in this Article 10 shall be considered in arriving at the Consequences set forth in the case resolution agreement, and shall not be applicable beyond the terms of that agreement.]

10.9.3 Additional Rules for Certain Potential Multiple Violations

10.9.3.1 For purposes of imposing sanctions under Article 10.9, except as provided in Articles 10.9.3.2 and 10.9.3.3, an anti-doping rule violation will only be considered a second violation if FIP can establish that the *Athlete* or other *Person* committed the additional anti-doping rule violation after the *Athlete* or other *Person* received notice pursuant to Article 7, or after FIP made reasonable efforts to give notice of the first anti-doping rule violation. If FIP cannot establish this, the violations shall be considered together as one single first violation, and the sanction imposed shall be based on the violation that carries the more severe sanction, including the application of *Aggravating Circumstances*. Results in all *Competitions* dating back to the earlier anti-doping rule violation will be *Disqualified* as provided in Article 10.10.⁵²

10.9.3.2 If FIP establishes that an *Athlete* or other *Person* committed an additional anti-doping rule violation prior to notification, and that the additional violation occurred twelve (12) months or more before or after the first-noticed violation, then the period of *Ineligibility* for the additional violation shall be calculated as if the additional violation were a stand-alone first violation and this period of *Ineligibility* is served consecutively, rather than concurrently, with the period of *Ineligibility* imposed for the earlier-noticed violation. Where this Article 10.9.3.2 applies, the violations taken together shall constitute a single violation for purposes of Article 10.9.1.

10.9.3.3 If FIP establishes that an *Athlete* or other *Person* committed a violation of Article 2.5 in connection with the *Doping Control* process for an underlying asserted anti-doping rule violation, the violation of Article 2.5 shall be treated as a stand-alone first violation and the period of *Ineligibility* for such violation shall be served consecutively, rather than concurrently, with the period of *Ineligibility*, if any, imposed for the underlying anti-doping rule violation. Where this Article 10.9.3.3 is applied, the violations taken together shall constitute a single violation for purposes of Article 10.9.1.

10.9.3.4 If FIP establishes that an *Athlete* or other *Person* has committed a second or third anti-doping rule violation during a period of *Ineligibility*, the periods of *Ineligibility* for the multiple violations shall run consecutively, rather than concurrently.

10.9.4 Multiple Anti-Doping Rule Violations during Ten-Year Period

For purposes of Article 10.9, each anti-doping rule violation must take place within the same ten-year period in order to be considered multiple violations.

37 Disqualification of Results in *Competitions* Subsequent to *Sample Collection* or *Commission of an Anti-Doping Rule Violation*

⁵² [Comment to Article 10.9.3.1: The same rule applies where, after the imposition of a sanction, FIP discovers facts involving an anti-doping rule violation that occurred prior to notification for a first anti-doping rule violation – e.g., FIP shall impose a sanction based on the sanction that could have been imposed if the two (2) violations had been adjudicated at the same time, including the application of *Aggravating Circumstances*.]

In addition to the automatic *Disqualification* of the results in the *Competition* which produced the positive *Sample* under Article 9, all other competitive results of the *Athlete* obtained from the date a positive *Sample* was collected (whether *In-Competition* or *Out-of-Competition*), or other anti-doping rule violation occurred, through the commencement of any *Provisional Suspension* or *Ineligibility* period, shall, unless fairness requires otherwise, be *Disqualified* with all of the resulting *Consequences* including forfeiture of any medals, points and prizes.⁵³

38 Forfeited Prize Money

If FIP recovers prize money forfeited as a result of an anti-doping rule violation, it shall take reasonable measures to allocate and distribute this prize money to the *Athletes* who would have been entitled to it had the forfeiting *Athlete* not competed.⁵⁴

39 Financial Consequences

10.12.1 Where an *Athlete* or other *Person* commits an anti-doping rule violation, FIP may, in its discretion and subject to the principle of proportionality, elect to (a) recover from the *Athlete* or other *Person* costs associated with the anti-doping rule violation, regardless of the period of *Ineligibility* imposed and/or (b) fine the *Athlete* or other *Person* in an amount up to 5.000 U.S. Dollars, only in cases where the maximum period of *Ineligibility* otherwise applicable has already been imposed.

10.12.2 The imposition of a financial sanction or FIP's recovery of costs shall not be considered a basis for reducing the *Ineligibility* or other sanction which would otherwise be applicable under these Anti-Doping Rules.

40 Commencement of *Ineligibility* Period

Where an *Athlete* is already serving a period of *Ineligibility* for an anti-doping rule violation, any new period of *Ineligibility* shall commence on the first day after the current period of *Ineligibility* has been served. Otherwise, except as provided below, the period of *Ineligibility* shall start on the date of the final hearing decision providing for *Ineligibility* or, if the hearing is waived or there is no hearing, on the date *Ineligibility* is accepted or otherwise imposed.

⁵³ [Comment to Article 10.10: Nothing in these Anti-Doping Rules precludes clean *Athletes* or other *Persons* who have been damaged by the actions of a *Person* who has committed an anti-doping rule violation from pursuing any right which they would otherwise have to seek damages from such *Person*.]

⁵⁴ [Comment to Article 10.11: This Article is not intended to impose an affirmative duty on FIP to take any action to collect forfeited prize money. If FIP elects not to take any action to collect forfeited prize money, it may assign its right to recover such money to the *Athlete(s)* who should have otherwise received the money. "Reasonable measures to allocate and distribute this prize money" could include using collected forfeited prize money as agreed upon by FIP and its *Athletes*.]

10.13.1 Delays Not Attributable to the *Athlete* or other *Person*

Where there have been substantial delays in the hearing process or other aspects of *Doping Control*, and the *Athlete* or other *Person* can establish that such delays are not attributable to the *Athlete* or other *Person*, FIP or CAS ADD, if applicable, may start the period of *Ineligibility* at an earlier date commencing as early as the date of *Sample* collection or the date on which another anti-doping rule violation last occurred. All competitive results achieved during the period of *Ineligibility*, including retroactive *Ineligibility*, shall be *Disqualified*.⁵⁵

10.13.2 Credit for *Provisional Suspension* or Period of *Ineligibility* Served

10.13.2.1 If a *Provisional Suspension* is respected by the *Athlete* or other *Person*, then the *Athlete* or other *Person* shall receive a credit for such period of *Provisional Suspension* against any period of *Ineligibility* which may ultimately be imposed. If the *Athlete* or other *Person* does not respect a *Provisional Suspension*, then the *Athlete* or other *Person* shall receive no credit for any period of *Provisional Suspension* served. If a period of *Ineligibility* is served pursuant to a decision that is subsequently appealed, then the *Athlete* or other *Person* shall receive a credit for such period of *Ineligibility* served against any period of *Ineligibility* which may ultimately be imposed on appeal.

10.13.2.2 If an *Athlete* or other *Person* voluntarily accepts a *Provisional Suspension* in writing from FIP and thereafter respects the *Provisional Suspension*, the *Athlete* or other *Person* shall receive a credit for such period of voluntary *Provisional Suspension* against any period of *Ineligibility* which may ultimately be imposed. A copy of the *Athlete* or other *Person's* voluntary acceptance of a *Provisional Suspension* shall be provided promptly to each party entitled to receive notice of an asserted anti-doping rule violation under Article 14.1.⁵⁶

10.13.2.3 No credit against a period of *Ineligibility* shall be given for any time period before the effective date of the *Provisional Suspension* or voluntary *Provisional Suspension* regardless of whether the *Athlete* elected not to compete or was suspended by a team.

10.13.2.4 In *Team Sports*, where a period of *Ineligibility* is imposed upon a team, unless fairness requires otherwise, the period of *Ineligibility* shall start on the date of the final hearing decision providing for *Ineligibility* or, if the hearing is waived, on the date *Ineligibility* is accepted or otherwise imposed. Any period of team *Provisional Suspension* (whether

⁵⁵ [Comment to Article 10.13.1: In cases of anti-doping rule violations other than under Article 2.1, the time required for an Anti-Doping Organization to discover and develop facts sufficient to establish an anti-doping rule violation may be lengthy, particularly where the *Athlete* or other *Person* has taken affirmative action to avoid detection. In these circumstances, the flexibility provided in this Article to start the sanction at an earlier date should not be used.]

⁵⁶ [Comment to Article 10.13.2.2: An *Athlete's* voluntary acceptance of a *Provisional Suspension* is not an admission by the *Athlete* and shall not be used in any way to draw an adverse inference against the *Athlete*.]

imposed or voluntarily accepted) shall be credited against the total period of *Ineligibility* to be served.]

41 Status During *Ineligibility* or *Provisional Suspension*

10.14.1 Prohibition Against Participation During *Ineligibility* or *Provisional Suspension*

No *Athlete* or other *Person* who has been declared *Ineligible* or is subject to a *Provisional Suspension* may, during a period of *Ineligibility* or *Provisional Suspension*, participate in any capacity in a *Competition* or activity (other than authorized anti-doping *Education* or rehabilitation programs) authorized or organized by any *Signatory*, *Signatory's* member organization, or a club or other member organization of a *Signatory's* member organization, or in *Competitions* authorized or organized by any professional league or any international- or national-level *Event* organization or any elite or national-level sporting activity funded by a governmental agency.

An *Athlete* or other *Person* subject to a period of *Ineligibility* longer than four (4) years may, after completing four (4) years of the period of *Ineligibility*, participate as an *Athlete* in local sport events not sanctioned or otherwise under the authority of a *Code Signatory* or member of a *Code Signatory*, but only so long as the local sport event is not at a level that could otherwise qualify such *Athlete* or other *Person* directly or indirectly to compete in (or accumulate points toward) a national championship or *International Event*, and does not involve the *Athlete* or other *Person* working in any capacity with *Protected Persons*.

An *Athlete* or other *Person* subject to a period of *Ineligibility* shall remain subject to *Testing* and any requirement by FIP to provide whereabouts information.⁵⁷

10.14.2 Return to Training

As an exception to Article 10.14.1, an *Athlete* may return to train with a team or to use the facilities of a club or other member organization of FIP's or other *Signatory's* member organization during the

⁵⁷ [Comment to Article 10.14.1: For example, subject to Article 10.14.2 below, *Ineligible Athletes* cannot participate in a training camp, exhibition or practice organized by their National Federation or a club which is a member of that National Federation or which is funded by a governmental agency. Further, an *Ineligible Athlete* may not compete in a non-*Signatory* professional league (e.g., the National Hockey League, the National Basketball Association, etc.), Events organized by a non-*Signatory* International Event organization or a non-*Signatory* national-level Event organization without triggering the Consequences set forth in Article 10.14.3. The term "activity" also includes, for example, administrative activities, such as serving as an official, director, officer, employee, or volunteer of the organization described in this Article. *Ineligibility* imposed in one sport shall also be recognized by other sports (see Article 15.1, Automatic Binding Effect of Decisions). An *Athlete* or other *Person* serving a period of *Ineligibility* is prohibited from coaching or serving as an *Athlete Support Person* in any other capacity at any time during the period of *Ineligibility*, and doing so could also result in a violation of Article 2.10 by another *Athlete*. Any performance standard accomplished during a period of *Ineligibility* shall not be recognized by FIP or its National Federations for any purpose.]

shorter of: (1) the last two months of the *Athlete's* period of *Ineligibility*, or (2) the last one-quarter of the period of *Ineligibility* imposed.⁵⁸

10.14.3 Violation of the Prohibition of Participation During *Ineligibility* or *Provisional Suspension*

Where an *Athlete* or other *Person* who has been declared *Ineligible* violates the prohibition against participation during *Ineligibility* described in Article 10.14.1, the results of such participation shall be *Disqualified* and a new period of *Ineligibility* equal in length to the original period of *Ineligibility* shall be added to the end of the original period of *Ineligibility*. The new period of *Ineligibility*, including a reprimand and no period of *Ineligibility*, may be adjusted based on the *Athlete* or other *Person's* degree of *Fault* and other circumstances of the case. The determination of whether an *Athlete* or other *Person* has violated the prohibition against participation, and whether an adjustment is appropriate, shall be made by the *Anti-Doping Organization* whose *Results Management* led to the imposition of the initial period of *Ineligibility*. This decision may be appealed under Article 13.

An *Athlete* or other *Person* who violates the prohibition against participation during a *Provisional Suspension* described in Article 10.14.1 shall receive no credit for any period of *Provisional Suspension* served and the results of such participation shall be *Disqualified*.

Where an *Athlete Support Person* or other *Person* assists a *Person* in violating the prohibition against participation during *Ineligibility* or a *Provisional Suspension*, FIP shall impose sanctions for a violation of Article 2.9 for such assistance.

10.14.4 Withholding of Financial Support during *Ineligibility*

In addition, for any anti-doping rule violation not involving a reduced sanction as described in Article 10.5 or 10.6, some or all sport-related financial support or other sport-related benefits received by such *Person* will be withheld by FIP and its *National Federations*.

42 Automatic Publication of Sanction

A mandatory part of each sanction shall include automatic publication, as provided in Article 14.3.

ARTICLE 11 CONSEQUENCES TO TEAMS

⁵⁸ [Comment to Article 10.14.2: In many Team Sports and some individual sports (e.g., ski jumping and gymnastics), Athletes cannot effectively train on their own so as to be ready to compete at the end of the Athlete's period of Ineligibility. During the training period described in this Article, an Ineligible Athlete may not compete or engage in any activity described in Article 10.14.1 other than training.]

44 Testing of Team Sports

Where more than one (1) member of a team in a *Team Sport* has been notified of an anti-doping rule violation under Article 7 in connection with an *Event*, the ruling body for the *Event* shall conduct appropriate *Target Testing* of the team during the *Event Period*.

45 Consequences for Team Sports

If more than two (2) members of a team in a *Team Sport* are found to have committed an anti-doping rule violation during an *Event Period*, the ruling body of the *Event* shall impose an appropriate sanction on the team (e.g., loss of points, *Disqualification* from a *Competition* or *Event*, or other sanction) in addition to any *Consequences* imposed upon the individual *Athletes* committing the anti-doping rule violation.

46 Other Consequences for Team Sports within FIP's authority ⁵⁹

The ruling body for an *Event* may elect to establish rules for the *Event* which impose *Consequences* for *Team Sports* stricter than those in Article 11.2 for purposes of the *Event*.

ARTICLE 12 SANCTIONS BY FIP AGAINST OTHER SPORTING BODIES

When FIP becomes aware that a *National Federation* or any other sporting body over which it has authority has failed to comply with, implement, uphold, and enforce these Anti-Doping Rules within that organization's or body's area of competence, FIP has the authority and may take the following additional disciplinary actions:

48 Exclude all, or some group of, members of that organization or body from specified future *Events* or all *Events* conducted within a specified period of time.

49 Take additional disciplinary actions with respect to that organization's or body's recognition, the eligibility of their members to participate in FIP's activities, and/or fine that organization or body based on the following:

12.2.1 Four (4) or more violations of these Anti-Doping Rules (other than violations involving Article 2.4) are committed by *Athletes* or other *Persons* affiliated with that organization or body during a twelve (12) month period. In such event: (a) all or some group of members of that organization or body may be banned from participation in any FIP activities for a period of up to two (2) years and/or (b) that organization or body may be fined in an amount up to 5.000,00 U.S. Dollars.

⁵⁹ [Comment to Article 11.3: For example, the International Olympic Committee could establish rules which would require *Disqualification* of a team from the Olympic Games based on a lesser number of anti-doping rule violations during the period of the Games]

- 12.2.2** Four (4) or more violations of these Anti-Doping Rules (other than violations involving Article 2.4) are committed in addition to the violations described in Article 12.2.1 by *Athletes* or other *Persons* affiliated with that organization or body during a twelve (12) month period. In such event, that organization or body may be suspended for a period of up to four (4) years.
- 12.2.3** More than one *Athlete* or other *Person* affiliated with that organization or body commits an anti-doping rule violation during an *International Event*. In such event, that organization or body may be fined in an amount up to 2.000,00 U.S. Dollars.
- 12.2.4** That organization or body has failed to make diligent efforts to keep FIP informed about an *Athlete's* whereabouts after receiving a request for that information from FIP. In such event, that organization or body may be fined in an amount up to 1.000,00 U.S. Dollars, per *Athlete*, in addition to reimbursement of all of FIP's costs incurred in *Testing* that organization's or body's *Athletes*.
- 49.1** Withhold some or all funding or other financial and non-financial support to that organization or body.
- 49.2** Oblige that organization or body to reimburse FIP for all costs (including but not limited to laboratory fees, hearing expenses and travel) related to a violation of these Anti-Doping Rules committed by an *Athlete* or other *Person* affiliated with that organization or body.

ARTICLE 13 RESULTS MANAGEMENT: APPEALS ⁶⁰

51 Decisions Subject to Appeal

Decisions made under the *Code* or these Anti-Doping Rules may be appealed as set forth below in Articles 13.2 through 13.7 or as otherwise provided in these Anti-Doping Rules, the *Code* or the *International Standards*. Such decisions shall remain in effect while under appeal unless the appellate body orders otherwise.

13.1.1 Scope of Review Not Limited

⁶⁰ [Comment to Article 13: The object of the Code is to have anti-doping matters resolved through fair and transparent internal processes with a final appeal. Anti-doping decisions by Anti-Doping Organizations are made transparent in Article 14. Specified Persons and organizations, including WADA, are then given the opportunity to appeal those decisions. Note that the definition of interested Persons and organizations with a right to appeal under Article 13 does not include Athletes, or their National federations, who might benefit from having another competitor Disqualified.]

The scope of review on appeal includes all issues relevant to the matter and is expressly not limited to the issues or scope of review before the initial decision maker. Any party to the appeal may submit evidence, legal arguments and claims that were not raised in the first instance hearing so long as they arise from the same cause of action or same general facts or circumstances raised or addressed in the first instance hearing.⁶¹

13.1.2 CAS Shall Not Defer to the Findings Being Appealed

In making its decision, CAS shall not give deference to the discretion exercised by the body whose decision is being appealed.⁶²

13.1.3 WADA Not Required to Exhaust Internal Remedies

Where WADA has a right to appeal under Article 13 and no other party has appealed a final decision within FIP's process, WADA may appeal such decision directly to CAS without having to exhaust other remedies in FIP's process.⁶³

51.1 Appeals from Decisions Regarding Anti-Doping Rule Violations, Consequences, Provisional Suspensions, Implementation of Decisions and Authority

A decision that an anti-doping rule violation was committed, a decision imposing *Consequences* or not imposing *Consequences* for an anti-doping rule violation, or a decision that no anti-doping rule violation was committed; a decision that an anti-doping rule violation proceeding cannot go forward for procedural reasons (including, for example, prescription); a decision by WADA not to grant an exception to the six-months' notice requirement for a retired *Athlete* to return to competition under Article 5.6.1; a decision by WADA assigning *Results Management* under Article 7.1 of the *Code*; a decision by FIP not to bring forward an *Adverse Analytical Finding* or an *Atypical Finding* as an anti-doping rule violation, or a decision not to go forward with an anti-doping rule violation after an investigation in accordance with the *International Standard for Results Management*; a decision to impose, or lift, a *Provisional Suspension* as a result of a

⁶¹ [Comment to Article 13.1.1: The revised language is not intended to make a substantive change to the 2015 Code, but rather for clarification. For example, where an Athlete was charged in the first instance hearing only with Tampering but the same conduct could also constitute Complicity, an appealing party could pursue both Tampering and Complicity charges against the Athlete in the appeal.]

⁶² [Comment to Article 13.1.2: CAS proceedings are de novo. Prior proceedings do not limit the evidence or carry weight in the hearing before CAS.]

⁶³ [Comment to Article 13.1.3: Where a decision has been rendered before the final stage of FIP's process (for example, a first hearing) and no party elects to appeal that decision to the next level of FIP's process (e.g., the Managing Board), then WADA may bypass the remaining steps in FIP's internal process and appeal directly to CAS.]

Provisional Hearing; FIP's failure to comply with Article 7.4; a decision that FIP lacks authority to rule on an alleged anti-doping rule violation or its *Consequences*; a decision to suspend, or not suspend, *Consequences* or to reinstate, or not reinstate, *Consequences* under Article 10.7.1; failure to comply with Articles 7.1.4 and 7.1.5 of the *Code*; failure to comply with Article 10.8.1; a decision under Article 10.14.3; a decision by FIP not to implement another *Anti-Doping Organization's* decision under Article 15; and a decision under Article 27.3 of the *Code* may be appealed exclusively as provided in this Article 13.2.

13.2.1 Appeals Involving *International-Level Athletes* or *International Events*

In cases arising from participation in an *International Event* or in cases involving *International-Level Athletes*, the decision may be appealed exclusively to CAS.⁶⁴

13.2.2 Appeals Involving Other *Athletes* or Other *Persons*

In cases where Article 13.2.1 is not applicable, the decision may be appealed to an appellate body, in accordance with rules adopted by the *National Anti-Doping Organization* having authority over the *Athlete* or other *Person*.

The rules for such appeal shall respect the following principles: a timely hearing; a fair, impartial, *Operationally Independent* and *Institutionally Independent* hearing panel; the right to be represented by counsel at the *Person's* own expense; and a timely, written, reasoned decision.

If no such body as described above is in place and available at the time of the appeal, the decision may be appealed to CAS in accordance with the applicable procedural rules.

13.2.3 *Persons* Entitled to Appeal

13.2.3.1 Appeals Involving *International-Level Athletes* or *International Events*

In cases under Article 13.2.1, the following parties shall have the right to appeal to CAS: (a) the *Athlete* or other *Person* who is the subject of the decision being appealed; (b) the other party to the case in which the decision was rendered; (c) FIP; (d) the *National Anti-Doping Organization* of the *Person's* country of residence or countries where the *Person* is a national or license holder; (e) the International Olympic Committee or International Paralympic Committee, as applicable, where the decision may have an effect in relation to the Olympic Games or Paralympic Games, including decisions affecting eligibility for the Olympic Games or Paralympic Games; and (f) WADA.

⁶⁴ [Comment to Article 13.2.1: CAS decisions are final and binding except for any review required by law applicable to the annulment or enforcement of arbitral awards.]

13.2.3.2 Appeals Involving Other *Athletes* or Other *Persons*

In cases under Article 13.2.2, the parties having the right to appeal to the appellate body shall be as provided in the *National Anti-Doping Organization's* rules but, at a minimum, shall include the following parties: (a) the *Athlete* or other *Person* who is the subject of the decision being appealed; (b) the other party to the case in which the decision was rendered; (c) FIP; (d) the *National Anti-Doping Organization* of the *Person's* country of residence or countries where the *Person* is a national or license holder; (e) the International Olympic Committee or International Paralympic Committee, as applicable, where the decision may have an effect in relation to the Olympic Games or Paralympic Games, including decisions affecting eligibility for the Olympic Games or Paralympic Games; and (f) *WADA*.

For cases under Article 13.2.2, *WADA*, the International Olympic Committee, the International Paralympic Committee, and FIP shall also have the right to appeal to *CAS* with respect to the decision of the appellate body.

Any party filing an appeal shall be entitled to assistance from *CAS* to obtain all relevant information from the *Anti-Doping Organization* whose decision is being appealed and the information shall be provided if *CAS* so directs.

13.2.3.3 Duty to Notify

All parties to any *CAS* appeal must ensure that *WADA* and all other parties with a right to appeal have been given timely notice of the appeal.

13.2.3.4 Appeal from Imposition of *Provisional Suspension*

Notwithstanding any other provision herein, the only *Person* who may appeal from the imposition of a *Provisional Suspension* is the *Athlete* or other *Person* upon whom the *Provisional Suspension* is imposed.

13.2.3.5 Appeal from Decisions under Article 12

Decisions by FIP pursuant to Article 12 may be appealed exclusively to *CAS* by the *National Federation* or other body.

13.2.4 Cross Appeals and other Subsequent Appeals Allowed

Cross appeals and other subsequent appeals by any respondent named in cases brought to CAS under the *Code* are specifically permitted. Any party with a right to appeal under this Article 13 must file a cross appeal or subsequent appeal at the latest with the party's answer.⁶⁵

51.2 Failure to Render a Timely Decision by FIP

Where, in a particular case, FIP fails to render a decision with respect to whether an anti-doping rule violation was committed within a reasonable deadline set by WADA, WADA may elect to appeal directly to CAS as if FIP had rendered a decision finding no anti-doping rule violation. If the CAS hearing panel determines that an anti-doping rule violation was committed and that WADA acted reasonably in electing to appeal directly to CAS, then WADA's costs and attorney fees in prosecuting the appeal shall be reimbursed to WADA by FIP.⁶⁶

51.3 Appeals Relating to TUEs

TUE decisions may be appealed exclusively as provided in Article 4.4.

51.4 Notification of Appeal Decisions

FIP shall promptly provide the appeal decision to the *Athlete* or other *Person* and to the other *Anti-Doping Organizations* that would have been entitled to appeal under Article 13.2.3 as provided under Article 14.

51.5 Time for Filing Appeals⁶⁷

13.6.1 Appeals to CAS

⁶⁵ [Comment to Article 13.2.4: This provision is necessary because since 2011, CAS rules no longer permit an Athlete the right to cross appeal when an Anti-Doping Organization appeals a decision after the Athlete's time for appeal has expired. This provision permits a full hearing for all parties.]

⁶⁶ [Comment to Article 13.3: Given the different circumstances of each anti-doping rule violation investigation and Results Management process, it is not feasible to establish a fixed time period for FIP to render a decision before WADA may intervene by appealing directly to CAS. Before taking such action, however, WADA will consult with FIP and give FIP an opportunity to explain why it has not yet rendered a decision.]

⁶⁷ [Comment to Article 13.6: Whether governed by CAS rules or these Anti-Doping Rules, a party's deadline to appeal does not begin running until receipt of the decision. For that reason, there can be no expiration of a party's right to appeal if the party has not received the decision.]

The time to file an appeal to CAS shall be twenty-one (21) days from the date of receipt of the decision by the appealing party. The above notwithstanding, the following shall apply in connection with appeals filed by a party entitled to appeal but which was not a party to the proceedings that led to the decision being appealed:

- (a) Within fifteen (15) days from the notice of the decision, such party/ies shall have the right to request a copy of the full case file pertaining to the decision from the *Anti-Doping Organization* that had *Results Management* authority;
- (b) If such a request is made within the fifteen (15) day period, then the party making such request shall have twenty-one (21) days from receipt of the file to file an appeal to CAS.

The above notwithstanding, the filing deadline for an appeal filed by WADA shall be the later of:

- (a) Twenty-one (21) days after the last day on which any other party having a right to appeal could have appealed, or
- (b) Twenty-one (21) days after WADA's receipt of the complete file relating to the decision.

13.6.2 Appeals Under Article 13.2.2

The time to file an appeal to an independent and impartial body in accordance with rules established by the *National Anti-Doping Organization* shall be indicated by the same rules of the *National Anti-Doping Organization*.

The above notwithstanding, the filing deadline for an appeal filed by WADA shall be the later of:

- (a) Twenty-one (21) days after the last day on which any other party having a right to appeal could have appealed, or
- (b) Twenty-one (21) days after WADA's receipt of the complete file relating to the decision.

ARTICLE 14 CONFIDENTIALITY AND REPORTING

53 Information Concerning *Adverse Analytical Findings, Atypical Findings, and Other Asserted Anti-Doping Rule Violations*

14.1.1 Notice of Anti-Doping Rule Violations to *Athletes* and other *Persons*

Notice to *Athletes* or other *Persons* of anti-doping rule violations asserted against them shall occur as provided under Articles 7 and 14.

If at any point during *Results Management* up until the anti-doping rule violation charge, FIP decides not to move forward with a matter, it must notify the *Athlete* or other *Person*, (provided that the *Athlete* or other *Person* had been already informed of the ongoing *Results Management*).

14.1.2 Notice of Anti-Doping Rule Violations to *National Anti-Doping Organizations* and WADA

Notice of the assertion of an anti-doping rule violation to the *Athlete's* or other *Person's National Anti-Doping Organization* and WADA shall occur as provided under Articles 7 and 14, simultaneously with the notice to the *Athlete* or other *Person*.

If at any point during *Results Management* up until the anti-doping rule violation charge, FIP decides not to move forward with a matter, it must give notice (with reasons) to the *Anti-Doping Organizations* with a right of appeal under Article 13.2.3.

14.1.3 Content of an Anti-Doping Rule Violation Notice

Notification of an anti-doping rule violation shall include: the *Athlete's* or other *Person's* name, country, sport and discipline within the sport, the *Athlete's* competitive level, whether the test was *In-Competition* or *Out-of-Competition*, the date of *Sample* collection, the analytical result reported by the laboratory, and other information as required by the *International Standard for Testing and Investigations* and *International Standard for Results Management*.

Notification of anti-doping rule violations other than under Article 2.1 shall also include the rule violated and the basis of the asserted violation.

14.1.4 Status Reports

Except with respect to investigations which have not resulted in a notice of an anti-doping rule violation pursuant to Article 14.1.1, the *Athlete's* or other *Person's National Anti-Doping Organization* and WADA shall be regularly updated on the status and findings of any review or proceedings conducted pursuant to Article 7, 8 or 13 and shall be provided with a prompt written reasoned explanation or decision explaining the resolution of the matter.

14.1.5 Confidentiality

The recipient organizations shall not disclose this information beyond those *Persons* with a need to know (which would include the appropriate personnel at the applicable *National Olympic Committee, National Federation, and team in a Team Sport*) until FIP has made *Public Disclosure* as permitted by Article 14.3.

14.1.6 Protection of Confidential Information by an Employee or Agent of FIP

FIP shall ensure that information concerning *Adverse Analytical Findings*, *Atypical Findings*, and other asserted anti-doping rule violations remains confidential until such information is *Publicly Disclosed* in accordance with Article 14.3. FIP shall ensure that its employees (whether permanent or otherwise), contractors, agents, consultants, and *Delegated Third Parties* are subject to fully enforceable contractual duty of confidentiality and to fully enforceable procedures for the investigation and disciplining of improper and/or unauthorized disclosure of such confidential information.

53.1 Notice of Anti-Doping Rule Violation or Violations of *Ineligibility* or *Provisional Suspension* Decisions and Request for Files

14.2.1 Anti-doping rule violation decisions or decisions related to violations of *Ineligibility* or *Provisional Suspension* rendered pursuant to Article 7.6, 8.2, 10.5, 10.6, 10.7, 10.14.3 or 13.5 shall include the full reasons for the decision, including, if applicable, a justification for why the maximum potential sanction was not imposed. Where the decision is not in English or French, FIP shall provide an English or French summary of the decision and the supporting reasons.

14.2.2 An *Anti-Doping Organization* having a right to appeal a decision received pursuant to Article 14.2.1 may, within fifteen (15) days of receipt, request a copy of the full case file pertaining to the decision.

54 Public Disclosure

14.3.1 After notice has been provided to the *Athlete* or other *Person* in accordance with the *International Standard for Results Management*, and to the applicable *Anti-Doping Organizations* in accordance with Article 14.1.2, the identity of any *Athlete* or other *Person* who is notified of a potential anti-doping rule violation, the *Prohibited Substance* or *Prohibited Method* and the nature of the violation involved, and whether the *Athlete* or other *Person* is subject to a *Provisional Suspension* may be *Publicly Disclosed* by FIP.

14.3.2 No later than twenty (20) days after it has been determined in an appellate decision under Article 13.2.1 or 13.2.2, or such appeal has been waived, or a hearing in accordance with Article 8 has been waived, or the assertion of an anti-doping rule violation has not otherwise been timely challenged, or the matter has been resolved under Article 10.8, or a new period of *Ineligibility*, or reprimand, has been imposed under Article 10.14.3, FIP must *Publicly Disclose* the disposition of the anti-doping matter, including the sport, the anti-doping rule violated, the name of the *Athlete* or other *Person* committing the violation, the *Prohibited Substance* or *Prohibited Method* involved (if any) and the *Consequences* imposed. FIP must also *Publicly Disclose* within

twenty (20) days the results of appellate decisions concerning anti-doping rule violations, including the information described above.⁶⁸

- 14.3.3** After an anti-doping rule violation has been determined to have been committed in an appellate decision under Article 13.2.1 or 13.2.2 or such appeal has been waived, or in a hearing in accordance with Article 8 or where such hearing has been waived, or the assertion of an anti-doping rule violation has not otherwise been timely challenged, or the matter has been resolved under Article 10.8, FIP may make public such determination or decision and may comment publicly on the matter.
- 14.3.4** In any case where it is determined, after a hearing or appeal, that the *Athlete* or other *Person* did not commit an anti-doping rule violation, the fact that the decision has been appealed may be *Publicly Disclosed*. However, the decision itself and the underlying facts may not be *Publicly Disclosed* except with the consent of the *Athlete* or other *Person* who is the subject of the decision. FIP shall use reasonable efforts to obtain such consent, and if consent is obtained, shall *Publicly Disclose* the decision in its entirety or in such redacted form as the *Athlete* or other *Person* may approve.
- 14.3.5** Publication shall be accomplished at a minimum by placing the required information on the FIP's website and leaving the information up for the longer of one (1) month or the duration of any period of *Ineligibility*.
- 14.3.6** Except as provided in Articles 14.3.1 and 14.3.3, no *Anti-Doping Organization*, *National Federation*, or WADA-accredited laboratory, or any official of any such body, shall publicly comment on the specific facts of any pending case (as opposed to general description of process and science) except in response to public comments attributed to, or based on information provided by, the *Athlete*, other *Person* or their entourage or other representatives.
- 14.3.7** The mandatory *Public Disclosure* required in Article 14.3.2 shall not be required where the *Athlete* or other *Person* who has been found to have committed an anti-doping rule violation is a *Minor*, *Protected Person* or *Recreational Athlete*. Any optional *Public Disclosure* in a case involving a *Minor*, *Protected Person* or *Recreational Athlete* shall be proportionate to the facts and circumstances of the case.

54.1 Statistical Reporting

FIP shall, at least annually, publish publicly a general statistical report of its *Doping Control* activities, with a copy provided to WADA. FIP may also publish reports showing the name of each *Athlete* tested and the date of each *Testing*.

54.2 Doping Control Information Database and Monitoring of Compliance

⁶⁸ [Comment to Article 14.3.2: Where *Public Disclosure* as required by Article 14.3.2 would result in a breach of other applicable laws, FIP's failure to make the *Public Disclosure* will not result in a determination of non-compliance with Code as set forth in Article 4.1 of the International Standard for the Protection of Privacy and Personal Information.]

To enable WADA to perform its compliance monitoring role and to ensure the effective use of resources and sharing of applicable *Doping Control* information among *Anti-Doping Organizations*, FIP shall report to WADA through ADAMS *Doping Control*-related information, including, in particular:

- (a) *Athlete Biological Passport* data for *International-Level Athletes* and *National-Level Athletes*,
- (b) Whereabouts information for *Athletes* including those in *Registered Testing Pools*,
- (c) *TUE* decisions, and
- (d) *Results Management* decisions,

as required under the applicable *International Standard(s)*.

14.5.1 To facilitate coordinated test distribution planning, avoid unnecessary duplication in *Testing* by various *Anti-Doping Organizations*, and to ensure that *Athlete Biological Passport* profiles are updated, FIP shall report all *In-Competition* and *Out-of-Competition* tests to WADA by entering the *Doping Control* forms into ADAMS in accordance with the requirements and timelines contained in the *International Standard for Testing* and Investigations.

14.5.2 To facilitate WADA's oversight and appeal rights for *TUEs*, FIP shall report all *TUE* applications, decisions and supporting documentation using ADAMS in accordance with the requirements and timelines contained in the *International Standard for Therapeutic Use Exemptions*.

14.5.3 To facilitate WADA's oversight and appeal rights for *Results Management*, FIP shall report the following information into ADAMS in accordance with the requirements and timelines outlined in the *International Standard for Results Management*: (a) notifications of anti-doping rule violations and related decisions for *Adverse Analytical Findings*; (b) notifications and related decisions for other anti-doping rule violations that are not *Adverse Analytical Findings*; (c) whereabouts failures; and (d) any decision imposing, lifting or reinstating a *Provisional Suspension*.

14.5.4 The information described in this Article will be made accessible, where appropriate and in accordance with the applicable rules, to the *Athlete*, the *Athlete's National Anti-Doping Organization*, and any other *Anti-Doping Organizations* with *Testing* authority over the *Athlete*.

54.3 Data Privacy

14.6.1 FIP may collect, store, process or disclose personal information relating to *Athletes* and other *Persons* where necessary and appropriate to conduct its *Anti-Doping Activities* under the *Code*, the *International Standards* (including specifically the *International Standard for the Protection of Privacy and Personal Information*), these *Anti-Doping Rules*, and in compliance with applicable law.

14.6.2 Without limiting the foregoing, FIP shall:

- (a) Only process personal information in accordance with a valid legal ground;
- (b) Notify any *Participant* or *Person* subject to these Anti-Doping Rules, in a manner and form that complies with applicable laws and the *International Standard for the Protection of Privacy and Personal Information*, that their personal information may be processed by FIP and other *Persons* for the purpose of the implementation of these Anti-Doping Rules;
- (c) Ensure that any third-party agents (including any *Delegated Third Party*) with whom FIP shares the personal information of any *Participant* or *Person* is subject to appropriate technical and contractual controls to protect the confidentiality and privacy of such information.

ARTICLE 15 IMPLEMENTATION OF DECISIONS

55.1 Automatic Binding Effect of Decisions by Signatory Anti-Doping Organizations

15.1.1 A decision of an anti-doping rule violation made by a *Signatory Anti-Doping Organization*, an appellate body (Article 13.2.2 of the *Code*) or CAS shall, after the parties to the proceeding are notified, automatically be binding beyond the parties to the proceeding upon FIP and its *National Federations*, as well as every *Signatory* in every sport with the effects described below:

15.1.1.1 A decision by any of the above-described bodies imposing a *Provisional Suspension* (after a *Provisional Hearing* has occurred or the *Athlete* or other *Person* has either accepted the *Provisional Suspension* or has waived the right to a *Provisional Hearing*, expedited hearing or expedited appeal offered in accordance with Article 7.4.3) automatically prohibits the *Athlete* or other *Person* from participation (as described in Article 10.14.1) in all sports within the authority of any *Signatory* during the *Provisional Suspension*.

15.1.1.2 A decision by any of the above-described bodies imposing a period of *Ineligibility* (after a hearing has occurred or been waived) automatically prohibits the *Athlete* or other *Person* from participation (as described in Article 10.14.1) in all sports within the authority of any *Signatory* for the period of *Ineligibility*.

15.1.1.3 A decision by any of the above-described bodies accepting an anti-doping rule violation automatically binds all *Signatories*.

15.1.1.4 A decision by any of the above-described bodies to *Disqualify* results under Article 10.10 for a specified period automatically *Disqualifies* all results obtained within the authority of any *Signatory* during the specified period.

15.1.2 FIP and its *National Federations* shall recognize and implement a decision and its effects as required by Article 15.1.1, without any further action required, on the earlier of the date FIP receives actual notice of the decision or the date the decision is placed into ADAMS.

15.1.3 A decision by an *Anti-Doping Organization*, a national appellate body or CAS to suspend, or lift, *Consequences* shall be binding upon FIP and its *National Federations*

without any further action required, on the earlier of the date FIP receives actual notice of the decision or the date the decision is placed into *ADAMS*.

15.1.4 Notwithstanding any provision in Article 15.1.1, however, a decision of an anti-doping rule violation by a *Major Event Organization* made in an expedited process during an *Event* shall not be binding to FIP or its *National Federations* unless the rules of the *Major Event Organization* provide the *Athlete* or other *Person* with an opportunity to an appeal under non-expedited procedures.⁶⁹

55.2 Implementation of Other Decisions by *Anti-Doping Organizations*

FIP and its *National Federations* may decide to implement other anti-doping decisions rendered by *Anti-Doping Organizations* not described in Article 15.1.1 above, such as a *Provisional Suspension* prior to a *Provisional Hearing* or acceptance by the *Athlete* or other *Person*.⁷⁰

55.3 Implementation of Decisions by Body that is not a *Signatory*

An anti-doping decision by a body that is not a *Signatory* to the *Code* shall be implemented by FIP and its *National Federations*, if FIP finds that the decision purports to be within the authority of that body and the anti-doping rules of that body are otherwise consistent with the *Code*.⁷¹

ARTICLE 16 STATUTE OF LIMITATIONS

No anti-doping rule violation proceeding may be commenced against an *Athlete* or other *Person* unless he or she has been notified of the anti-doping rule violation as provided in Article 7, or notification has been reasonably attempted, within ten (10) years from the date the violation is asserted to have occurred.

⁶⁹ [Comment to Article 15.1.4: By way of example, where the rules of the *Major Event Organization* give the *Athlete* or other *Person* the option of choosing an expedited CAS appeal or a CAS appeal under normal CAS procedure, the final decision or adjudication by the *Major Event Organization* is binding on other *Signatories* regardless of whether the *Athlete* or other *Person* chooses the expedited appeal option.]

⁷⁰ [Comment to Articles 15.1 and 15.2: *Anti-Doping Organization* decisions under Article 15.1 are implemented automatically by other *Signatories* without the requirement of any decision or further action on the *Signatories'* part. For example, when a *National Anti-Doping Organization* decides to *Provisionally Suspend* an *Athlete*, that decision is given automatic effect at the *International Federation* level. To be clear, the "decision" is the one made by the *National Anti-Doping Organization*, there is not a separate decision to be made by the *International Federation*. Thus, any claim by the *Athlete* that the *Provisional Suspension* was improperly imposed can only be asserted against the *National Anti-Doping Organization*. Implementation of *Anti-Doping Organizations'* decisions under Article 15.2 is subject to each *Signatory's* discretion. A *Signatory's* implementation of a decision under Article 15.1 or Article 15.2 is not appealable separately from any appeal of the underlying decision. The extent of recognition of TUE decisions of other *Anti-Doping Organizations* shall be determined by Article 4.4 and the *International Standard for Therapeutic Use Exemptions*.]

⁷¹ [Comment to Article 15.3: Where the decision of a body that has not accepted the *Code* is in some respects *Code* compliant and in other respects not *Code* compliant, FIP, other *Signatories* and *National Federations* should attempt to apply the decision in harmony with the principles of the *Code*. For example, if in a process consistent with the *Code* a non-*Signatory* has found an *Athlete* to have committed an anti-doping rule violation on account of the presence of a *Prohibited Substance* in the *Athlete's* body but the period of *Ineligibility* applied is shorter than the period provided for in the *Code*, then FIP and all other *Signatories* should recognize the finding of an anti-doping rule violation and the *Athlete's* *National Anti-Doping Organization* should conduct a hearing consistent with Article 8 to determine whether the longer period of *Ineligibility* provided in the *Code* should be imposed. FIP or other *Signatory's* implementation of a decision, or their decision not to implement a decision under Article 15.3, is appealable under Article 13.]

ARTICLE 17 EDUCATION

FIP shall plan, implement, evaluate and promote *Education* in line with the requirements of Article 18.2 of the *Code* and the *International Standard for Education*.

ARTICLE 18 ADDITIONAL ROLES AND RESPONSIBILITIES OF NATIONAL FEDERATIONS

- 58.1** All *National Federations* and their members shall comply with the *Code*, *International Standards*, and these Anti-Doping Rules. All *National Federations* and other members shall include in their policies, rules and programs the provisions necessary to ensure that FIP may enforce these Anti-Doping Rules (including carrying out *Testing*) directly in respect of *Athletes* (including *National-Level Athletes*) and other *Persons* under their anti-doping authority as specified in the Introduction to these Anti-Doping Rules (Section "Scope of these Anti-Doping Rules").
- 58.2** Each *National Federation* shall incorporate these Anti-Doping Rules either directly or by reference into its governing documents, constitution and/or rules as part of the rules of sport that bind their members so that the *National Federation* may enforce them itself directly in respect of *Athletes* (including *National-Level Athletes*) and other *Persons* under its anti-doping authority.
- 58.3** By adopting these Anti-Doping Rules, and incorporating them into their governing documents and rules of sport, *National Federations* shall cooperate with and support FIP in that function. They shall also recognize, abide by and implement the decisions made pursuant to these Anti-Doping Rules, including the decisions imposing sanctions on *Persons* under their authority.
- 58.4** All *National Federations* shall take appropriate action to enforce compliance with the *Code*, *International Standards*, and these Anti-Doping Rules by inter alia:
- (i) conducting *Testing* only under the documented authority of FIP and using their *National Anti-Doping Organization* or other *Sample* collection authority to collect *Samples* in compliance with the *International Standard for Testing and Investigations*;
 - (ii) recognizing the authority of the *National Anti-Doping Organization* in their country in accordance with Article 5.2.1 of the *Code* and assisting as appropriate with the *National Anti-Doping Organization's* implementation of the national *Testing* program for their sport;
 - (iii) analyzing all *Samples* collected using a WADA-accredited or WADA-approved laboratory in accordance with Article 6.1; and
 - (iv) ensuring that any national level anti-doping rule violation cases discovered by *National Federations* are adjudicated by an *Operationally Independent* hearing panel in accordance with Article 8.1 and the *International Standard for Results Management*.
- 58.5** All *National Federations* shall establish rules requiring all *Athletes* preparing for or

participating in a *Competition* or activity authorized or organized by a *National Federation* or one of its member organizations, and all *Athlete Support Personnel* associated with such *Athletes*, to agree to be bound by these Anti-Doping Rules and to submit to the *Results Management* authority of the *Anti-Doping Organization* in conformity with the *Code* as a condition of such participation.

- 58.6** All *National Federations* shall report any information suggesting or relating to an anti-doping rule violation to FIP and to their *National Anti-Doping Organizations* and shall cooperate with investigations conducted by any *Anti-Doping Organization* with authority to conduct the investigation.
- 58.7** All *National Federations* shall have disciplinary rules in place to prevent *Athlete Support Personnel* who are Using *Prohibited Substances* or *Prohibited Methods* without valid justification from providing support to *Athletes* under the authority of FIP or the *National Federation*.
- 58.8** All *National Federations* shall conduct anti-doping *Education* in coordination with their *National Anti-Doping Organizations*.

ARTICLE 19 ADDITIONAL ROLES AND RESPONSIBILITIES OF FIP

- 59.1** In addition to the roles and responsibilities described in Article 20.3 of the *Code* for International Federations, FIP shall report to WADA on FIP's compliance with the *Code* and the *International Standards* in accordance with Article 24.1.2 of the *Code*.
- 59.2** Subject to applicable law, and in accordance with Article 20.3.4 of the *Code*, all FIP board members, directors, officers and those employees (and those of appointed *Delegated Third Parties*), who are involved in any aspect of *Doping Control*, must sign a form provided by FIP, agreeing to be bound by these Anti-Doping Rules as *Persons* in conformity with the *Code* for direct and intentional misconduct.
- 59.3** Subject to applicable law, and in accordance with Article 20.3.5 of the *Code*, any FIP employee who is involved in *Doping Control* (other than authorized anti-doping *Education* or rehabilitation programs) must sign a statement provided by FIP confirming that they are not *Provisionally Suspended* or serving a period of *Ineligibility* and have not been directly or intentionally engaged in conduct within the previous six (6) years which would have constituted a violation of anti-doping rules if *Code*-compliant rules had been applicable to them.

ARTICLE 20 ADDITIONAL ROLES AND RESPONSIBILITIES OF ATHLETES

- 60.1** To be knowledgeable of and comply with these Anti-Doping Rules.

- 60.2** To be available for *Sample* collection at all times.⁷²
- 60.3** To take responsibility, in the context of anti-doping, for what they ingest and *Use*.
- 60.4** To inform medical personnel of their obligation not to *Use Prohibited Substances* and *Prohibited Methods* and to take responsibility to make sure that any medical treatment received does not violate these Anti-Doping Rules.
- 60.5** To disclose to FIP and their *National Anti-Doping Organization* any decision by a non-Signatory finding that the *Athlete* committed an anti-doping rule violation within the previous ten (10) years.
- 60.6** To cooperate with *Anti-Doping Organizations* investigating anti-doping rule violations. Failure by any *Athlete* to cooperate in full with *Anti-Doping Organizations* investigating anti-doping rule violations may result in a charge of misconduct under FIP's disciplinary rules.
- 60.7** To disclose the identity of their *Athlete Support Personnel* upon request by FIP or a *National Federation*, or any other *Anti-Doping Organization* with authority over the *Athlete*.
- 60.8** Offensive conduct towards a *Doping Control* official or other *Person* involved in *Doping Control* by an *Athlete*, which does not otherwise constitute *Tampering*, may result in a charge of misconduct under FIP's disciplinary rules/code of conduct.

ARTICLE 21 ADDITIONAL ROLES AND RESPONSIBILITIES OF ATHLETE SUPPORT PERSONNEL

- 61.1** To be knowledgeable of and comply with these Anti-Doping Rules.
- 61.2** To cooperate with the *Athlete Testing* program.
- 61.3** To use their influence on *Athlete* values and behavior to foster anti-doping attitudes.
- 61.4** To disclose to FIP and their *National Anti-Doping Organization* any decision by a non-Signatory finding that they committed an anti-doping rule violation within the previous ten (10) years.
- 61.5** To cooperate with *Anti-Doping Organizations* investigating anti-doping rule violations.

⁷² [Comment to Article 20.2: With due regard to an *Athlete's* human rights and privacy, legitimate anti-doping considerations sometimes require *Sample* collection late at night or early in the morning. For example, it is known that some *Athletes* Use low doses of EPO during these hours so that it will be undetectable in the morning.]

Failure by any *Athlete Support Personnel* to cooperate in full with *Anti-Doping Organizations* investigating anti-doping rule violations may result in a charge of misconduct under FIP's disciplinary rules.

- 61.6** *Athlete Support Personnel* shall not *Use* or *Possess* any *Prohibited Substance* or *Prohibited Method* without valid justification. Any such *Use* or *Possession* may result in a charge of misconduct under FIP's disciplinary rules.
- 61.7** Offensive conduct towards a *Doping Control* official or other *Person* involved in *Doping Control* by *Athlete Support Personnel*, which does not otherwise constitute *Tampering*, may result in a charge of misconduct under FIP's disciplinary rules.

ARTICLE 22 ADDITIONAL ROLES AND RESPONSIBILITIES OF OTHER PERSONS SUBJECT TO THESE ANTI-DOPING RULES

- 62.1** To be knowledgeable of and comply with these Anti-Doping Rules.
- 62.2** To disclose to FIP and their *National Anti-Doping Organization* any decision by a non-*Signatory* finding that they committed an anti-doping rule violation within the previous ten (10) years.
- 62.3** To cooperate with *Anti-Doping Organizations* investigating anti-doping rule violations. Failure by any other *Person* subject to these Anti-Doping Rules to cooperate in full with *Anti-Doping Organizations* investigating anti-doping rule violations may result in a charge of misconduct under FIP's disciplinary rules.
- 62.4** Not to *Use* or *Possess* any *Prohibited Substance* or *Prohibited Method* without valid justification.
- 62.5** Offensive conduct towards a *Doping Control* official or other *Person* involved in *Doping Control* by a *Person*, which does not otherwise constitute *Tampering*, may result in a charge of misconduct under FIP's disciplinary rules.

ARTICLE 23 INTERPRETATION OF THE CODE

- 63.1** The official text of the *Code* shall be maintained by WADA and shall be published in English and French. In the event of any conflict between the English and French versions, the English version shall prevail.
- 63.2** The comments annotating various provisions of the *Code* shall be used to interpret the

Code.

- 63.3** The *Code* shall be interpreted as an independent and autonomous text and not by reference to the existing law or statutes of the *Signatories* or governments.
- 63.4** The headings used for the various Parts and Articles of the *Code* are for convenience only and shall not be deemed part of the substance of the *Code* or to affect in any way the language of the provisions to which they refer.
- 63.5** Where the term “days” is used in the *Code* or an *International Standard*, it shall mean calendar days unless otherwise specified.
- 63.6** The *Code* shall not apply retroactively to matters pending before the date the *Code* is accepted by a *Signatory* and implemented in its rules. However, pre-*Code* anti-doping rule violations would continue to count as "First violations" or "Second violations" for purposes of determining sanctions under Article 10 for subsequent post-*Code* violations.
- 63.7** The Purpose, Scope and Organization of the World Anti-Doping Program and the *Code* and Appendix 1, Definitions, shall be considered integral parts of the *Code*.

ARTICLE 24 FINAL PROVISIONS

- 64.1** Where the term “days” is used in these Anti-Doping Rules, it shall mean calendar days unless otherwise specified.
- 64.2** These Anti-Doping Rules shall be interpreted as an independent and autonomous text and not by reference to existing law or statutes.
- 64.3** These Anti-Doping Rules have been adopted pursuant to the applicable provisions of the *Code* and the *International Standards* and shall be interpreted in a manner that is consistent with applicable provisions of the *Code* and the *International Standards*. The *Code* and the *International Standards* shall be considered integral parts of these Anti-Doping Rules and shall prevail in case of conflict.
- 64.4** The Introduction and Appendix 1 shall be considered integral parts of these Anti-Doping Rules.
- 64.5** The comments annotating various provisions of these Anti-Doping Rules shall be used to interpret these Anti-Doping Rules.
- 64.6** These Anti-Doping Rules shall enter into force on 1 January 2021 (the “Effective Date”). They repeal any previous version of FIP’s Anti-Doping Rules.
- 64.7** These Anti-Doping Rules shall not apply retroactively to matters pending before the

Effective Date. However:

- 24.7.1** Anti-doping rule violations taking place prior to the Effective Date count as "first violations" or "second violations" for purposes of determining sanctions under Article 10 for violations taking place after the Effective Date.
- 24.7.2** Any anti-doping rule violation case which is pending as of the Effective Date and any anti-doping rule violation case brought after the Effective Date based on an anti-doping rule violation which occurred prior to the Effective Date, shall be governed by the substantive anti-doping rules in effect at the time the alleged anti-doping rule violation occurred, and not by the substantive anti-doping rules set out in these Anti-Doping Rules, unless the panel hearing the case determines the principle of "lex mitior" appropriately applies under the circumstances of the case. For these purposes, the retrospective periods in which prior violations can be considered for purposes of multiple violations under Article 10.9.4 and the statute of limitations set forth in Article 16 are procedural rules, not substantive rules, and should be applied retroactively along with all of the other procedural rules in these Anti-Doping Rules (provided, however, that Article 16 shall only be applied retroactively if the statute of limitations period has not already expired by the Effective Date).
- 24.7.3** Any Article 2.4 whereabouts failure (whether a filing failure or a missed test, as those terms are defined in the *International Standard for Results Management*) prior to the Effective Date shall be carried forward and may be relied upon, prior to expiry, in accordance with the *International Standard for Results Management*, but it shall be deemed to have expired twelve (12) months after it occurred.
- 24.7.4** With respect to cases where a final decision finding an anti-doping rule violation has been rendered prior to the Effective Date, but the *Athlete* or other *Person* is still serving the period of *Ineligibility* as of the Effective Date, the *Athlete* or other *Person* may apply to FIP or other *Anti-Doping Organization* which had *Results Management* responsibility for the anti-doping rule violation to consider a reduction in the period of *Ineligibility* in light of these Anti-Doping Rules. Such application must be made before the period of *Ineligibility* has expired. The decision rendered may be appealed pursuant to Article 13.2. These Anti-Doping Rules shall have no application to any case where a final decision finding an anti-doping rule violation has been rendered and the period of *Ineligibility* has expired.
- 24.7.5** For purposes of assessing the period of *Ineligibility* for a second violation under Article 10.9.1, where the sanction for the first violation was determined based on rules in force prior to the Effective Date, the period of *Ineligibility*

which would have been assessed for that first violation had these Anti-Doping Rules been applicable, shall be applied.⁷³

24.7.6 Changes to the *Prohibited List* and *Technical Documents* relating to substances or methods on the *Prohibited List* shall not, unless they specifically provide otherwise, be applied retroactively. As an exception, however, when a *Prohibited Substance* or a *Prohibited Method* has been removed from the *Prohibited List*, an *Athlete* or other *Person* currently serving a period of *Ineligibility* on account of the formerly *Prohibited Substance* or *Prohibited Method* may apply to FIP or other *Anti-Doping Organization* which had *Results Management* responsibility for the anti-doping rule violation to consider a reduction in the period of *Ineligibility* in light of the removal of the substance or method from the *Prohibited List*.

⁷³ [Comment to Article 24.7.5: Other than the situation described in Article 24.7.5, where a final decision finding an anti-doping rule violation has been rendered prior to the Effective Date and the period of Ineligibility imposed has been completely served, these Anti-Doping Rules may not be used to re-characterize the prior violation.]

APPENDIX 1 DEFINITIONS⁷⁴

ADAMS: The Anti-Doping Administration and Management System is a Web-based database management tool for data entry, storage, sharing, and reporting designed to assist stakeholders and WADA in their anti-doping operations in conjunction with data protection legislation.

Administration: Providing, supplying, supervising, facilitating, or otherwise participating in the *Use* or *Attempted Use* by another *Person* of a *Prohibited Substance* or *Prohibited Method*. However, this definition shall not include the actions of bona fide medical personnel involving a *Prohibited Substance* or *Prohibited Method Used* for genuine and legal therapeutic purposes or other acceptable justification and shall not include actions involving *Prohibited Substances* which are not prohibited in *Out-of-Competition Testing* unless the circumstances as a whole demonstrate that such *Prohibited Substances* are not intended for genuine and legal therapeutic purposes or are intended to enhance sport performance.

Adverse Analytical Finding: A report from a WADA-accredited laboratory or other WADA-approved laboratory that, consistent with the *International Standard* for Laboratories, establishes in a *Sample* the presence of a *Prohibited Substance* or its *Metabolites* or *Markers* or evidence of the *Use* of a *Prohibited Method*.

Adverse Passport Finding: A report identified as an *Adverse Passport Finding* as described in the applicable *International Standards*.

Aggravating Circumstances: Circumstances involving, or actions by, an *Athlete* or other *Person* which may justify the imposition of a period of *Ineligibility* greater than the standard sanction. Such circumstances and actions shall include, but are not limited to: the *Athlete* or other *Person Used* or *Possessed* multiple *Prohibited Substances* or *Prohibited Methods*, *Used* or *Possessed* a *Prohibited Substance* or *Prohibited Method* on multiple occasions or committed multiple other anti-doping rule violations; a normal individual would be likely to enjoy the performance-enhancing effects of the anti-doping rule violation(s) beyond the otherwise applicable period of *Ineligibility*; the *Athlete* or *Person* engaged in deceptive or obstructive conduct to avoid the detection or adjudication of an anti-doping rule violation; or the *Athlete* or other *Person* engaged in *Tampering* during *Results Management*. For the avoidance of doubt, the examples of circumstances and conduct described herein are not exclusive and other similar circumstances or conduct may also justify the imposition of a longer period of *Ineligibility*.

Anti-Doping Activities: Anti-doping *Education* and information, test distribution planning, maintenance of a *Registered Testing Pool*, managing *Athlete Biological Passports*, conducting *Testing*, organizing analysis of *Samples*, gathering of intelligence and conduct of investigations, processing of *TUE* applications, *Results Management*, monitoring and enforcing compliance with any *Consequences* imposed, and all other activities related to anti-doping to be carried out by or on behalf of an *Anti-Doping Organization*, as set out in the *Code* and/or the *International Standards*.

⁷⁴ [Comment to Definitions: Defined terms shall include their plural and possessive forms, as well as those terms used as other parts of speech.]

Anti-Doping Organization: WADA or a *Signatory* that is responsible for adopting rules for initiating, implementing or enforcing any part of the *Doping Control* process. This includes, for example, the International Olympic Committee, the International Paralympic Committee, other *Major Event Organizations* that conduct *Testing* at their *Events*, International Federations, and *National Anti-Doping Organizations*.

Athlete: Any *Person* who competes in sport at the international level (as defined by each International Federation) or the national level (as defined by each *National Anti-Doping Organization*). An *Anti-Doping Organization* has discretion to apply anti-doping rules to an *Athlete* who is neither an *International-Level Athlete* nor a *National-Level Athlete*, and thus to bring them within the definition of “*Athlete*”. In relation to *Athletes* who are neither *International-Level* nor *National-Level Athletes*, an *Anti-Doping Organization* may elect to: conduct limited *Testing* or no *Testing* at all; analyze *Samples* for less than the full menu of *Prohibited Substances*; require limited or no whereabouts information; or not require advance *TUEs*. However, if an Article 2.1, 2.3 or 2.5 anti-doping rule violation is committed by any *Athlete* over whom an *Anti-Doping Organization* has elected to exercise its authority to test and who competes below the international or national level, then the *Consequences* set forth in the *Code* must be applied. For purposes of Article 2.8 and Article 2.9 and for purposes of anti-doping information and *Education*, any *Person* who participates in sport under the authority of any *Signatory*, government, or other sports organization accepting the *Code* is an *Athlete*.⁷⁵

Athlete Biological Passport: The program and methods of gathering and collating data as described in the *International Standard for Testing and Investigations* and *International Standard for Laboratories*.

Athlete Support Personnel: Any coach, trainer, manager, agent, team staff, official, medical, paramedical personnel, parent or any other *Person* working with, treating or assisting an *Athlete* participating in or preparing for sports *Competition*.

Attempt: Purposely engaging in conduct that constitutes a substantial step in a course of conduct planned to culminate in the commission of an anti-doping rule violation. Provided, however, there shall be no anti-doping rule violation based solely on an *Attempt* to commit a violation if the *Person* renounces the *Attempt* prior to it being discovered by a third party not involved in the *Attempt*.

Atypical Finding: A report from a WADA-accredited laboratory or other WADA-approved laboratory which requires further investigation as provided by the *International Standard for Laboratories* or related *Technical Documents* prior to the determination of an *Adverse Analytical Finding*.

Atypical Passport Finding: A report described as an *Atypical Passport Finding* as described in the applicable *International Standards*.

⁷⁵ [Comment to Athlete: Individuals who participate in sport may fall in one of five categories: 1) International-Level Athlete, 2) National-Level Athlete, 3) individuals who are not International- or National-Level Athletes but over whom the International Federation or National Anti-Doping Organization has chosen to exercise authority, 4) Recreational Athlete, and 5) individuals over whom no International Federation or National Anti-Doping Organization has, or has chosen to, exercise authority. All International- and National-Level Athletes are subject to the anti-doping rules of the Code, with the precise definitions of international and national level sport to be set forth in the anti-doping rules of the International Federations and National Anti-Doping Organizations.]

CAS: The Court of Arbitration for Sport.

Code: The World Anti-Doping Code.

Competition: A single race, match, game or singular sport contest. For example, a basketball game or the finals of the Olympic 100-meter race in athletics. For stage races and other sport contests where prizes are awarded on a daily or other interim basis the distinction between a *Competition* and an *Event* will be as provided in the rules of FIP.

Consequences of Anti-Doping Rule Violations ("Consequences"): An *Athlete's* or other *Person's* violation of an anti-doping rule may result in one or more of the following: (a) *Disqualification* means the *Athlete's* results in a particular *Competition* or *Event* are invalidated, with all resulting *Consequences* including forfeiture of any medals, points and prizes; (b) *Ineligibility* means the *Athlete* or other *Person* is barred on account of an anti-doping rule violation for a specified period of time from participating in any *Competition* or other activity or funding as provided in Article 10.14; (c) *Provisional Suspension* means the *Athlete* or other *Person* is barred temporarily from participating in any *Competition* or activity prior to the final decision at a hearing conducted under Article 8; (d) *Financial Consequences* means a financial sanction imposed for an anti-doping rule violation or to recover costs associated with an anti-doping rule violation; and (e) *Public Disclosure* means the dissemination or distribution of information to the general public or *Persons* beyond those *Persons* entitled to earlier notification in accordance with Article 14. Teams in *Team Sports* may also be subject to *Consequences* as provided in Article 11.

Contaminated Product: A product that contains a *Prohibited Substance* that is not disclosed on the product label or in information available in a reasonable Internet search.

Decision Limit: The value of the result for a threshold substance in a *Sample*, above which an *Adverse Analytical Finding* shall be reported, as defined in the *International Standard* for Laboratories.

Delegated Third Party: Any *Person* to which FIP delegates any aspect of *Doping Control* or anti-doping *Education* programs including, but not limited to, third parties or other *Anti-Doping Organizations* that conduct *Sample* collection or other *Doping Control* services or anti-doping *Educational* programs for FIP, or individuals serving as independent contractors who perform *Doping Control* services for FIP (e.g., non-employee *Doping Control* officers or chaperones). This definition does not include CAS.

Disqualification: See *Consequences of Anti-Doping Rule Violations* above.

Doping Control: All steps and processes from test distribution planning through to ultimate disposition of any appeal and the enforcement of *Consequences*, including all steps and processes in between, including but not limited to *Testing*, investigations, whereabouts, *TUEs*, *Sample* collection and handling, laboratory analysis, *Results Management* and investigations or proceedings relating to violations of Article 10.14 (Status During *Ineligibility* or *Provisional Suspension*).

[Education: The process of learning to instill values and develop behaviors that foster and protect the spirit of sport, and to prevent intentional and unintentional doping.](#)

Event: A series of individual *Competitions* conducted together under one ruling body (e.g., the Olympic Games, World Championships of an International Federation, or Pan American Games).

Event Period: The time between the beginning and end of an *Event*, as established by the ruling body of the *Event*.

Event Venues: Those venues so designated by the ruling body for the *Event*.

Fault: *Fault* is any breach of duty or any lack of care appropriate to a particular situation. Factors to be taken into consideration in assessing an *Athlete's* or other *Person's* degree of *Fault* include, for example, the *Athlete's* or other *Person's* experience, whether the *Athlete* or other *Person* is a *Protected Person*, special considerations such as impairment, the degree of risk that should have been perceived by the *Athlete* and the level of care and investigation exercised by the *Athlete* in relation to what should have been the perceived level of risk. In assessing the *Athlete's* or other *Person's* degree of *Fault*, the circumstances considered must be specific and relevant to explain the *Athlete's* or other *Person's* departure from the expected standard of behavior. Thus, for example, the fact that an *Athlete* would lose the opportunity to earn large sums of money during a period of *Ineligibility*, or the fact that the *Athlete* only has a short time left in a career, or the timing of the sporting calendar, would not be relevant factors to be considered in reducing the period of *Ineligibility* under Article 10.6.1 or 10.6.2.⁷⁶

Financial Consequences: See *Consequences of Anti-Doping Rule Violations* above.

In-Competition: The period commencing at 11:59 p.m. on the day before a *Competition* in which the *Athlete* is scheduled to participate through the end of such *Competition* and the *Sample* collection process related to such *Competition*. [WADA may approve, for a particular sport, an alternative definition if an International Federation provides a compelling justification that a different definition is necessary for its sport; upon such approval by WADA, the alternative definition shall be followed by all *Major Event Organizations* for that particular sport.]⁷⁷

Independent Observer Program: A team of observers and/or auditors, under the supervision of WADA, who observe and provide guidance on the *Doping Control* process prior to or during certain *Events* and report on their observations as part of WADA's compliance monitoring program.

⁷⁶ [Comment to *Fault*: The criterion for assessing an *Athlete's* degree of *Fault* is the same under all Articles where *Fault* is to be considered. However, under Article 10.6.2, no reduction of sanction is appropriate unless, when the degree of *Fault* is assessed, the conclusion is that No Significant *Fault* or *Negligence* on the part of the *Athlete* or other *Person* was involved.]

⁷⁷ [Comment to *In-Competition*: Having a universally accepted definition for *In-Competition* provides greater harmonization among *Athletes* across all sports, eliminates or reduces confusion among *Athletes* about the relevant timeframe for *In-Competition Testing*, avoids inadvertent *Adverse Analytical Findings* in between *Competitions* during an *Event* and assists in preventing any potential performance enhancement benefits from substances prohibited *Out-of-Competition* being carried over to the *Competition* period.]

Individual Sport: Any sport that is not a *Team Sport*.

Ineligibility: See *Consequences of Anti-Doping Rule Violations* above.

Institutional Independence: Hearing panels on appeal shall be fully independent institutionally from the *Anti-Doping Organization* responsible for *Results Management*. They must therefore not in any way be administered by, connected or subject to the *Anti-Doping Organization* responsible for *Results Management*.

International Event: An *Event* or *Competition* where the International Olympic Committee, the International Paralympic Committee, an International Federation, a *Major Event Organization*, or another international sport organization is the ruling body for the *Event* or appoints the technical officials for the *Event*.

International-Level Athlete: *Athletes* who compete in sport at the international level, as defined by each International Federation, consistent with the *International Standard for Testing and Investigations*. For the sport of polo, *International-Level Athletes* are defined as set out in the Scope section of the Introduction to these Anti-Doping Rules.⁷⁸

International Standard: A standard adopted by WADA in support of the *Code*. Compliance with an *International Standard* (as opposed to another alternative standard, practice or procedure) shall be sufficient to conclude that the procedures addressed by the *International Standard* were performed properly. *International Standards* shall include any *Technical Documents* issued pursuant to the *International Standard*.

Major Event Organizations: The continental associations of *National Olympic Committees* and other international multi-sport organizations that function as the ruling body for any continental, regional or other *International Event*.

Marker: A compound, group of compounds or biological variable(s) that indicates the *Use* of a *Prohibited Substance* or *Prohibited Method*.

⁷⁸ [Comment to *International-Level Athlete*: Consistent with the *International Standard for Testing and Investigations*, [IF] is free to determine the criteria it will use to classify *Athletes* as *International-Level Athletes*, e.g., by ranking, by participation in particular *International Events*, by type of license, etc. However, it must publish those criteria in clear and concise form, so that *Athletes* are able to ascertain quickly and easily when they will become classified as *International-Level Athletes*. For example, if the criteria include participation in certain *International Events*, then the *International Federation* must publish a list of those *International Events*.]

Metabolite: Any substance produced by a biotransformation process.

Minimum Reporting Level: The estimated concentration of a *Prohibited Substance* or its *Metabolite(s)* or *Marker(s)* in a *Sample* below which WADA-accredited laboratories should not report that *Sample* as an *Adverse Analytical Finding*.

Minor: A natural *Person* who has not reached the age of eighteen (18) years.

National Anti-Doping Organization: The entity(ies) designated by each country as possessing the primary authority and responsibility to adopt and implement anti-doping rules, direct the collection of *Samples*, manage test results and conduct *Results Management* at the national level. If this designation has not been made by the competent public authority(ies), the entity shall be the country's *National Olympic Committee* or its designee.

National Event: A sport *Event* or *Competition* involving *International-* or *National-Level Athletes* that is not an *International Event*.

National Federation or *Association*: A national or regional entity which is a member of or is recognized by FIP as the entity governing FIP's sport in that nation or region.

National-Level Athlete: *Athletes* who compete in sport at the national level, as defined by each *National Anti-Doping Organization*, consistent with the *International Standard for Testing and Investigations*.

National Olympic Committee: The organization recognized by the International Olympic Committee. The term *National Olympic Committee* shall also include the National Sport Confederation in those countries where the National Sport Confederation assumes typical *National Olympic Committee* responsibilities in the anti-doping area.

No Fault or Negligence: The *Athlete* or other *Person's* establishing that he or she did not know or suspect, and could not reasonably have known or suspected even with the exercise of utmost caution, that he or she had *Used* or been administered the *Prohibited Substance* or *Prohibited Method* or otherwise violated an anti-doping rule. Except in the case of a *Protected Person* or *Recreational Athlete*, for any violation of Article 2.1, the *Athlete* must also establish how the *Prohibited Substance* entered the *Athlete's* system.

No Significant Fault or Negligence: The *Athlete* or other *Person's* establishing that any *Fault* or *Negligence*, when viewed in the totality of the circumstances and taking into account the criteria for *No Fault* or *Negligence*, was not significant in relationship to the anti-doping rule violation. Except in the case of a *Protected Person* or *Recreational Athlete*, for any violation of Article 2.1, the *Athlete* must also establish how the *Prohibited Substance* entered the *Athlete's* system.

Operational Independence: This means that (1) board members, staff members, commission members, consultants and officials of the *Anti-Doping Organization* with responsibility for *Results Management* or its affiliates (e.g., member federation or confederation), as well as any *Person* involved in the

investigation and pre-adjudication of the matter cannot be appointed as members and/or clerks (to the extent that such clerk is involved in the deliberation process and/or drafting of any decision) of hearing panels of that *Anti-Doping Organization* with responsibility for *Results Management* and (2) hearing panels shall be in a position to conduct the hearing and decision-making process without interference from the *Anti-Doping Organization* or any third party. The objective is to ensure that members of the hearing panel or individuals otherwise involved in the decision of the hearing panel, are not involved in the investigation of, or decisions to proceed with, the case.

Out-of-Competition: Any period which is not *In-Competition*.

Participant: Any *Athlete* or *Athlete Support Person*.

Person: A natural *Person* or an organization or other entity.

Possession: The actual, physical *Possession*, or the constructive *Possession* (which shall be found only if the *Person* has exclusive control or intends to exercise control over the *Prohibited Substance* or *Prohibited Method* or the premises in which a *Prohibited Substance* or *Prohibited Method* exists); provided, however, that if the *Person* does not have exclusive control over the *Prohibited Substance* or *Prohibited Method* or the premises in which a *Prohibited Substance* or *Prohibited Method* exists, constructive *Possession* shall only be found if the *Person* knew about the presence of the *Prohibited Substance* or *Prohibited Method* and intended to exercise control over it. Provided, however, there shall be no anti-doping rule violation based solely on *Possession* if, prior to receiving notification of any kind that the *Person* has committed an anti-doping rule violation, the *Person* has taken concrete action demonstrating that the *Person* never intended to have *Possession* and has renounced *Possession* by explicitly declaring it to an *Anti-Doping Organization*. Notwithstanding anything to the contrary in this definition, the purchase (including by any electronic or other means) of a *Prohibited Substance* or *Prohibited Method* constitutes *Possession* by the *Person* who makes the purchase.⁷⁹

Prohibited List: The List identifying the *Prohibited Substances* and *Prohibited Methods*.

Prohibited Method: Any method so described on the *Prohibited List*.

Prohibited Substance: Any substance, or class of substances, so described on the *Prohibited List*.

Protected Person: An *Athlete* or other natural *Person* who at the time of the anti-doping rule violation: (i) has not reached the age of sixteen (16) years; (ii) has not reached the age of eighteen (18) years

⁷⁹ [Comment to *Possession*: Under this definition, anabolic steroids found in an *Athlete*'s car would constitute a violation unless the *Athlete* establishes that someone else used the car; in that event, FIP must establish that, even though the *Athlete* did not have exclusive control over the car, the *Athlete* knew about the anabolic steroids and intended to have control over them. Similarly, in the example of anabolic steroids found in a home medicine cabinet under the joint control of an *Athlete* and spouse, FIP must establish that the *Athlete* knew the anabolic steroids were in the cabinet and that the *Athlete* intended to exercise control over them. The act of purchasing a *Prohibited Substance* alone constitutes *Possession*, even where, for example, the product does not arrive, is received by someone else, or is sent to a third-party address.]

and is not included in any *Registered Testing Pool* and has never competed in any *International Event* in an open category; or (iii) for reasons other than age has been determined to lack legal capacity under applicable national legislation.⁸⁰

Provisional Hearing: For purposes of Article 7.4.3, an expedited abbreviated hearing occurring prior to a hearing under Article 8 that provides the *Athlete* with notice and an opportunity to be heard in either written or oral form.⁸¹

Provisional Suspension: See *Consequences of Anti-Doping Rule Violations* above.

Publicly Disclose: See *Consequences of Anti-Doping Rule Violations* above.

Recreational Athlete: A natural *Person* who is so defined by the relevant *National Anti-Doping Organization*; provided, however, the term shall not include any *Person* who, within the five (5) years prior to committing any anti-doping rule violation, has been an *International-Level Athlete* (as defined by each International Federation consistent with the *International Standard for Testing and Investigations*) or *National-Level Athlete* (as defined by each *National Anti-Doping Organization* consistent with the *International Standard for Testing and Investigations*), has represented any country in an *International Event* in an open category or has been included within any *Registered Testing Pool* or other whereabouts information pool maintained by any International Federation or *National Anti-Doping Organization*.⁸²

Regional Anti-Doping Organization: A regional entity designated by member countries to coordinate and manage delegated areas of their national anti-doping programs, which may include the adoption and implementation of anti-doping rules, the planning and collection of *Samples*, the management of results, the review of *TUEs*, the conduct of hearings, and the conduct of *Educational* programs at a regional level.

Registered Testing Pool: The pool of highest-priority *Athletes* established separately at the international level by International Federations and at the national level by *National Anti-Doping Organizations*, who are subject to focused *In-Competition* and *Out-of-Competition Testing* as part of that International Federation's or *National Anti-Doping Organization's* test distribution plan and therefore are required to provide whereabouts information as provided in Article 5.5 and the *International Standard for Testing and Investigations*.

⁸⁰ [Comment to *Protected Person*: The Code treats *Protected Persons* differently than other *Athletes* or *Persons* in certain circumstances based on the understanding that, below a certain age or intellectual capacity, an *Athlete* or other *Person* may not possess the mental capacity to understand and appreciate the prohibitions against conduct contained in the Code. This would include, for example, a *Paralympic Athlete* with a documented lack of legal capacity due to an intellectual impairment. The term "open category" is meant to exclude competition that is limited to junior or age group categories.]

⁸¹ [Comment to *Provisional Hearing*: A *Provisional Hearing* is only a preliminary proceeding which may not involve a full review of the facts of the case. Following a *Provisional Hearing*, the *Athlete* remains entitled to a subsequent full hearing on the merits of the case. By contrast, an "expedited hearing", as that term is used in Article 7.4.3, is a full hearing on the merits conducted on an expedited time schedule.]

⁸² [Comment to *Recreational Athlete*: The term "open category" is meant to exclude competition that is limited to junior or age group categories.]

Results Management: The process encompassing the timeframe between notification as per Article 5 of the *International Standard for Results Management*, or in certain cases (e.g., *Atypical Finding*, *Athlete Biological Passport*, whereabouts failure), such pre-notification steps expressly provided for in Article 5 of the *International Standard for Results Management*, through the charge until the final resolution of the matter, including the end of the hearing process at first instance or on appeal (if an appeal was lodged).

Sample or Specimen: Any biological material collected for the purposes of *Doping Control*.⁸³

Signatories: Those entities accepting the *Code* and agreeing to implement the *Code*, as provided in Article 23 of the *Code*.

Specified Method: See Article 4.2.2.

Specified Substance: See Article 4.2.2.

Strict Liability: The rule which provides that under Article 2.1 and Article 2.2, it is not necessary that intent, *Fault*, *Negligence*, or knowing *Use* on the *Athlete's* part be demonstrated by the *Anti-Doping Organization* in order to establish an anti-doping rule violation.

Substance of Abuse: See Article 4.2.3.

Substantial Assistance: For purposes of Article 10.7.1, a *Person* providing *Substantial Assistance* must: (1) fully disclose in a signed written statement or recorded interview all information he or she possesses in relation to anti-doping rule violations or other proceeding described in Article 10.7.1.1, and (2) fully cooperate with the investigation and adjudication of any case or matter related to that information, including, for example, presenting testimony at a hearing if requested to do so by an *Anti-Doping Organization* or hearing panel. Further, the information provided must be credible and must comprise an important part of any case or proceeding which is initiated or, if no case or proceeding is initiated, must have provided a sufficient basis on which a case or proceeding could have been brought.

Tampering: Intentional conduct which subverts the *Doping Control* process but which would not otherwise be included in the definition of *Prohibited Methods*. *Tampering* shall include, without limitation, offering or accepting a bribe to perform or fail to perform an act, preventing the collection of a *Sample*, affecting or making impossible the analysis of a *Sample*, falsifying documents submitted to an *Anti-Doping Organization* or *TUE* committee or hearing panel, procuring false testimony from witnesses, committing any other fraudulent act upon the *Anti-Doping Organization* or hearing body to affect *Results Management* or the imposition of *Consequences*, and any other similar intentional interference or *Attempted* interference with any aspect of *Doping Control*.⁸⁴

⁸³ [Comment to *Sample or Specimen*: It has sometimes been claimed that the collection of blood *Samples* violates the tenets of certain religious or cultural groups. It has been determined that there is no basis for any such claim.]

⁸⁴ [Comment to *Tampering*: For example, this Article would prohibit altering identification numbers on a *Doping Control* form during *Testing*, breaking the *B* bottle at the time of *B Sample* analysis, altering a *Sample* by the addition of a foreign substance, or intimidating or attempting to intimidate a potential witness or a witness who has provided testimony or information in the *Doping*

Target Testing: Selection of specific *Athletes* for *Testing* based on criteria set forth in the *International Standard for Testing and Investigations*.

Team Sport: A sport in which the substitution of players is permitted during a *Competition*.

Technical Document: A document adopted and published by WADA from time to time containing mandatory technical requirements on specific anti-doping topics as set forth in an *International Standard*.

Testing: The parts of the *Doping Control* process involving test distribution planning, *Sample* collection, *Sample* handling, and *Sample* transport to the laboratory.

Testing Pool: The tier below the *Registered Testing Pool* which includes *Athletes* from whom some whereabouts information is required in order to locate and *Test* the *Athlete Out-of-Competition*.

Therapeutic Use Exemption (TUE): [A Therapeutic Use Exemption allows an Athlete with a medical condition to Use a Prohibited Substance or Prohibited Method, but only if the conditions set out in Article 4.4 and the International Standard for Therapeutic Use Exemptions are met.](#)

Trafficking: Selling, giving, transporting, sending, delivering or distributing (or *Possessing* for any such purpose) a *Prohibited Substance* or *Prohibited Method* (either physically or by any electronic or other means) by an *Athlete*, *Athlete Support Person* or any other *Person* subject to the authority of an *Anti-Doping Organization* to any third party; provided, however, this definition shall not include the actions of bona fide medical personnel involving a *Prohibited Substance Used* for genuine and legal therapeutic purposes or other acceptable justification, and shall not include actions involving *Prohibited Substances* which are not prohibited in *Out-of-Competition Testing* unless the circumstances as a whole demonstrate such *Prohibited Substances* are not intended for genuine and legal therapeutic purposes or are intended to enhance sport performance.

UNESCO Convention: The International Convention against Doping in Sport adopted by the 33rd session of the UNESCO General Conference on 19 October 2005 including any and all amendments adopted by the States Parties to the Convention and the Conference of Parties to the International Convention against Doping in Sport.

Use: The utilization, application, ingestion, injection or consumption by any means whatsoever of any *Prohibited Substance* or *Prohibited Method*.

WADA: The World Anti-Doping Agency.

Control process. Tampering includes misconduct which occurs during the Results Management process. See Article 10.9.3.3. However, actions taken as part of a Person's legitimate defense to an anti-doping rule violation charge shall not be considered Tampering. Offensive conduct towards a Doping Control official or other Person involved in Doping Control which does not otherwise constitute Tampering shall be addressed in the disciplinary rules of sport organizations.]

Without Prejudice Agreement: For purposes of Articles 10.7.1.1 and 10.8.2, a written agreement between an *Anti-Doping Organization* and an *Athlete* or other *Person* that allows the *Athlete* or other *Person* to provide information to the *Anti-Doping Organization* in a defined time-limited setting with the understanding that, if an agreement for *Substantial Assistance* or a case resolution agreement is not finalized, the information provided by the *Athlete* or other *Person* in this particular setting may not be used by the *Anti-Doping Organization* against the *Athlete* or other *Person* in any *Results Management* proceeding under the *Code*, and that the information provided by the *Anti-Doping Organization* in this particular setting may not be used by the *Athlete* or other *Person* against the *Anti-Doping Organization* in any *Results Management* proceeding under the *Code*. Such an agreement shall not preclude the *Anti-Doping Organization, Athlete* or other *Person* from using any information or evidence gathered from any source other than during the specific time-limited setting described in the agreement.
